

Provision of Remote Monitored CCTV Security Systems

Detailed description:

The provision of a facility to remotely monitor, where applicable, all intruder alarms and CCTV surveillance systems for the school/centre locations outlined in this RFT. There is also a requirement to provide a standalone broadband line with separate 4G backup at each school/centre location. The winning tenderer must be a single service provider which can design, install, monitor, maintain and manage a bespoke, event driven CCTV security system at relevant existing and future educational facility locations.
