Overview

A suitable Supplier to provide orthotic advice and direction to doctors and specialists out of working hours for acute patients and also during planned and unplanned leave of staff.

A Supplier who can provide an orthotist at times during planned and unplanned leave.

A supplier able to operate and provide services to our population/tangata whenua.

You will incorporate a preventative approach through effective provision of orthotic care to meet the growing challenge of an ageing population and increasing health needs associated with clinical conditions including, but not limited to peripheral vascular disease, stroke and diabetes whilst also servicing the disability sector which encompasses lifelong complications such as cerebral palsy, genetic conditions and developmental disorders.
