Title

Programme Manager for the Green Gateway – Greening Financial Systems Technical Assistance Programme

Description

The contracting authority intends to select a programme manager to coordinate the Greening Financial Systems (GFS) programme. The overall objective of the GFS programme is to promote net zero and climate-resilient financial systems that ultimately will support the private sector in deploying climate-related and environmentally sustainable investments. This will be done by providing capacity building and support to central banks and supervisors introducing best lending practices related to green financing in terms of procedures, processes and products available to financial intermediaries. The programme manager will coordinate the programme management team ('PMT') of the GFS programme, also including a network of EIB experts. The PMT will oversee the GFS programme and will be responsible for a number of transversal activities. The overall objective of the programme manager is to coordinate the programme efficiently and effectively according to EIB and the IKI fund procedures.
