

Technical Advisor – Child Protection & Participation (CP&P)

Location: [Asia & Pacific] [Sri Lanka]

Town/City: Colombo - 09

Category: Child Development

Job Type: Fixed term, Full-time

World Vision is a Christian relief, development and advocacy organisation working with children, families and communities to overcome poverty and injustice. World Vision is dedicated to working with the world's most vulnerable people regardless of their religion, caste, gender or ethnicity. World Vision has been in Sri Lanka since 1977 and currently works through 34 development and relief programmes in 16 Districts across the country.

At World Vision we are passionate about children and committed to bringing fullness of life to the most vulnerable and disadvantaged. Every day for forty years, that is what our team at World Vision has been doing.

We are currently looking for dynamic & creative individuals to join us in our journey of caring.

Technical Advisor – Child Protection & Participation (CP&P)

Location – National Office, Colombo.

Job Profile

The purpose of this position will be to provide advice in defining and achieving World Vision Lanka (WVL)'s sector objectives. This position is also responsible for leading technical design processes, maintaining up to date knowledge of sector trends, strategic networking, and

supporting positioning with corporate and institutional donors for coordination learning and advocacy.

Major Responsibilities

- Contribute to the formulation and revision of the organizational strategy to ensure the sector priorities are reflected within the national strategy.
- Provide direction to design and review End Violence Against Children (EVAC) campaign in alignment with identified Child Protection thematic area.
- Set strategic level key performance indicators of the sector and drive the process of achieving, monitor and report at the end of the year.
- Provide direction and guidance to ensure Child and Adult Safeguarding policy of WV is implemented.
- Provide technical guideline at national and field level to ensure programmes adapt appropriate technologies, project models and approaches to achieve Technical Programme (TP)/ project targets.
- Conduct field visits to monitor the quality of the technical programming and provide solutions and recommendation for the identified gaps.
- Timely submission of monthly and TP Annual reports as per the internal reporting schedule.
- Provide guidance/Advice to the field Team in developing Annual and Semiannual reports, Annual budgeting and planning and review sample reports of each Region and provide recommendations for improvement.
- Actively and professionally represent WV at technical forums, working groups, and

consultative sessions, with peers, donors and government to better positioning of WV in the development field.

- Support to develop the capacities of the partners.
- Initiate / identify funding opportunities and link with International Resource Development & Management and National Resource Development departments for developing Concept notes and Proposals.
- Maintain Sector specific evidenced based learning, good practices to be shared with Donors, Government and other development Agencies, Resource acquisition Teams etc.

Required qualifications, experience & competencies

- At least 8 years' experience in development sector with 5 years' in Child Protection and Participation sector.
- Understanding of child protection systems in Sri Lankan education and life skills sector.
- Minimum of three years' experience in leading and managing teams.
- Master's degree on any social science stream with post graduate qualifications on child rights and child psychology or Bachelor's degree on any social science stream with minimum of 5 years' experience directly working on the child protection sector.
- Extensive knowledge on national and provincial policies and national and international trends implementing Child Protection and Participation programs integrating with other sectors in developing countries, experience in INGOs preferred.
- Research and advocacy skills/training.

- Excellent interpersonal, representational and networking skills.
- Good knowledge in project logic and design.
- Training/knowledge/experience on cross cutting sectors; Gender, Disability, Peacebuilding, Environment, Disaster Risk Reduction (DRR) and Climate change.
- Excellent oral and written communication skills in English and other local languages.

The position requires ability and willingness to travel domestically and internationally up to 40 % of the time.

World Vision Lanka offers a competitive remuneration package based on individual competence and skills. If you meet the required criteria and wish to apply for this or any of the available vacancies, select the position you wish to apply for & submit your **on-line application** with your CV and details of three non-related referees on or before the given closing date.
