1. CHAPTER-1 - INTRODUCTION

1.1. Background

1.1.1. The Airports Authority of India (the “Authority”) is engaged in the development, operations and maintenance of airports in India. To provide enhanced facilities for the Airport Users, the Authority intends to grant the Concession to design, fit-out, finance, develop, market, operate, maintain and manage the retail outlets at the Concessioned Premises in the Birsa Munda Airport. Towards this endeavour, the Authority has decided to carry out a competitive bidding process for selection of a Bidder to whom the Concession may be awarded.

1.1.2. Brief particulars of the Concession are as follows:

Name of the Concession	Term of Concession	Gross Floor Area of Outlets	Minimum Guarantee per Passenger (MG per PAX) (Rs.)	Type of Concession
Concession to design, fit-out, finance, develop, market, operate, maintain and manage the retail outlets at the Birsa Munda Airport, Ranchi.	Seven (07) Years	390 square meters	Rs. 14/- (Rupees Fourteen only)	Quoted Annual Guarantee (QAG) or Progressive Revenue Share, whichever is higher

1.1.3. The Authority intends to qualify and shortlist eligible Bidders who have the Technical Capacity and Financial Capacity as specified in Clause 3.3.4 of this RFP (the Qualified Bidders). The Financial Bids of only the Qualified Bidders will be evaluated. The Bidder to whom the Concession is awarded (“Selected Bidder”) shall incorporate an SPV under the (Indian) Companies Act, 2013 if it is constituted of a consortium. The Selected Bidder, or its aforesaid SPV, (the “Concessionaire”) shall execute the Concession Agreement with the Authority in the form provided as part of the Bidding Documents pursuant hereto. The Concessionaire shall be responsible for implementing the Concession in accordance with the Concession Agreement to be entered into between the Concessionaire and Authority in the form provided as part of the Bidding Documents pursuant hereto. The draft Concession Agreement sets forth the detailed terms and conditions for implementation of the Concession including the rights and obligations of the Authority and the Concessionaire in respect of the Concession.

1.1.4. The scope of Concession would broadly include designing and construction of Concessioned Premises at designated locations at the Airport and the operation, management and maintenance thereof.

1.1.5. The Concessionaire will have to operate the Concession for a minimum period of 3.5 (three and a half) years (“Minimum Lock in Period”), failing which the Bidder shall be liable to be debarred for a period of three (3) years or as may be decided by the Authority from participating in any bidding process of the Authority. Apart from the debarring process, the Authority shall be entitled to forfeit and appropriate the Security Deposit.

1.1.6. **NON-EXCLUSIVE CONCESSION** - Concessionaire will have a non-exclusive right, privilege, and obligation to operate and manage a retail concession for the sale of retail

products and services in and from the Concessioned Premises. At any time during the Concession Term, Airport may enter into other agreements with other concessionaires for the operation of retail concessions similar to those of Concessionaire or any format. It is understood and agreed that nothing in the RFP or the Concession Agreement is to be construed to grant or authorize the granting of an exclusive right to an individual Concessionaire.

- 1.1.7. Subject to the provisions of the draft Concession Agreement, the Concessionaire shall have the right of first refusal to any additional space offered by Authority, not exceeding 25% of the original allotted space subject to proportionate increase in QMG and QAG on pro-rata basis [Illustration given in Schedule N]. In case the Concessionaire does not agree to take this additional space i.e. not exceeding 25% of the original allotted with proportionate increase, or where additional space is in excess of 25% of original allotted space, the Authority shall call a tender and the Concessionaire may participate. However, if the difference between the financial quote of the H-1 bidder and the Concessionaire, in case the Concessionaire participated, is up to or equal to 10% of the H-1 quote, the award shall be made to the Concessionaire at the H-1 quoted amount provided that the Concessionaire matches the financial quote of the H-1 bidder subject to the terms and conditions of the said tender. However, if the Concessionaire refuses to match the financial quote of the H-1 bidder, or the difference between the financial quote of the H-1 bidder and that of the Concessionaire is greater than 10% of the H-1 quote, then the award shall be made to the H-1 bidder subject to the terms and conditions of the said tender. If the Concessionaire does not participate in the said tender, then the Concessionaire's right of first refusal shall be deemed to be waived.
- 1.1.8. If the Concessionaire takes the additional space, whether by exercising its right of first refusal or by succeeding in a tender called by the Authority as per Clause 2.6.1 of the draft Concession Agreement, the said additional space shall be referred to as **“Additional Concessioned Premises”**.
- 1.1.9. For any Additional Concessioned Premises provided to the Concessionaire in any Concession Year, the Security Deposit shall also be pro-rated based on the area provided.
- 1.1.10. If Additional Concessioned Premises are provided to the Concessionaire multiple times, then the total area, cumulated over all the instances of provision of Additional Concessioned Premises to the Concessionaire, shall be considered in determining the applicability of the aforementioned criteria to undertake any subsequent bidding of further additional spaces.
- 1.1.11. Furthermore, the Concessionaire may request the Authority in writing to provide additional areas. The Authority may provide such areas at its sole discretion. If provided, such areas shall also constitute Additional Concessioned Premises and be governed by all the provisions of the draft Concession Agreement dealing with Additional Concessioned Premises. Provided further that in such a scenario if the area of SHA of Additional Concessioned Premises is greater than ten percent (10%) of the area of SHA of original Concessioned Premises, then a further premium of twenty percent (20%) shall be applicable on the additional SHA area.
- 1.1.12. It may further be noted that this tender does not offer exclusive rights on following categories: Chocolates /confectionary/bottled water /canned beverage and packed sealed snacks to retail licenses. These categories may also be sold by F&B and other licensees at the Airport. The Authority will not consider any claim / relief in relation to these categories whatsoever.
- 1.1.13. The Concessionaire agrees and undertakes that the Concession Fee to be paid for each Month under this Agreement shall be the Quoted Monthly Guarantee (QMG) or the Base Revenue Share for the Month, whichever is higher.

At the end of each Concession Year, the Actual Total Passenger Traffic for a particular Concession Year is to be compared with the Projected Passenger Traffic for that Concession Year to determine the applicable slab of Progressive Revenue Share Percentage. Accordingly, Quoted Annual Guarantee (QAG) and Progressive Revenue Share shall be determined to arrive at Annual Concession Fees for a particular Concession Year. Higher of Quoted Annual Guarantee (QAG) or Progressive Revenue Share shall be Annual Concession Fees for a particular Concession Year.

If the sum total of Monthly Concession Fee billed in each Month for a particular Concession Year is lower than the Annual Concession Fee, then the Concessionaire shall pay the differential amount within seven days of such notification by the Authority.

If the sum total of Monthly Concession Fee billed in each Month for a particular Concession Year is higher than the Annual Concession Fee, then the differential amount shall be adjusted/set-off against the next payment(s) to be made by the Concessionaire.

The Quoted Guarantee per Passenger (QG per PAX) is subject to annual escalation at the rate of 5%. In this regard, following is clarified:

- i. For the first Concession Year, QG per PAX shall be the guaranteed amount per domestic passenger quoted by the Selected Bidder. For the first Concession Year, two times of QG per PAX shall be guaranteed amount per international passenger.
 - ii. For the second Concession Year, QG per PAX shall be the guaranteed amount per domestic PAX quoted by the Selected Bidder plus annual escalation thereon. For the second Concession Year, two times of QG per PAX shall be guaranteed amount per international passenger.

These guidelines cover the two key components of design – aesthetics, and functionality.

They have been developed with the following objectives in mind:

- a) Traveler experience
- b) Traveler convenience
- c) Safety
- d) Maintainability
- e) Energy efficiency
- f) Innovation

If compliance with a guideline leads to a situation of conflicting objectives, passenger safety shall hold priority. However, in such compliance with these guidelines, there should not be an inordinate cost implication on the Concessionaire.

These guidelines have been prepared with extensive reference to the best practices adopted in a number of international airports. These guidelines prescribe the bare minimum requirements. The Concessionaire is also expected to follow Good Industry Practices and be governed by all Applicable Laws and regulations. The Applicable Laws and regulations shall hold priority in case of a conflict between the guidelines and the laws/regulations.

Aesthetics

For the development of Concessioned Premises at the Airport, the Concessionaire should derive aesthetic influence at two levels:

Catchment level – The Airport within the catchment area - *regional awareness*

In designing the overall composition of their commercial facilities, the Concessionaire is encouraged to understand and embrace the qualities of the catchment areas that define its character, including those related to the local culture and arts. Incorporating these unique traits aligns with the “sense of place” design philosophy, a core tenet of commercial design at airports.

Airport level – A cohesive offering at the Airport - *integration*

Commercial facilities at an airport should harmoniously integrate with its surroundings. The Concessionaire should be guided by the following principles in designing the Concessioned Premises -

- a) Responsive to traveler needs: Aesthetically enhance the quality of the traveler experience
- b) Open and engaging: Form an inspiring and visually engaging environment to promote vibrant commercial activity at the airport
- c) Forward-looking: Convey a progressive image appropriate to the evolving nature of air travel and the innovative spirit of India
- d) Consistent and frictionless appeal: Consistent with the facility’s immediate surroundings.

Functionality - Design and Quality standards

These guidelines relate to quality standards and design aesthetics. The design and quality standards are guiding in nature for most parts. As applicable, they establish the minimum acceptable standards of design and materials for the physical components of commercial spaces.

The guidelines are divided into the following two categories:

- a) General guidelines applicable to all commercial facilities
- b) Retail-specific guidelines
