Overview

- Nature of the Works – single storey timber framed classroom, with steel portal frames and a pitched (gable) roof, timber decks to the sides and front facing North towards block A. The room will connect via large door opening to the existing room 11 to form a QLE pair of rooms (the opening to be made under the separate contract works for the relocation of rooms 14 and 15 (block F). The room is to be connected to the existing school infrastructure for all services. There is to be no sink or water service to this room, the sink bench is in the adjoining room 11.
- The works also includes the removal of the existing shade sails and bench seating in the courtyard area and re alignment of the existing school storm water infrastructure to avoid the foundations and sub floor of the new room.
