## Tender Details

Northern Beaches Council has requested a quote from SCS for the construction of a Sea wall at Wetherill Street carpark. This seawall includes concrete piling and other concrete works. Due to coastal erosion, these works form part of a sequence of work to protect the Council land adjacent to the Narrabeen Collaroy Beach. Northern Beaches Council have commissioned the investigation and design for the Seawall and Rock revetment structure. The Wetherill Street project requires SCS to coordinate the construction of a concrete wall. Due to the difficult and specialised nature of the work, careful planning and expertise are required. Delivery is expected within the first quarter of the 22/23 financial year.

## Location

**NSW Regions:** Northern Sydney

## RFT Type

Open Tenders - An invitation to tender by public advertisement with no restriction placed on who may tender. Tenderers will normally be required to demonstrate in their tender that they have the necessary skills, resources, experience, financial capacity, and in some cases licences, accreditations, etc., to fulfil the tender requirements.

## Multi Agency Access
