General Guidelines

AIRPORTS AUTHORITY OF INDIA GAYA AIRPORT, GAYA

General Guidelines

Name of Work: "Face up Lifting of Main Entry Gate of Airport at Gaya Airport, Gaya."

First Important Step to Bidder for e-tender:

(CPP e-Procurement portal reference: https://etenders.gov.in/eprocure/app)

Bidders have to read the instructions to the bidders given in the e-tender portal of CPP and take immediate steps to:

- a) Register for bid to participate in tendering.
- b) Obtain digital signature well in advance which takes minimum 24 to 30 hours.
- c) Make sure availability of all required software in your PC as instructed under bidder's instruction head of e-procurement portal of CPP.

Correspondence on tender documents:

a) <u>**Tender Document:**</u>-The prospective bidder shall download the tender documents on-line from CPP's e-Procurement portal and upload digitally signed entire tender document on CPP e-tender portal. Besides, whenever tenderer signatures are earmarked in the tender documents shall put his signature and upload scan copies of the same.

b) **Amendment to Tender Document:** -At any time, prior to scheduled last date of submission of bids, AAI if it deems appropriate to revise any part of this tender or to issue additional date to clarify the interpretation of provisions of this tender, it may issue addendum/corrigendum to this tender. Any such Addendum/ Corrigendum shall be deemed to be incorporated by this reference into this tender and binding on the bidders. Addendum/Corrigendum will be notified through CPP's Website/Portal only.

c) <u>**Clarifications of Tender Document</u></u>: -Bidder, requiring any clarifications of the tender document, may submit their queries, if any, through provision of CPP's Website/Portal as per the critical dates given on Notice Inviting E-Tender. Replies to queries by AAI will be uploaded through CPP's e-Procurement portal. The bidders are advised to visit CPP's Website/Portal regularly.</u>**

d) No correspondence shall be entertained from the tenderer after opening of tenders, other than asked by AAI for any clarifications if required.

Notice Inviting Tender

No. AAI/GY/AGM(E-C)/Faceup/22

Dt. 01.06.2022

NOTICE INVITING E- TENDER (e-NIT) (2 BOT- 2 Envelope Open Tender) TENDER ID: 2022_AAI_117805_1

Bid containing following:

A. Tender processing fee, EMD: -

- i) Scanned copy of online generated receipt against Tender Processing Fees.
- ii) Scanned copy of online generated receipt against EMD.

B. Technical Bid containing the following: -

- i) Scanned copy of Unconditional Acceptance of AAI's Tender Conditions. (As per Annexure-1)
- ii) Scanned copy of Permanent Account Number (PAN) and GST Registration Number along with undertaking as per Annexure-6, at Page no. PR-9.
- iii) Scanned copy of 'Undertaking' regarding Blacklisting / Debarment on Company's Letter head. (As per Annexure-7)
- iv) Scanned copy of Affidavit for Minimum wages on Rs.100/- Stamp Paper as per Annexure-5 at Page no. PR-8.
- v) Tenderer should deploy sufficient plant and machinery as per the requirement of work in Consultation with the Engineer-in-charge (EIC) to achieve the milestones/ targets and overall completion within the time period. Tenderer shall submit scanned copy of 'Undertaking' on Company's Letter Head. (As per Annexure-11)

vi) Companies other than proprietary firm shall submit, scanned copy of Authorization Letter / Power of Attorney along with copy of Certificate of Incorporation of the Company under Companies Act showing CIN/LLPIN/ Name of Directors of the Company & Copy of Board Resolution regarding Authority to assign Power of Attorney.

Proprietary firm shall submit scanned copy of Authorization Letter / Power of Attorney only if the tender is processed by a person other than proprietor.

- vii) PQ Performa duly filled.
- viii)Digitally signed Tender Document should be submitted as per Annexure-16 at Page no. PR-25.

C. Qualifying requirements of contractors/tenderers containing the following: -

i. Should have satisfactorily completed (# Phase/ Part completion of the scope of work in a contract shall not be considered, however pre-determined phasing of the work will be accepted) three works, each of **Rs. 27.66 Lakhs** or two works, each of **Rs. 34.57 Lakhs** or one work of **Rs. 55.31 Lakhs** in a single contract of similar nature of works i.e. **Building work including civil and associated work**, during last seven years ending on last date (extended date if any) of submission of bid (excluding GST).

"The value of executed works shall be brought to current costing level by enhancing the actual value of work at simple rate of 7% per annum, calculated from the date of completion to the last date of submission of bid".

Note: The experience certificates of works completed pre-GST era, completion amount will be divided by 1.12 (to exclude pre-GST tax of VAT 12%) to make it at par with experience certificates of post GST era but excluding GST.

Client certificate for experience should show the nature of work done, the value of work date of start, date of completion as per agreement, actual date of completion and satisfactory completion of work. Tenderers showing work experience certificate from non-government / non-PSU organizations should submit copy of tax deduction at sources (TDS) certificate(s) along with a certificate issued by registered Chartered Accountant and having UDIN, clearly specifying the name of work, total payment received against the work and TDS amount for the work.

- ii. Should have UDIN generated annualized average **financial turnover** of **Rs. 20.74 Lakhs** against work executed during last three years ending 31st March of the previous financial year. As a proof, UDIN generated copy of Abridged Balance sheet along with Profit and Loss Account Statement of the tenderer should be submitted along with the application. Tenderers showing continuous losses during the last threeyears in the balance sheet shall be summarily rejected.
- iii. The tenderer should have a minimum net worth of **Rs. 10.37 Lakhs** issued by certified Chartered Accountants and having UDIN. (As per Annexure XII).

Scanned copy of all the Documents of Envelope-I mentioned above shall be submitted on the CPP portal. Original/Hard Copies of Challan against Tender processing fee and Challan/BG against EMD is required to be submitted /sent to the Bid Manager on or before date & time mentioned in critical DATA SHEET. The tenderer, whose Challan against tender processing fee and challan/original BG against EMD are not received by the date & time mentioned in critical data sheet, then their tenders will be liable to be rejected. Any postal delay will not be entertained.

EMD of the value of **Rs. 1,38,283/-** shall be accepted online

Refund of EMD

The refund of EMD to tenderers who fail to qualify in the eligibility/technical criteria, shall be initiated within 7 days of their rejection. For all tenderers who qualify and their financial bids are opened, the refund of EMD of all such tenderers except L-1 shall be processed within 7 days of the financial bid.

Envelope-II : - The Financial e- Bid through CPP portal.

All rates shall be quoted in the format provided and no other format is acceptable. If the price bid has been given as a standard BOQ format with the tender document, then the same is to be downloaded and to be filled by all the tenderers. Tenderers are required to download the BOQ file, open it and complete the blue coloured (unprotected) cells with their respective financial quotes and other details (such as name of the tenderer). No other cells should be changed. Once the details have been completed, the tenderer should save it and submit it online, without changing the file name. If the BOQ file is found to be modifed by the tenderer, the bid will be rejected.

3. Bid Submission: -

The tenderer shall submit their application only at CPP Portal: <u>https://etenders.gov.in/eprocure/app</u>. Tenderer/ Contractor are advised to follow the instructions provided in the tender document for online submission of bids. Tenderers are required to upload the digitally signed file of scanned document as per Para 2. Bid document s may be scanned with 100 dpi with Black and white option which helps in reducing size of the scanned document.

Uploading of application in location other than specified above shall not be considered. Hard copy of application shall not be entertained.

4. Not more than one tender shall be submitted by one tenderer or tenderers having business relationship. Under no circumstances will father and his son(s) or other close relations who have business relationship with one another (i.e. when one or more partner (s) / director(s) are common) be allowed to tender for the same contract as separate competitors. A breach of this condition will render the tenders of both parties liable to rejection.

5. Tenderer who has downloaded the tender from Central Public Procurement Portal (CPPP) website http://etenders.gov.in/eprocure/app, shall not tamper/ modify the tender form including downloaded price bid template in any manner. In case if the same is found to be tampered/ modified in any manner, tender will be completely rejected and EMD would be forfeited and tenderer is liable to be banned from doing business with AAI.

6. Bids Opening Process is as below: -

Envelope-I

(Tender Processing Fee, EMD, Technical Bid and Pre-qualification):

Envelope-I containing documents as per para 2 (A), (B) and (C) (uploaded by the tenderer) shall be opened on date & time mentioned in CRITICAL DATA SHEET.

If the bidder has any query related to the Bid Document of the work, they should use 'seek clarification' on CPP portal to seek clarifications. No other means of communication in this regard shall be entertained.

If any clarification is needed from the tenderer about the deficiency in his uploaded documents in Envelope –I, he will be asked to provide it through CPP Portal or email if required. The tenderer shall upload the requisite clarification / documents within time specified by AAI failing which it shall be presumed that bidder does not have anything to submit and bid shall be evaluated accordingly.

The intimation regarding acceptance /rejection of their bids will be intimated to the tenderers through CPP portal.

Envelope – II (Financial Bid):

Envelope-II containing financial bid of the tenderers found to be meeting the technical criteria and qualifying requirements shall be opened on date & time mentioned in CRITICAL DATA SHEET. (In case the date and time for opening of Envelope-II (financial bid) is required to be changed, the same shall be intimated through CPP Portal).

- 7. AAI reserves the right to accept or reject any or all applications without assigning any reasons. AAI also reserves the right to call off tender process at any stage without assigning any reason.
- 8. AAI reserves the right to disallow the working agencies whose performances at ongoing project(s) is below par and usually poor and has been issued letter of restrain / Temporary / Permanent debarment /black listing by any department of AAI or Central / State Govt. Depts./ PSUs/World Bank/ ADB etc. AAI reserves the right to verify the credential submitted by the tenderer at any stage (before or after the award the work). If at any stage, any information/documents submitted by the applicant are found to be incorrect / false or have some discrepancy which disqualifies the firm then AAI shall take the following action.
 - a) Forfeit the entire amount of EMD submitted by the tenderer.
 - b) The tenderer shall be liable for debarment from tendering in AAI including termination of the contract apart from any other appropriate contractual / legal action.
- 9. Consortium/Joint Ventures companies shall not be permitted.
- 10. Purchase preference to Central Public Sector Undertaking shall be applicable as per the directive of Govt. of India prevalent on the date of acceptance.
- 11. Concession to Indian, Micro & Small Enterprises (MSEs) units registered with DIC/NSIC/KVIC/Directorate of Handicraft and Handloom etc., to be given as per the provision of public Procurement Policy for MSEs order 2012 with up to date amendments, shall be applicable for tenders of supply/services and shall not be extended to construction work.

12. "Tenderers have to submit UDIN generated documents like Balance Sheet/Turnover certificate, Working Capital Certificate (works done during last 5 financial years & works in hand), Net worth Certificate, Tax Deduction at Source (TDS) Certificates for Non- Govt. works etc. as per NIT conditions duly certified by CA and having UDIN. The documents submitted by bidders without UDIN shall not be entertained."

> Sd/-Asst. General Manager (Engg-C) AAI, GAYA Airport, GAYA (For and on Behalf of Chairman, AAI)

Instruction for online bid submission

Annexure-AA

Instructions for Online Bid Submission

The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

More information useful for submitting online bids on the CPP Portal may be obtained at: <u>http://etenders.gov.in/eprocure/app</u>.

REGISTRATION

- Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL:<u>http://etenders.gov.in/eprocure/app</u>) by clicking on the link "Online bidder Enrollment" on the CPP Portal which is free of charge.
- 2) As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- 3) Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
- 4) Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / nCode / eMudhra etc.), with their profile.
- 5) Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSC's to others which may lead to misuse.
- 6) Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC /e-Token.

SEARCHING FOR TENDER DOCUMENTS

 There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as Organization Name, Form of Contract, Location, Date, Other keywords etc. to search for a tender published on the CPP Portal.

- 2) Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
- 3) The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

PREPARATION OF BIDS

- 1) Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- 2) Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of Envelopes in which the bid documents have to be submitted, the number of documents including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- 3) Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF/JPG formats. Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.
- 4) To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use "My Space" or "Other Important Documents" area available to them to upload such documents. These documents may be directly submitted from the "My Space" area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.

SUBMISSION OF BIDS

- 1) Bidder should log into the site well in advance for bid submission so that they can upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- 2) The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
- 3) Bidder has to select the payment option as "online" to pay the tender fee / EMD as applicable and enter details of the instrument.
- 4) Bidder should prepare the EMD as per the instructions specified in the tender document. The original should be posted/couriered/given in person to the concerned official,latest by the last date of bid submission or as specified in the tender documents,the details of BG/any other accepted instrument physically sent should tally with the details available in the scanned copy and the data entered during bid submission time, otherwise the uploaded bid will be rejected.

(C-NIL I-NIL O-NIL)

- 5) Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. If the price bid has been given as a standard BOQ format with the tender document, then the same is to be downloaded and to be filled by all the bidders. Bidders are required to download the BOQ file, open it and complete the white coloured (unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BOQ file is found to be modified by the bidder, the bid will be rejected.
- 6) The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.
- 7) All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128 bit encryption technology. Data storage encryption of sensitive fields is done. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid opener's public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized bid openers.
- 8) The uploaded tender documents become readable only after the tender opening by the authorized bid openers.
- 9) Upon the successful and timely submission of bids (ie after Clicking "Freeze Bid Submission" in the portal), the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.
- 10) The bid summary has to be printed and kept as an acknowledgement of the submission of the bid. This acknowledgement may be used as an entry pass for any bid opening meetings.

ASSISTANCE TO BIDDERS

- Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.
- 2) Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk.

Standard Operating Procedure

<u>for</u>

Online payment, refund and settlement of EMD and Tender Fee through CPP Portal

e-Tendering brings in economy, efficiency and transparency in the procurement of goods, works and services. CVC are inclined to force implementation of e-Tendering in all Govt. departments & PSUs. Online payment gateway for payment, refund and settlement of EMD and Tender Fee is part of the implementation of e-Tendering system i.e. CPPP https://etenders.gov.in.

Stakeholders:

- 1. Tender Floating Department: Airports Authority of India (AAI)
- 2. **The Technical Service Providers (TSP)** NIC to facilitate CPP Portal with entire back end process and providing technical support to the Government Dept.
- 3. **Bank** AAI has authorized State Bank of India as nodal bank provides payment gateway services and receives Tender fees and Earnest Money Deposits (EMDs) from various bidders participating in e- Tendering/ e-procurement process, holds the amount in Current/Savings Bank account till the time of finalization of tendering process. Bank will settle the Tender Fee of all bidders, Bank will refund EMD to unsuccessful bidders and the EMD of L 1 bidder will remain in the pooling account and after AOC completion on the portal, the L 1 bidders EMD amount will be refunded to their source account. This will be happened as per instruction received from TIA through online portal. Customized MIS will be provided to the Tender Floating Department i.e. AAI.
- 4. **The Bidders** The bidders are organizations/corporate/individuals who apply for the tender floated by the tender floating department and participate in the tendering process. Bidders are directly involved in making the use of this e-System for making payments and getting refunds into their accounts.

Eligibility (Prerequisite for e-Tendering)

- 1. Tender Inviting Authorities (TIA) & the bidders should enroll on CPP Portal https://etenders.gov.in to carry out the procurement activities.
- 2. Portal login will be through two factor authentication i.e. User id & password followed by the login through DSC.
 - TIA must have Digital Signature Certificate (DSC) with Signing and Encipherment feature
 - Bidders must have DSC with Signing feature

Bank Account Details

- a. Common Pooling A/C for EMD and Tender Fee Collection
- b. Tender Fee Settlement A/c for Settlement of Non-refundable Tender Fee amounts
- c. Forfeited EMD Settlement A/c for Settlement of forfeited EMD amounts

Payment gateway for End to End Procedures:

1. Collection Process:

a. Online collection of EMD and Tender Fee: As per current provision in the portal, TIA will allow the option of Online Mode for collection of EMD and Tender Fee while publishing tender, so that the bidders can deposit these fees through Net Banking (SBI and Other Banks) and NEFT/RTGS.

Annex- I

b. Collection of EMD through Bank Guarantee (BG): During the tender creation TIA will allow the option of "EMD through BG or EMD Exemption" so that bidders will be able to upload the copy of BG or Exemption certificate as per tender terms and condition.

Note: Keeping in the view of running tender status, the portal currently has both online and offline payment options for next few days, after which the offline mode will be disabled.

- 2. During the collection process the amount will be debited from the bidder account and credited to the collection pooling account of the AAI.
- 3. Till the tender opening all the collected amount will be residing in the collection pooling account of AAI.

4. Refund and Settlement process:

- a. **Step-I:** After opening the tender, bid submitted successfully along with the online payment, the tender fee settled to 'Tender Fee Settlement Account' and EMD amount will remain in 'Pooling Account'.
- b. **Step-II: On Technical Evaluation**: After submission of technical evaluation report on the CPP portal, the 'EMD of Technically Qualified bidders will remain in the pooling account' and EMD amount of rejected bidders will be refunded to their source account.
- c. **Step-III: On Financial Evaluation:** After submission of financial evaluation report on the CPP portal, the 'EMD of L1 bidder will remain in the pooling account' and EMD amount of rejected bidders will be refunded to their source account.
- d. **Step-IV: EMD Refund of L1:** After AOC completion on the portal, the L1 bidders EMD amount will be refunded to their source account and for this Bid managers are advised to complete the AOC process:
 - Only after receiving the PBG and its confirmation from the bank.
 - C
 - Adjustment of Security Deposit (SD) as per NIT Condition.

5. In the case of "Cancellation of tender" before opening and "Re-Tender":

- All the submitted amount will be refunded to the bidders.

6. In the case of "Cancellation of tender" after opening and "Re-Tender":

- The tender fee has already settled to the AAI's tender fee settlement account at the EoD of tender opening.
- Now only EMD residing in the collection pooling account, the EMD will be refunded to the bidders.

7. In case of 'Withdraw of bid' by the vendor:

- Procurement system allows the bidder to withdraw till the bid submission closing date, assume that the bidder has paid the amount and withdrawn the bid, eProcurement system will initiate the refund of EMD on the day of tender opening.

8. In case of Revocation Corrigendum:

- If TIA publishes revocation corrigendum to accept the rejected bidder than TIA must ask EMD again via offline mode before publishing the revocation corrigendum because EMD amount has already been refunded or refund initiated to the rejected bidders A/c.

(C-NIL I-NIL O- NIL)

9. Procedure for Forfeiture of EMD through CPP Portal:

Forfeiture activity can be performed at the time of rejection of the bidder.

Step I: Rejected the bidder during the Technical or Financial Evaluation process.Step II: On the same day, use the menu "Forfeiture Menu" to Forfeit the EMD.Step III: Select the tender and then the bidder to forfeit the EMDStep IV: At the end of the day System will settle the Forfeited EMD to "Forfeited EMD Settlement A/c"

Note: Forfeiture of EMD will have to be claimed on same day of rejection otherwise it will not be available in the system because at the end of the day CPPP will initiate refund to the rejected bidders.

10. Following procedures are attached on subsequent pages:

a. Procedure to allow the online **Payment Option** in CPP Portal by TIA

- b. Procedure for checking the Payment Status by TIA
- c. Procedure for **Online Collection** of EMD and Tender Fee from Bidders

*The Helpdesk services shall remain closed on all Govt. Gazetted Holidays.

5) The above mentioned help desk numbers are intended only for queries related to the issues on e-procurement portal and help needed on the operation of the portal. For queries related to the tenders published on the portal, bidders are advised to contact concerned Bid Manager of AAI

(C-NIL I-NIL O- NIL)

NOTICE INVITING TENDER GENERAL GUIDELINES FOR THE BIDDERS

- 1. Item rate e-tenders are invited on behalf of the Airports Authority of India for the work as mentioned at **Page No.131** of **GCC**. The estimated cost of the work is mentioned at **Page No. 131** of **GCC**. This estimate, however, is given merely as rough guide.
- 2. The Tenders shall be in the prescribed Form.
- 3. The works are required to be completed within the period as mentioned at **Page No. 133** of **GCC**.
- 4. Not more than one Tender shall be submitted by a contractor or by a firm of contractors.

No two or more concerns in which an individual is interested, as Proprietor and/or partner shall tender for the execution of the same works. If they do so, all such Tenders shall be liable to be rejected.

- 5. The Accepting Authority as mentioned at **Page No.132** of **GCC** shall be the Accepting Officer hereinafter, referred to as such for the purpose of this contract.
- 6. Tender documents consisting of plans, specifications, Schedule(s) of quantities of the various classes of work to be done, the conditions of contract and other necessary documents will be open for inspection in the office of the Asstt. Gen. Manager (Engg–C), O/o Airport Director, Gaya Airport, Gaya-823004, between hours of 11.00 am & 4.00 pm every day except Saturday, Sunday and public holidays. Tender document can be downloaded from the NIC CPP e-procurement portal without paying any tender fees. However, to participate in the tender, the Bidders must pay tender fee through Online as mentioned in ENIT.
- 7. Bidders are advised to inspect and examine the site and its surroundings and satisfy themselves before submitting their Tenders as to the nature of the ground and sub soil (so far as is practicable), the form and nature of the site, the means of access to the site, the accommodation they may require, working conditions including space for stacking of materials, installation of T&P, rates of various materials to be incorporated in works, conditions affecting accommodation and movement of labours etc. and in general shall themselves obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their Tender. A bidder shall be deemed to have full knowledge of the site whether he inspects it or not and no extra charges consequent on any misunderstanding or otherwise shall be allowed.
- 8. Submission of a Tender by a Tenderer implies that he has read this notice and all

other contract documents and has made himself aware of the scope and specifications of the works to be done and of conditions and rates at which stores, tools and plant, etc. will be issued to him by Airports Authority of India, local conditions, local material rates and other factors bearing on the execution of the works.

- 9. All rates shall be quoted in the format provided and no other format is acceptable. If the price bid has been given as a standard BOQ format with the tender document, then the same is to be downloaded and to be filled by all the bidders. Bidders are required to download the BOQ file, open it and complete the blue coloured (Unprotected) cells with their respective financial quotes and other details (Such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BOQ file is found to be modified by the bidder, the bid will be rejected.
- 10. In the case of item rate Tenders only rates quoted shall be considered. Any Tender containing percentage below/above the rates quoted is liable to be rejected.
- 11. Tenders shall be received through NIC CPP e-tender portal upto the date and time as mentioned at **Page no 2 of ENIT** and shall be opened on the date and time as mentioned mentioned therein.
- 12. Earnest Money of stipulated amount as mentioned at Page No. 131 of GCC in the form of BG from any Schedule bank of India preferably from Nationalized bank but not from cooperative/Gramin bank in favour of Airports Authority of India payable at GAYA.
- 13. Notification of Award of contract will be made in writing to the successful Bidder by the Accepting Authority or his representative. The contract will normally be awarded to the qualified and responsive Bidder offering lowest evaluated bid in conformity with the requirements of the specifications and contract documents and the Accepting Authority shall be the sole judge in this regard. The Accepting Authority does not bind himself to accept the lowest or, any tender or to give any reason for his decision.
- 13.1 A **responsive bidder** is one who submits priced Tender and accepts all terms and conditions of the specifications and contract documents.
- 13.2 A **major modification** is one which affects in any way the quality, quantity and period of completion of the work or which limits in any way the responsibilities or liabilities of the Bidder or any right of AAI, as required in the specifications and contract documents. Any modification in the terms and conditions of the Tender which are not acceptable to AAI shall also be treated as a major modification.
- 13.3 A Tenderer shall submit a responsive bid, failing which his Tender will be liable to be rejected.

- 13.4 The Accepting Authority reserves to himself the right of accepting the whole or any part of the Tender and Tenderer shall be bound to perform the same at his quoted rates.
- 14. On acceptance of Tender earnest money will be treated as part of the security deposit.
- 15. Airports Authority of India will return the earnest money where applicable to every unsuccessful bidder except as provided in the Tender documents.
- 16. Canvassing in connection with Tenders is strictly prohibited and the Tenders submitted by the Tenderers who resort to canvassing will be liable to rejection.
- 17. The Tender for works shall remain open for acceptance for a period of <u>ninety</u> <u>days</u> from the date of opening of financial bid of tenders. If any Tenderer withdraw his Tender before the said period or makes any modifications in the terms and conditions of the Tender which are not acceptable to the AAI, then Airports Authority of India shall without prejudice to any other right or remedy, be at liberty to take action against tenderer.
- 18. On acceptance of the Tender, the name of the accredited representative(s) of the contractor who would be responsible for taking instructions from the Engineer-in-Charge shall be communicated to the Engineer-in-Charge.
- 19. A tenderer shall submit the tender which satisfies each and every condition laid down in this notice failing which the Tender will be liable to be rejected. Also if the credential submitted by the firm found to be incorrect or have some discrepancy which disqualifies the firm then the AAI shall take the following action:
 - a) Forfeit the **entire amount of EMD** submitted by the firm.
 - b) The agency shall be liable for debarment from tendering in AAI in any name / style, apart from any other appropriate contractual / legal action.
- 20. a) All tendered rates shall be inclusive of all taxes and levies payable under respective statutes (Excluding **GST**). However, pursuant to the Constitution (46th Amendment Act. 1982, if any further tax or levy is imposed by Statute, after the last stipulated date for the receipt of tender including extensions if any and the contractor thereupon necessarily and properly pays such taxes / levies, the contractor shall be reimbursed the amount so paid, provided such payments, if any, is not, in the opinion of the Engineer-In-Charge (whose decision shall be final and binding on the contractor) attributable to delay in execution of work within the control of the contractor.

b) In case of change in rate of Tax or any provision relating to levy of Tax after the last stipulated date for the receipt of tender including extensions if any resulting in increase in burden of Tax on the contractor, the contractor shall be entitled to receive any compensation for such increase in quantum of Tax payable by the contractor. Similarly, recovery shall be made from the contractor on account of decrease of rate of Tax or any provision relating to levy of Tax.

c) The contractor shall keep necessary books of accounts and other documents for the purpose of this condition as may be necessary and shall allow inspection of the same by a duly authorized representative of Airports Authority of India and / or Engineer-In-Charge and further shall furnish such other information/document as the Engineer-In-Charge may require from time to time.

d) The contractor shall, within a period of 30 days of the imposition of any such further tax or levy, pursuant to the Constitution (46th amendment) Act 1982, give a written notice thereof to the Engineer-In-Charge that the same is given pursuant to this condition, together with all necessary information relating thereto.

- 21. The Tender for composite works includes in addition to building work all other works such as sanitary and water supply installations, electrical work, horticulture work, roads and paths etc. The Tenderer apart from being a registered contractor of appropriate class, must associates himself with agencies of appropriate class which are eligible to tender for sanitary and water supply installations, electrical work, horticulture work, roads and paths etc in a composite Tender.
- 22. The site for the work may be made available in parts as decided by Engineer- incharge. Agencies are advised to visit site in detail before submission of the bid.

23. MODE OF SUBMISSION OF TENDERS:

23.1 Following 2 Envelopes shall be submitted through online at e-portal by the bidder.

Last date and time of submission of bids (Envelope I & II) is date & time mentioned in CRITICAL DATA SHEET at page ENIT-2.

Envelope-I Containing scanned copies of EMD and Unconditional Acceptance of AAI's Tender Conditions and Qualifying requirements of Contractors/ firms:-

Date of opening of Envelope-I shall be opened on date & time mentioned in CRITICAL DATA SHEET at page ENIT-2.

If any clarification is needed from the bidder about the deficiency in his uploaded documents in Envelope-I, he will be asked to provide it through "Shortfall of Documents" option in NIC CPP e-tendering portal. The bidder shall upload the requisite clarification/documents within time specified by AAI, failing which tender will be liable for rejection.

Envelope-II Financial e- Bid through e-portal.

The financial bids of the contractors / firms found to be meeting the qualifying requirements, fulfilling criteria of technical bid shall only be opened and date of opening of Envelope-II shall be opened on date & time mentioned in CRITICAL DATA SHEET at page ENIT-2. (In case the date and time for opening of Envelope-II (financial bid) is required to be changed, the same shall be intimated through CPP Portal).

- 23.2 Rates to be quoted in the "Item" Section only.
- 23.3 Once the contractor has uploaded the digitally signed file of tender document along with unconditional acceptance as an attachment, he is not permitted to upload any additional file or put any remark(s)/ conditions(s) in / along with the Tender Document (Except unconditional rebate on quoted rates. Unconditional rebate i.e. header discount (%) if any is to be put in "Bid Invitation Information Price component" Section only.
- 23.4 In case, the condition 23.1 to 23.3 above is found violated, the tender shall be rejected.

24. **Queries, Replies and Clarifications:**

If the bidder has any query related to the Tender Document of the work they should use 'Query/ Reply' tab in e-tendering portal to seek clarifications. No other means of communication in this regards shall be entertained.

25. This notice of Tender shall form part of the contract documents. The successful Tenderer/contractor, on acceptance of his Tender by the Accepting Authority, shall within 15-days from the date of award of work sign the contract consisting of Notice inviting Tenders, General conditions of contract, special/additional condition, General and particular specifications, Tender conditions as issued at the time of invitation of Tender and acceptance thereof with any correspondence leading thereto.

26. **PURCHASE PREFERENCE TO PUBLIC ENTERPRISES**

The Accepting Authority reserves to him the right to allow to the public enterprises purchase preference facilities as admissible under the existing policy on the date of acceptance of tender.

TENDER

I/We have read and examined the notice inviting tender, schedule, A, B, C, D, E & F, Specifications applicable, Drawings & Designs, General Rules and Directions, Conditions of Contract, Clauses of contract, Special conditions, Schedule of Rates & other documents and Rules referred to in the conditions of contract and all other contents in the tender document for the work.

I / We hereby tender for the execution of the work specified for the Chairman Airports Authority of India within the time specified in Schedule 'F', viz., schedule of quantities and in accordance in all respects with the referred to in Rule-1 of General Rules and Directions and in Clause 11 of the Conditions of contract and with such material as are provided for, by and in respects in accordance with, such conditions so far as applicable.

We agree to keep the tender open for Ninety (90) days from the date of opening of financial bid in 2 bid system and not to make any modifications in its terms and conditions.

I / We undertake and confirm that for eligibility of similar work(s) has / have not been got executed on back to back basis through another contractor. Further that, if such a violation comes to the notice of AAI, then I/We shall accept the decision of AAI if we are debarred for tendering in AAI in future works. Also, if such a violation comes to the notice of AAI before date of start of work, the Engineer-in-Charge shall be free to forfeit the entire amount of Earnest Money Deposit / Performance Guarantee.

I / We further undertake and confirm that information/ documents submitted by us are genuine, and if at any stage such documents/ information found false, then we shall be liable for debarment from tendering in AAI, and any other appropriate legal action.

A sum of **Rs 1,38,283.00** is here by submitted as online through generated receipt against EMD/ BG against EMD (Refer ENIT- page no. 2). If I/we, fail to furnish the prescribed performance bank guarantee within prescribed period, I/we agree that the said Chairman, A.A.I. or his successors in office shall without prejudice to any other right or remedy, be at liberty to take appropriate action as per terms of contract. Further, if I/ we fail to commence work as specified, I/we agree that Chairman, A.A.I. or his successors in office shall without prejudice to any other right or remedy available in law, be at liberty to forfeit the said earnest money absolutely, otherwise the said earnest money shall be retained by AAI towards security deposit to execute all the works referred to in the tender documents upon the terms and conditions contained or referred to therein and to carry out such deviations as may be ordered, upto maximum of the percentage mentioned in Schedule 'F' and those in excess of that limit at the rates to be determined in accordance with the provision contained in Clause 12.2 and 12.3 of the tender form. Further, I/We agree that in case of forfeiture of earnest money or Performance Guarantee or both Earnest Money & Performance Guarantee as aforesaid, action taken as aforesaid, I/We shall be debarred for participation in the re-tendering process of the work.

I / We hereby declare that I/we shall treat the tender documents drawings and other records connected with the work as secret/confidential documents and shall not communicate information/derived there from to any person other than a person to whom I/we am/are authorised to communicate the same or use the information in any manner prejudicial to the safety of the State.

General Rules & Directions

1.	General Rules & Directions	All work proposed for execution by contract are notified in a form of invitation to tender pasted in public places /NIC CPP Portal and signed by the officer inviting tender or by publication in Newspapers and posted on AAI web-site and NIC
		CPP Portal http://etenders.gov.in and www.aai.aero_(for reference only).
		This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work, also the amount of earnest money to be deposited with the tender, and the amount of the security deposit and Performance guarantee to be deposited by the successful tenderer and the percentage, if any, to be deducted from bills. Copies of the specifications, designs and drawings and any other documents required in connection with the work signed for the purpose of identification by the officer inviting tender shall also be open for inspection by the contractor at the office of officer inviting tender during office hours.
2.		In the event of the e-tender being submitted by a firm, it must be digitally signed. Such tender will be treated as signed tender. For physical tender it must be signed separately by each partner thereof or in the event of the absence of any partner, it
		must be signed on his behalf by a person holding a power-of-attorney authorizing him to do so, such power of attorney to be produced with the tender, and it must disclose that the firm is duly registered under the Indian Partnership Act, 1952.
2. (A)		In case of the tender submitted by a Joint Venture / Consortium, a copy of joint
		venture / consortium agreement in the specified proforma defining the lead
		partner should be submitted. The lead partner shall sign all the documents in
		respect of the works. The documents signed by any other person or firm other than the lead partner shall not be entertained.
3.		Receipts for payment made on account of work, when executed by a firm, must
		also be signed by all the partners, except where contractors are described in their
		tender as a firm, in which case the receipts must be signed in the name of the firm
		by one of the partners, or by some other person having due authority to give
		effectual receipts for the firm. Bank details shall be furnished by the firm through
		an application duly signed by all partners for payment to the firm through bank
4.	Applicable	transfer. Any person who submits a tender shall fill up the usual printed form, stating at
-	for item Rate Tender only.	what rate he is willing to undertake each item of the work. Tenderers, which propose any alteration in the work specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions of any sort, including conditional rebates, will be summarily rejected. No single tender shall include more than one work, but contractors who wish to tender for two or more works shall submit separate tender for each. Tender shall have the name and number of the works to which they refer, written on the envelopes.
		The rate(s) must be quoted in decimal coinage. Amount must be quoted in full Rupees by ignoring 50 paise and considering more than 50 paise as Rupee one. In case the lowest tendered amount (worked out on the basis of quoted rate of Individual items) of two or more contractors is same, then such lowest contractors will be asked to submit revised offer quoting rate of each item of the schedule of quantity for all sub sections/sub heads as the case may be, but the revised quoted rate of each item of schedule of quantity for all subsections / subheads should not be higher than their respective original rate quoted already at the time of submission of tender. The lowest tender shall be decided on the basis

		revised offer. If the revised tendered amount (worked out on the basis of quoted rate of individual items) of two or more contractors received in revised offer is again found to be equal, then the lowest tender, among such contractors, shall be decided by draw of lots in the presence of Jt. GM (Engg)/ DGM (Engg)/ AGM (Engg)/ Sr. Manager (Engg) in-Charge of major and minor component(s) work and the lowest contractors those have quoted equal amount of their tenders. In case of any such lowest contractor in his revised offer quotes rate of any item more than their respective original rate quoted earlier at the time of submission of tender, then such revised offer shall be treated invalid. Such case of revised offer of the lowest contractor or case of refusal to submit revised offer by the lowest contractor shall be treated as withdrawal of his tender before acceptance and 50% of his earnest money shall be forfeited. In case all the lowest contractors those have same tendered amount (as a result of their quoted rate of individual items), refuse to submit revised offers, then tenders are to be recalled after forfeiting 50% of EMD of each lowest contractors. Contractor, who refused to submit revised offer, or quoting higher revised rate(s) of any item(s) than their respective original rate quoted already at the time of submission of his bid shall not be allowed to participate in the retendering process of the work.
		Note: Till the time software supports the above provisions, revised offers from tenderers forming the tie shall be obtained and procedure prescribed for
4. (A)	Applicable for Percentage Rate Tender only.	 "Restricted call of tenders" shall be adopted (for e-tenders). In case of Percentage Rate Tenders, tenderer shall fill up the usual printed form, stating at what percentage below/above (in figures as well as in words) the total estimated cost given in Schedule of Quantities at Schedule-A, he will willing to execute the work. The tender submitted shall be treated as invoid if; 1. The contractor dose not quote percentage above/below on the tratal arount of tender or any section/sub-head of the tender. 2. The percentage above / below is not quoted in figures & words when the total amount of tender or any section / sub-head to be tender. 3. The percentage quoted above/below is different in uncestantwords on the total amount of tender or any section in the value specifies of the said form of invitation to tender, or in the time allowed for a wing out the work, or which contain any other conditions of any on includin conditional rebates, will be summarily rejected. No single tender shall include more thanks to which they refer, written on the envelopes. In case the lowest tenders amount (Istimated cost + amount worked on the basis of percentage above/below) of tender is same, such lowest bidders will be asked a sumit revised percentage quoted above / below on tendered cost or on each envelopes of tender including all sub sections/sub heads as the case may be, but a revised percentage quoted above / below on tendered cost or on each envelopes of tender including all sub sections/sub heads as the case may be, but a revised percentage quoted above / below on tendered cost or on each enveloped at the revised percentage quoted above / below on tendered cost or on each enveloped at the decided on the basis of tender including all sub sections/sub heads as the case may be, but a revised percentage quoted above / below on tendered cost or on each enveloped at the decided on the basis of tender including all sub sections/sub heads as the case may be, but a revised

	Sr. Manager (Engg) in-Charge of work & the lowest bidders those who have quoted equal amount of their tenders. In case all the lowest bidders now have quoted same tendered amount, refuse to submit revised refers, then tender are to be recalled after forfeiting 50% of EMD of each tender. Bidders, whose earnest notes is for fited because of non-submission of revised offer, shall not be lowest to particle ate in the fe-tendering process of the work. Note: Till the tene of wave up for site above provisions, revised offers from tenderers former the terms shall be obtained and procedure prescribed for "Restricted case of tenders" shall be adopted.
4. (B)	 In case the lowest tendered amount (estimated cost ± amount worked on the basis of percentage above/below) of two or more contractor is time, such lowest contractor will be asked to submit sealed revised out in the form of letter mentioning percentage above/below on estimater east of under cluding all sub section/sub heads as the case may be, but the revised percentage quoted above/below on tendered cost or on each subsection /statisticad should not be higher than the percentage quoted at a time of ubbins ion of tender. The lowest tender shall be decided on the basis of using of the original sub section of such contractor refuses a submit revised offer, then it shall be treated as withdrawal offers tender before ucceptance and 50% of earnest money shall be forfeited. If the revised to dered amount off two more contractors received in revised offers is again found to be equal, the lowest tender, among such contractor, shall be decided by drawing lots in the presence of Jt.GM (Engg)/DGM (Engg), AGM (Engle/Sn Managa (Engle)) in -Charge of major & minor component(s) of work & the preset bid tenders those who have quoted same tendered amount of their oder. In use the newest contractors those have quoted same tendered amount, refuse to the presence of fers, then tendered amount, refuse to the presence of fers, then tendered amount of their oder.
	Bidders, whose earnest money is forfeited because of non submission of revised offer, shall not be allowed to participate in the re-tendering process of the work.
5.	The officer inviting tender or his duly authorized representative, will open tenders in the presence of any intending bidders who may be present at the time, and will enter the amounts of the several tenders in a comparative statement in a suitable form. In the event of a tender being accepted, a receipt for the earnest money shall there upon be given to the contractor who shall thereupon for the purpose of identification sign copies of the specifications and other documents mentioned in Rule–I.
	In the event of a tender being rejected, the earnest money shall thereupon be returned to the contractor remitting the same, without any interest.
6.	The officer inviting tenders shall have the right of rejecting all or any of the
7.	tenders and will not be bound to accept the lowest or any other tender.The receipt of an accountant or clerk for any money paid by the bidder towards
	tender fee will not be considered as any acknowledgement or payment to the officer inviting tender and the bidder shall be responsible for seeing that he procures a receipt signed by the officer inviting tender or a duly authorized cashier.
8.	The memorandum of work tendered for and the schedule of materials to be supplied by the department and their issue rates, shall be filled and completed in the office of the officer inviting tender before the tender form is issued. If a form is issued to an intending bidder without having been so filled in and incomplete, he shall request the officer to have this done before he completes and delivers his tender.

0		
9.		The bidders shall sign a declaration under the officials Secret Act 1923, for maintaining secrecy of the tender documents drawings or other records connected with the work given to them. The unsuccessful bidders shall return all the drawings given to them.
9 (A).		Use of correcting fluid any where in tender document is not permitted. Such tender is liable for the ice of the form is any correct on it has done be cut with a straight line and she led be mittal trade eld to be to be to be to be a straight line and she led be mittal trade eld to be to
10.	Applicable for Item Rate Tender Only.	 In the case of Item Rate Tenders, only rates quoted shall be considered. Any tender containing percentage below / above the rates quoted is liable to be rejected. Rates quoted by the bidder in item rate tender in figures and words shall be accurately filled in so that there is no discrepancy in the rates written in figures and words. However, If a discrepancy is found between rates in figures and in words, then the rates which correspond with the amount worked out by the bidder shall unless otherwise proved be taken as correct. If the amount of an item is not worked out by the bidder or it does not correspond with the rates written either in figures or in words, then the rates quoted by the contractor in words shall be taken as correct. Where the rates quoted by the bidder in figures and in words tally, but the amount is not worked out correctly, the rates quoted by the contractor will unless otherwise proved be taken as correct and not the amount. In event no rate has been quoted for any item(s) leaving space blank both in figure(s) and word(s) quoted by the contractor against suchitem(s). In event no rate has been quoted for any item(s), leaving space both in figure(s), word(s), and amount (blank, it will be presumed that the bidder has included the cost of this/these item(s) in other items and rate for such item(s) will be considered as zero and work will be required to be executed accordingly.
	Applicable for percentage	In case of percentage Rate Tenders only percentage quoted shall be considered. Any tender containing item rates is liable to be rejected Percentage and d by the bidder in percentage rate tender shall be accurately filled in the product of the product of the percentage rate tender shall be accurately filled in the percentage rate tende
	rate tender only.	 bidder in percentage rate tender shall be decutately interacting neuring bidds, so that there is no discrepancy. However, if the bidder has worked on the about the tener of if any discrepancy is found in the percentage quoted in mords of figure. i. The percentage which corresponds with the an unit worked out by the bidder shalounles or provide provide be to be as correct. ii. The month of the ender is not worked out by the bidder or it does not previous with the percentage quoted by the bidder in mords, then he processing equated by the bidder in words shall be taken as correct. iii. While the percentage quoted by the bidder in figures and in words tally but the amount is not worked out correctly, the percentage quoted by the bidder will, unless otherwise proved, be taken as correct and not the amount.
11.		In the case of any tender where unit rate of any item / items appear unrealistic, such tender will be considered as unbalanced and in case the tenderer is unable to provide satisfactory explanation, such a tender is liable to be disqualified and rejected.
12.	Applicable for Item Rate Tender only.	All rates shall be quoted on the tender form. The amount for each item should be worked out and requisite totals given. Special care should be taken to write the rates in figures as well as in word sand the amount in figures only, in such away that interpolation is not possible. The total amount should be written both in

		figures and in words. In case of figures, the word 'Rs' should be written before	
		the figure of rupees and word 'P' after the decimal figures, e.g. 'Rs. 2.15 P' and	
		in case of words, the word 'Rupees' should precede and the word 'Paise' should	
		be written at the end. Unless the rate is in whole rupees and followed by the word	
		'only' it should in variably be up to two decimal places. While quoting the rate in	
		schedule of quantities, the word 'only' should be written closely following the	
12(4)	A 1º 11	amount and it should not be written in the next line.	
12(A).	Applicable	In Percentage Rate Tender, the tenderer shall quote percentage below / above (in	
	for	figures as well as in words) at which he will be willing to xecute the work. He	
	percentage	shall also work out the total amount of his offer a d the name should be written in	
	rate tender	figures as well as in words in such a way but no interpolation is possible. In case	
	only.	of figures, the word 'Rs' shall be writte before the figure of rupees and work	
		figures as well as in words in such a way but no interpolation is possible. In case of figures, the word 'Rs' shall be written before the figure of rupees and work 'P' after the decimal rightes e.g. Rs. 2.15 P' and in case of words, the word	
		Rupees should precept and the word Paise should be written at the end.	
		(quoting of rates in Paise is not applicable in e-tenders)	
13	Acceptance of	Wherever the price of the lowest bidder is lower than the justified cost by more	
	abnormally	than 25%, lowest bid can be termed as Abnormally Low Quoted Bid (ALQB).	
	low quoted bid	Processing of such bid shall be as follows:	
	(Capital	i) The bid processing manager shall seek from lower bidder, mank	
	& Revenue	Guarantee amounting to 10% of difference between 75% the	
	Expenditure	justified cost and the cost quoted by the bidder. This we gua intee	
	Contract)	shall be termed as Quality Protection Bank, courantee (B(3)) and	
		shall be over and above the normal bank grarantee and share be valid	
		up to the completion of the work.	
		letter from Bid Manager.	
		iii) On receipt of QPBG from the west bidde the bid processing	
		manager shall submit the case to pofficer competent to accept the	
		tender as per delegation of provers.	
		iv) In case of Percentage Rate Tenders, Constant be asked for 10% of	
		the difference between 75% of the justified cost and the	
		corresponding cost worked out on the basis of percentage quoted by	
		lowest bidder.	
		v) This QPBG for any ver shar be a fixed amount as one time	
		measure and will not value my stage during the currency of the	
		work of contract.	
		vi) The justice cost worked out by AAI shall be final and binding on	
		the contract	
		vii) In control of laboration	
		Contract for super of labourers, Operation & Maintenance Contrat	
		d other similar works, contractor shall transfer/deposit salary of	
		A should be linked	
		where ADHAR and a statement is to be submitted to AAI alongwith	
		each mig bill and final bill.	
		v case the lowest bidder fails to submit QPBG within stipulated	
		he, as decided by Bid Manager or Contractor does not	
		ansfer/deposit salary of the individual worker to his/her bank	
		account which should be linked with AADHAR and do not submit	
		statement to AAI as the case may be, the tender shall be	
		rejected/foreclosed and EMD/SD collected till date shall be forfeited.	
		ix) In case of non-execution/completion of the work, QPBG and	
		EMD/SD collected till date shall be forfeited.	

13A	In case the contractor does not carry out the work of ALQ items as per schedule or as per NIT specifications, the Engineer in charge shall issue a letter to the contractor to comply its obligations as per NIT, for ALQ items. Engineer-in- charge shall also give one reminder ther 10 days of 1 st letter and if contractor still do not start the work on ALC items, then bank guarantee i.e. QPBG should be encashed and work should be got executed through another agency at his risk and cost.
14	i. The bidder, whose tender is accepted, will be required to furnish performance guarantee of 3% (Three Percent) of the tendered amount within the period specified in Schedule F. This guarantee shall be in the form of Fixed Deposit Receipts or Guarantee Bonds of any Scheduled Bank but not co-operative or Gramin Bank, in accordance with the prescribed form, provided confirmatory advice is enclosed.
	ii. The bidder, whose tender is accepted, will also be required to furnish by way of Security Deposit for the fulfillment of his contract, an amount equal to 7% of the contract amount of the work.
	iii. In works where condition of submission of Performance Guarantee is not applicable, the security deposit @ 10% of the tendered value shall be deducted.
	iv. The Security deposit (under ii & iii above) will be collected by deductions from the running bills of the contractor at the rates mentioned above and the earnest money deposited at the time of tenders, will be treated as a part of the Security Deposit.
	v. Security deposit will also be accepted in form of Guarantee Bonds of any Scheduled Bank but not co-operative or Gramin Bank in accordance with the prescribed form, provided confirmatory advice is enclosed.
15.	On acceptance of the tender, the name of the accredited representative(s) of the contractor who would be responsible for taking instructions from the Engineer-in-Charge shall be communicated in writing to the Engineer-in-Charge.
16.	 Rates to be quoted by the parties should be inclusive of all taxes, duties, CESS, fee, royalty charges etc. levied under any statute but exclusive of GST for all the items.
	2. However GST, as applicable, shall be paid to the contractor, for any taxable supply / services / construction rendered by the agency to AAI, against a valid GST invoice as per terms and conditions of the contract.
	3. In case supplies /services / works involve imports; the same should be identified separately. Basic Custom Duty & IGST will be paid directly by AAI by utilizing EPCG license/ Duty Credit Scrip under service Export from India Scheme (SEIS) of Govt. of India.
17.	The contractor/ bidder shall give a list of AAI employees related to him.

18.	The tender for the work shall not be witnessed by a contractor or contractors/ bidders who himself / themselves has / have tendered or who may and has / have tendered for the same work. Failure to observe this condition would render, tenders of the contractors tendering, as well as witnessing the tender, liable to Summary rejection.
19.	The tender for composite work includes, in addition to building work, all other works such as sanitary and water supply installations drainage installation, electrical work, horticulture work, roads and paths etc. The tenderer apart from being a registered contractor (B&R) of appropriate class, must associate himself with agencies of appropriate class which are eligible to tender for sanitary and water supply drainage, electrical and horticulture works in the composite tender.
20.	The contractor/ bidder shall submit list of works completed in last 5 years*as well as which are in hand (in progress) in the following format for a sing bidding capacity of the bidders:-

			-	
Name of work	Name and particulars of Office when work is lung executed	Value of work	Position of works in progress	Remarks
1	2	3	4	5

21	The contractor/bidder shall comply with the provisions of the Apprentices Act 1961, and the rules and orders issued there under from time to time. If he fails to do so, his failure will be a breach of the contract and the Executive Director (Engg.) may in his discretion, without prejudice to any other right or remedy available in law, cancel the contract. The contractor shall also be liable for any pecuniary liability arising on account of any violation by him of the provisions of the said Act.
22	If complete site is available for work, the work shall be completed in the manner specified here in special condition of contract and NIT specifications.Note: In such case para 23 below may be deleted by NIT approving authority
23	If complete site is not available for taking up the work, the same shall be made available in phases. The scope of work covered in each phase, the completion of work in each phase and methodology of taking over completed work in phased manner has been specified under medial conditions of contract. The completion time for each phase shall be applicable as indicated in tender documents. The work shall also be taken over by Engineer-In-Charge in phases. The work anti-tor the works executed in each phase shall be applied independently w.e.t. date of completion /taking over of individual phase. Note: In such case para 22 above may be deleted by NIT approving authority

CONDITIONS OF CONTRACT

Definitions:	
1.	The contract means the documents forming the tender and acceptance thereof and the formal agreement / agreements executed between the competent authority (s on behalf of the Chairman, Airports Authority of India and the Contractor, together with the documents referred to therein including these conditions, the specifications, designs, drawings and instructions issued from time to time by the Engineer-in- Charge and all these documents taken together, shall be deemed to form one contract / two contracts and shall be complimentary to one another Contractor has to sign two agreements, one consisting BOQ for Civil works and another one for SITC and O&M /AMC / AICMC part. Engineer-in charge could be common for both the agreements. Separate invoices for the civil /construction works and SITC / O&M / AICMC / AMC works have to be raised by the agency referring to the respective agreements to facilitate AAI to claim input tax credit or such SITC / O&M / AICMC / AMC works as mentioned in Schedule 'F' para 2(v).
2.	In the contract, the following expressions shall, unless the context otherwise requires, have the meanings, hereby respectively assigned to them :-
	 i. The expression works or work shall, unless there be something either in the subject or context repugnant to such construction, be construed and taken to mean the works by or by virtue of the contract contracted to be executed whether temporary or permanent, and whether original, altered, substituted or additional. ii. The site shall mean the land / or other places on, into or through which work is to be executed under the contract or any adjacent land, path or street through which work is to be executed under the contract or any adjacent land, path or street which may be allotted or used for the purpose of carrying out the contract. iii. The Contractor/tenderer/bidder shall mean the individual, firm or company whether incorporated or not, Joint Venture / Consortium undertaking the works and shall include the legal personal representative of such individual or the persons constituting such firm or company, or the successors of such firm or company, and the permitted assignees of such individual, firm or company. iv. The Chairman means the Chairman Airports Authority of India and his Successors. v. The Engineer-in-Charge means the Engineering Officer who shall supervise and be in charge of the work and who shall sign the contract on behalf of the Chairman, Airports Authority of India as mentioned in Schedule'F'here under. vii. Acto Airports Authority of India as mentioned in Schedule'F'. ix. Excepted Risk are risks due to riots (other than those on account of contractor's employees), war (whether declared or not) invasion, act of foreign enemies, hostilities, civil war, rebellion revolution, insurrection, terrorism, military or usurped power, any acts of Airports Authority of India, damages from aircraft, acts of God, such as earthquake, lightening and unprecedented floods, and other causes over which the contract has no control and accepted as such by the Accepting Authority or causes solely due to airports Authority of India's faulty design of wo
	and profits. Provided that no extra overheads and profits shall be payable on the parts of works assigned to other agency(s) by the contractor as per terms of contract.
	$C \text{ NII I NII } O \text{ NII } D_{0,00} 12$

		 xi. Schedule(s) referred to in these conditions shall mean the relevant schedule(s) annexed to the tender papers or the standard Schedule of Rates of the government mentioned in Schedule 'F' hereunder, with the amendments thereto issued upto the date of receipt of the tender. xii. Department means Airports Authority of India, which invites tender on behalf of Chairman, Airports Authority of India. xiii. Tendered value means the value of the entire work as stipulated in the letter of award.
3.	Scope and Performance	Where the context so requires, words imparting the singular only also include the plural and vice versa. Any reference to masculine gender shall whenever required include feminine gender and vice versa.
4.		Headings and Marginal notes to these General Conditions of Contract shall not be deemed to form part thereof or be taken into consideration in the interpretation or construction thereof or of the contract.
5.		The contractor shall be furnished, free of cost one certified copy of the contract documents except standard specifications, Schedule of Rates and such other printed and published documents, together with all drawings as may be forming part of the tender papers. None of these documents shall be used for any purpose other than that of this contract.
6.	Works to be carried out	The work to be carried out under the Contract shall, except as otherwise provided in these conditions, include all labour, materials, tools, plants, equipment and transport which may be required in preparation of and for and in the full and entire execution and completion of the works. The descriptions given in the Schedule of Quantities (Schedule – A) shall, unless otherwise stated, be held to include wastage on materials, carriage and cartage, carrying and return of empties, hoisting, setting, fitting and fixing in position and all other labours necessary in and for the full and entire execution and completion of the work as aforesaid in accordance with good practice and recognized principles.
7.	Sufficiency of Tender	The Contractor shall be deemed to have satisfied himself before tendering as to the correctness and sufficiency of his tender for the works and of the rates and prices quoted in the Schedule of Quantities, which rates and prices shall, except as otherwise provided, cover all his obligations under the Contract and all matters and things necessary for the proper completion and maintenance of the works.
8.	Discrepancies and Adjustment of Errors	The several documents forming the Contract are to be taken as mutually explanatory of one another, detailed drawings being followed in preference to small scale drawing and figured dimensions in preference to scale and special conditions in preference to General Conditions.
8.1		 In the case of discrepancy between the Schedule of Quantities, the Specifications and / or the Drawings, the following order of preference shall be observed :- i. Description of Schedule of Quantities. ii. Particular/ technical Specification and Special Condition, ifany. iii. Drawings. iv. C P WSpecifications. v. Indian Standard Specifications of B I S./ IRC Code of Practice / ASTM standards. vi. Sound Engineering practice as directed by the Engineer-in-charge, whose decision in this regard shall final and binding on the contractor.
8.2		If there are varying or conflicting provisions made in any one document forming part of the contract, the Accepting Authority shall be the deciding authority with regard to the intention of the document and his decision shall be final and binding on the contractor.
8.3		Any error in description, quantity or rate in Schedule of Quantities or any Omission there from shall not vitiate the Contract or release the Contractor from the execution of the whole or any part of the works comprised therein according to drawings and specifications or from any of his obligations under the contract.

Conditions of Contract

Conditions of Contract			
8.4	Payment for similar items with different quoted rates in different subheads of the contract agreement	If the contractor has quoted different rates for the same item appearing in two or more subheads, then the lowest of the rates quoted shall only be considered for payments during execution of work. In case of deviation of quantity of such item, payments shall be made at the lowest quoted rate for quantity executed upto the deviation limit specified in the contract. Beyond the deviation limit the rate shall be derived as per relevant contract provision.	
9.	Reverse Auction for purchase tenders	AAI may opt for reverse auction in case of purchase tender if value of supplies put to tender is more than Rs.2 Cr.	
10.	Signing of Contract	The successful tenderer / contractor, on acceptance of his tender by the Accepting Authority, shall, within 15 days from the stipulated date of start of the work, shall sign either single or Two agreements , as the case may be , one consisting BOQ for Civil works and another one for SITC and O&M / AMC / AICMC part	
i)			

CLAUSES OF CONTRACT

Performance	This clause is applicable for the works for which the estimated on the totender
 Guarantee	is more than Rs.5 crores.i. The contractor shall submit an irrevocable Performance Gua ntee of 3%
	(Three percent) of the Tendered amount in addition to other deposits
	mentioned elsewhere in the contract for his provide elsewhere of the contract agreement, (not withstanding and/or without, and the to any other
	contract agreement, (not withstanding and/or without the to any other
	provisions in the contract) within period specified in Schudle 'F' from the
	date of issue of award letter. This guarantee be in the form of Fixed
	Deposit Receipts or Guarantee Bonds of an Schedul d bank but not Co-
	operative or Gramin bank in accordance with the form annexed
	hereto.(Appendix-XI) In case a fixed desit receipts of any Bank is
	furnished by the contractor to the AAI as the performance guarantee and the Bank is unable to make payment as the said fixed deposit
	and the Bank is unable to make payment as the said fixed deposit
	receipts or Guarantee Bonds, the log caused there by shall fall on the
	contractor and the contractor shall forthwith on demand furnish additional
	security to make good the deficit.
	ii Performance guarantee should be for the within 30 days of issue of award letter. In case the contractor fails to the performance guarantee within
	the stipulated period, no payment will be eleased to the contractor for the
	work done in respect of 1 st running account bill. Moreover, interest @10%
	per annum on performance guarantee amount would be levied (non-
	refundable) for delayed period of sub-pission
	iii. The Performance Guaranee hall be initially valid up to the stipulated date
	of completion plus 180 (and by your that. In case the time for completion of
	work gets enlarged, the encoder shall get the validity of Performance
	Guarantee extended to contain h enlarged time for completion of work.
	After recording of the completion certificate for the work by the competent
	authority, the performance guarantee shall be returned to the contractor,
	without any interest. However, in case of contracts involving maintenance of buildings and services / any other work thereafter, 50% of Performance
	Guarantee shall be etained as Security Deposit as per contract conditions.
	The same share and a successful completion of commitment year
	wise proportionately
	iv. The Engineer-in-Charge shall not make a claim under the performance
	guarantee except for amounts to which the AAI is entitled under the contract
	(not withstanding ind/or without prejudice to any other provisions in the
	contrainagreemen) in the event of:
	a. For the contractor to extend the validity of the Performance
	Gua. Is described herein above, in which event the Engineer-in-
	Charge h y claim the full amount of the PerformanceGuarantee.
	b. Bure by the contractor to pay the Chairman, AAI any amount due,
	as agreed by the contractor or determined under any of the es/Conditions of the agreement, within 30 days of the service of
	not e to this effect by Engineer-in-Charge.
	the event of the contract being determined or rescinded under provision of
	the Clause/Condition of the agreement, the performance guarantee
	sh stand forfeited in full and shall be absolutely at the disposal of the
	Chairman, AAI.

CLAUSE 1 A

Recovery of Security Deposit	The person/persons whose tender(s) may be accepted (hereinafter called the contractor) shall permit AAI at the time of making any payment to him for work done under the contract to deduct a sum at the rate of 7% of the gross amount of each running and final bill till the sum deducted alongwith the sum already deposited as earnest money, will amount to security deposit of 7% of the tendered value of the work. Earnest money shall be adjusted first in the security deposit and further recovery of security deposit persons whose the update amount of security deposit starts exceeding the earnest money. Such deductions will be made and held by way of Security Deposit unless he/hey has/have deposited the amount of Security at the rate mentioned above in the form of guarantee bonds of any Scheduled Bank but not Co-operative or Gramin Bank. In case a Guarantee Bonds of any Bank is furnished by the contractor to the AAI as part of the security deposit and the Bank is unable to make payment against the said Guarantee Bond, the loss caused thereby shall fall on the contractor and the contractor shall forthwith on demand furnish additional security to the AAI to make good the deficit. In works where condition of submission of performance guarantee is not applicable, the security deposit at the rate of 10% (Ten Percent) of gross amount of each running bill shall be deducted from, or paid by the contractor by AAI compensations or the other sums of money payable by the contractor by AAI on any account whatsoever and in the event of his Security Deposit being reduced by reason of any such deductions or sale as afficient part of his security deposit or from the interest arising therefrom, or from any sums which may be due to or may become due to the contractor by AAI on any account whatsoever and in the event of his Security Deposit being reduced by reason of any such deductions or sale as afficient for more than 12 months) endorsed in favour of the Airports Authority of India, any sum or sums which may have been deducted from, or
	security deposit or any part thereof. The security deposit shall be collected from the running bills of the contractor at the rates mentioned above and the Earnest money deposited at the time of tenders will be treated as part of the Security Deposit. The security deposit as deducted above can be released against bank guarantee issued by any Scheduled Bank (but not from Co- operative /

Clause 2

Compensation for Delay	complete the Work and clear extended date of completion a 5.5) as well as any extension prejudice to any other right account of such breach, pay stipulated below as the author amount of Tendered Value determined) that the progress	 tain the required progress in terms of clause 5 or to ar the site on or before the contract or justified as per clause 5(excluding any extension under clause 1 granted under clause 12 and 15, he shall, without or remedy available under the law to the AAI on as compensation the amount calculated at the rates ority specified in schedule 'F' may decide on the of the work for every completed day/month (as remains below that specified in Clause 5 or that the his will also apply to items or group of items for mpletion has been specified. If the completion of work is delayed due to reasons attributed to contractor, AAI shall be entitled for compensation for delay as detailed below : i. For works costing upto Rs. 20.00 Lac: 1.0% (one percent) of tendered value per week of delay or lesser amount as decided by the competent authority subject to a maximum of 10% of contract value. ii For the works having completion period less than 2 years 0.5% (half percent) of tendered value per week of delay or lesser amount as decided by the competent authority subject to a maximum of 10% of the tendered value. b. For the works having completion period more than 2 years 0.5% of tendered value per fortnight of delay or lesser amount as decided by the competent authority subject to a maximum of 10% of the tendered value.
	of 10% of the tendered value.Provided always that the total amount of compensation for delay to be paid under this condition shall not exceed 10% of the Tendered Value of work or of the Tendered Value of the Sectional part of work as mentioned in schedule 'F'for which a separate period of completion is originally given.In case no compensation has been decided by the authority in Schedule 'F'during the progress of work, this shall be no waiver of right to levy compensation by the said authority if the work remains incomplete on final justified extended date of completion. If the Engineer in Charge decides to give further extension of time allowing performance of work beyond the justified extended date, the contractor shall be liable to pay compensation for such extended period. If any variation in amount of contract takes place during such extended period beyond justified extended date and the contractor becomes entitled to additional time under clause 12, the net period for such variation shall be accounted for while deciding the period for levy of compensation. However, during such further extended period beyond the justified extended period beyond the justified extended period beyond the justified extended period beyond the justified extended period beyond the justified extended period beyond the justified extended period beyond the justified extended period, if any delay occurs by events under sub clause 5.2, the contractor shall be liable to pay compensation for such delay.	

	Provided that compensation during the progress of work beyond the justified
	extended date of completion for delay under this clause shall be for non-
	achievement of sectional completion or part handing over of work on
	stipulated/justified extended date for such part work or if delay affects any other
	works/services. This is without prejudice to right of action by Engineer-in-
	Charge under clause 3 for delay in performance and claim of compensation under
	that clause.
	In case action under clause 2 has not been finalized and the work has been
	determined under clause 3, the right of action under this clause shall remain post
	determination of contract but levy of compensation shall be for days the progress
	is behind the schedule on date of determination, as assessed by the authority in
	schedule 'F', after due consideration of justified extension. The compensation for
	delay, if not decided before the determination of contract, shall be decided after
	of determination of contract.
	The amount of compensation may be adjusted or set-off against any sum payable
	to the' Contractor under this or any other contract with AAI. In case, the
	contractor does not achieve a particular milestone mentioned in schedule F, or the
	re-scheduled milestone(s) in terms of Clause 5.4, the amount shown against that
	milestone shall be withheld, to be adjusted against the compensation levied as
	above. With-holding of this amount on failure to achieve a milestone, shall be
	automatic without any notice to the contractor. However, if the contractor catches
	up with the progress of work on the subsequent milestone(s), the withheld amount
	shall be released. In case the contractor fails to make up for the delay in
	subsequent milestone(s), amount mentioned against each milestone missed
	subsequently also shall be withheld. However, no interest, whatsoever, shall be
	payable on such withheld amount.

Clause2A

]	Incentive for	In case, the contractor completes the work ahead of stipulated date of completion,
	early	a bonus @ 1 % (one per cent) of the tendered value per month computed on per
	completion	day basis, shall be payable to the contractor, subject to a maximum limit of 5%
		(five per cent) of the tendered value. The and int of the us, if payable, shall be
		paid along with final bill at completion of work. Provided always that
		provisition of the successful the applicable only when so provided in
		nedate F. This clause shall be applicable for the work which estimated cost
		put to tender is Rs.50.00 Cr. and above for pavement work and Rs.100.00 Cr. and
		above for building work.

Clause2B

compe	ld t against nsation	Withheld amount towards compensation for delay over and above Rs. 50.00 lacs, can be released against Bank Guarantee (on the format given at Appendix-1) or in the form of guarantee bonds of any Scheduled Bank but not Co-operative or Gramin Bank, pending finalization of case of extension of time by competent
for dela		authority as per delegation of powers. Concerned Executive Director (Engg) will authorize such action on receipt of proposal from the Engineer-In-Charge through proper channel.

Clause 3

When Contract can be Determined	Subject to other provisions contained in this clause, the Engineer-in-Chargemay, without prejudice to his any other rights or remedy against the contractor in respect of any delay, inferior workmanship, any claims for damages and/or any other provisions of this contract or otherwise, and whether the date of completion has or has not elapsed, by notice in writing absolutely determine the contract in
---------------------------------------	---

	any of the following cases:
	i. If the contractor having been given a notice by the Engineer-in-Charge in writing to rectify, reconstruct or replace any defective work or that the work is being performed in an inefficient or otherwise improper or un-workman like manner shall omit to comply with the requirement of such notice for a
	period of seven days there after.
	ii. If the contractor has, without reasonable cause, suspended the progress of the
	work or has failed to proceed with the work with due diligence and continues
	to do so after a notice in writing of seven days from the Engineer-in-Charge.
	iii. If the contractor fails to complete the work or section of work with individual date of completion on or before the stipulated or justified extended date on or before such date of completion, and the Engineer in Charge without any prejudice to any other right or remedy under any other provision in the contract has given further reasonable time in a notice given in writing in that behalf as either mutually agreed or in absence of such mutual agreement by his own assessment making such time essence of contract and in the opinion of Engineer in Charge, the contractor will be unable to complete the same or
	does not complete the same within the period specified.
	iv. If the contractor persistently neglects to carry out his obligations under the contract and / or commits default in complying with any of the terms and conditions of the contract and does not remedy it or take effective steps to remedy it within 7 days after a notice in writing is given to him in that behalf by the Engineer-in-Charge.
	v. If the contractor shall offer or give or agree to give to any person in AAI
	service or to any other person on his behalf any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done or forborne to do any act in relation to the obtaining or execution of this or any other contract for AAI.
	vi. If the contractor shall enter into a contract with Airports Authority of India in connection with which commission has been paid or agreed to be paid by him or to his knowledge, unless the particulars of any such commission and the terms of payment thereof have been previously disclosed in writing to the Engineer-in-charge.
	vii. If the contractor shall obtain a contract with AAI as a result of wrong tendering or other non-bonafide methods of competitive tendering or commits any breach of Integrity Pact.
	viii. If the contractor being an individual, or if a firm, any partner thereof shall at any time be adjudged insolvent or have a receiving order or order for administration of his estate made against him or shall take any proceedings for liquidation or composition (other than a voluntary liquidation for the purpose of amalgamation or reconstruction) under any Insolvency Act for the time being in force or make any conveyance or assignment of his effects or composition or arrangement for the benefit of his creditors or purport so to do, or if any application be made under any Insolvency Act for the time being in force for the sequestration of his estate or if a trust deed be executed by him for benefit of his creditors.
	ix. If the contractor being a company shall pass a resolution or the court shall make an order that the company shall be wound up or if a receiver or a manager on behalf of a creditor shall be appointed or if circumstances shall arise which entitle the court or the creditor to appoint a receiver or a manager or which entitle the court to make a winding up order.
	x. If the contractor shall suffer an execution being levied on his goods and allow it to be continued for a period of 21 days.

 xi. If the contractor assigns (excluding part(s) of work assigned to o agency(s) by the contractor as per terms of contract), transfers, sub (engagement of labour on a piece-work basis or of labour with materials to be incorporated in the work, shall not be deemed to be subletting otherwise parts with or attempts to assign, transfer, sublet or otherwise p with the entire works or any portion thereof without the prior wri approval of the Engineer-in-Charge. When the contractor has made him liable for action under any of the cases aforesaid, the Engineer-in-Charge behalf of the Chairman, AAI shall have powers: a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notic writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo Deposit, Security Deposit already recovered and Performance Guarantee of the prior with the prior with the prior writing to the contractor be approved and performance of work as the prior writing to the contract be approved and performance Guarantee of the prior writing to the prior writing to the prior work as the prior writing to the p
 (engagement of labour on a piece-work basis or of labour with materials to be incorporated in the work, shall not be deemed to be subletting otherwise parts with or attempts to assign, transfer, sublet or otherwise p with the entire works or any portion thereof without the prior wri approval of the Engineer-in-Charge. When the contractor has made him liable for action under any of the cases aforesaid, the Engineer-in-Charge behalf of the Chairman, AAI shall have powers: a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notic writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
 to be incorporated in the work, shall not be deemed to be subletting otherwise parts with or attempts to assign, transfer, sublet or otherwise p with the entire works or any portion thereof without the prior wri approval of the Engineer-in-Charge. When the contractor has made him liable for action under any of the cases aforesaid, the Engineer-in-Charge behalf of the Chairman, AAI shall have powers: a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notic writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Model
 otherwise parts with or attempts to assign, transfer, sublet or otherwise p with the entire works or any portion thereof without the prior wri approval of the Engineer-in-Charge. When the contractor has made him liable for action under any of the cases aforesaid, the Engineer-in-Charge behalf of the Chairman, AAI shall have powers: a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notic writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
 with the entire works or any portion thereof without the prior wri approval of the Engineer-in-Charge. When the contractor has made him liable for action under any of the cases aforesaid, the Engineer-in-Charge behalf of the Chairman, AAI shall have powers: a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notice writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Montractor and the engineer in the contractor of work is concerned (of which determination).
 approval of the Engineer-in-Charge. When the contractor has made him liable for action under any of the cases aforesaid, the Engineer-in-Charge behalf of the Chairman, AAI shall have powers: a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notic writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
 liable for action under any of the cases aforesaid, the Engineer-in-Charge behalf of the Chairman, AAI shall have powers: a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notic writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
 behalf of the Chairman, AAI shall have powers: a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notic writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
a. To determine the contract as aforesaid so far as performance of work the Contractor of work is concerned (of which determination notice writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
the Contractor of work is concerned (of which determination notic writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
writing to the contractor under the hand of the Engineer-in-Charge s be conclusive evidence). Upon such determination, the Earnest Mo
be conclusive evidence). Upon such determination, the Earnest Mo
under the contract shall be liable to be forfeited and shall be absolutel
the disposal of the AAI.
b. After giving notice to the contractor to measure up the work of
contractor and to take such whole, or the balance or part thereof, as s
be un-executed out of his hands and to give it to another contracto
any other means to complete the work. The contractor, whose contract
determined as above, shall not be allowed to participate in the tender
process for the balance work. In the event of above courses be
adopted by the Engineer-in-Charge, the contractor shall have no clair
compensation for any loss sustained by him by reasons of his have
purchased or procured any materials or entered into any engagement
made any advances on account or with a view to the execution of
work or the performance of the contract. And in case action is ta
under any of the provision aforesaid, the contractor shall not be enti
to recover or be paid any sum for any work thereof or actually perform
under this contract unless and until the Engineer-in-Charge has certi
in writing the performance of such work and the value payable in res
there of and he shall only be entitled to be paid the value so certified.

CLAUSE 3 A

	In case, the work cannot be started due to reasons not within the control of the contractor within 1/8th of the stipulated time for completion of work or one month whichever is higher, either party may close the contract by giving notice to the other party stating the reasons. In such eventuality, the Earnest Money Deposit and the Performance Guarantee of the contractor shall be refunded within 30 days. Neither party shall claim any compensation for such eventuality. This clause is not applicable for any breach of the contract by either party.
--	---

Contractor	In any case in which any of the powers conferred upon the Engineer-in-
liable to pay	Charge by Clause-3 thereof, shall have become exercisable and the same
compensation	are not exercised, the non-exercise thereof shall not constitute a waiver of
even if action	any of the conditions hereof and such powers shall notwithstanding be
not taken under	exercisable in the event of any future case of default by the contractor and
Clause-3	
Clause-J	the liability of the contractor for compensation shall remain unaffected. In
	the event of the Engineer-in-Charge putting in force all or any of the
	powers vested in him under the preceding clause he may, if he so desires
	after giving a notice in writing to the contractor, take possession of (or at
	the sole discretion of the Engineer-in-Charge which shall be final and
	binding on the contractor) use as on hire (the amount of the hire money
	being also in the final determination of the Engineer-in-Charge) all or any
	tools, plant, materials and stores, in or upon the works, or the site thereof
	belonging to the contractor, or procured by the contractor and intended to
	be used for the execution of the work/ or any part thereof, paying or
	allowing for the same in accountat the contract rates, or, in the case of
	these not being applicable, at current market rates to be certified by the
	Engineer-in-Charge, whose certificate thereof shall be final, and binding
	on the contractor, clerk of the works, foreman or other authorized agent to
	remove such tools, plant, materials, or stores from the premises (within a
	time to be specified in such notice) in the event of the contractor failing to
	comply with any such requisition, the Engineer-in-Charge may remove
	them at the contractor's expense or sell them by auction or private sale on
	account of the contractor and his risk in all respects and the certificate of
	the Engineer-in-Charge as to the expenses of any such removal and The
	amount of the proceeds and expenses of any such sale shall be final and
	amount of the protectus and expenses of any such sale shall be find and
	conclusive against the contractor

	Time and Extension for Delay	The time allowed for execution of the Works as specified in the Schedule 'F' or the extended time in accordance with these conditions shall be the essence of the Contract. The execution of the works shall commence from such time period as mentioned in schedule 'F' or from the date of handing over of the site whichever is later. If the Contractor commits default in commencing the execution of the work as aforesaid, AAI shall without prejudice to any other right or remedy available in law, be at liberty to forfeit the earnest money & performance guarantee absolutely.
5.1		After the Contract is awarded, within 15 days, the Contractor shall submit a Time and Progress Chart for each mile stone and get it approved by the Engineer-in-charge. The Chart shall be prepared in direct relation to the time stated in the Contract documents for completion of items of the works. It shall indicate the forecast of the dates of commencement and completion of various trades of sections of the work and may be amended as necessary by agreement between the Engineer-in-Charge and the Contractor within the limitations of time imposed in the contract documents, and further to ensure good progress during the execution of the work, the contractor shall in all cases in which the time allowed for any work, exceeds one month (save for special jobs for which a separate programme has been agreed upon) complete the work as per mile stones given inSchedule'F'. Project Management shall be done. a. For works costing upto Rs. 5.00 Cr CPM/ PERT Chart

 b. Works costing more than Rs. 5.00 Cr By using Project Management Software like Primavera /MS Project or any other software with the approval of Engineer-in-charge. c. Contractor shall submit monthly progress reports (2 copies) highlighting status of various activities and physical completion of work.
PROGRAMME CHART
 i. The Contractor shall prepare an integrated programme chart in Project Management Software for the execution of work, showing clearly all activities from the start of work to completion, with details of manpower, equipment and machinery required for the fulfillment of the programme within the stipulated period or earlier and submit the same for approval to the Engineer-in- Charge within fifteen days of award of the contract. A recovery of Rs. 2500/- (for works costing upto Rs. 5.00 Crores) / Rs. 5000/- (for works costing more than Rs. 5. 00 Crores) shall be made on per day basis in case of delay in submission of the above programme. ii. The programme chart should include the following: a. Descriptive note explaining sequence of the various activities. b. Network (PERT / CPM / BARCHART). c. Programme for procurement of materials by the contractor.
 Programme for deployment of machinery / equipment's having adequate capacity, commensurate with the quantum of work to be done within the stipulated period, by the contractor. In addition to above, to achieve the progress of work as per programme, the contractor must bring at site adequate shuttering material required for cement concrete and R.C.C. works etc. for three floors within one month from the date of start of work till the completion of RCC work as per requirement of work. The contractor shall submit shuttering schedule adequate to complete structure work within laid down physical milestone. iii. If at any time, it appears to the Engineer-in-Charge that the actual progress of work does not conform to the approved programme referred above or after rescheduling of milestones, the contractor shall produce a revised programme within 7 (seven) days, showing the modifications to the approved programme to ensure timely completion of the work. The modified schedule of programme shall be approved by the Engineer in Charge. A recovery of Rs. 2500/- (for works costing upto Rs.5.00 Crores) / Rs. 5000/- (for works costing more than Rs.5.00 Crores) shall be made on per day basis in case of delay in submission of the modified programme.
iv. The submission for approval by the Engineer-in-Charge of such programme or such particulars shall not relieve the contractor of any of the duties or responsibilities under the contract. This is without prejudice to the right of Engineer-in-Charge to take action against the contractor as per terms and conditions of the agreement.
v. The contractor shall submit the progress report using MS Project / Primavera software with base line programme referred above for the work done during previous month to the Engineer-in-charge on or before 5th day of each month failing which a recovery Rs. 2500/- (for works costing up to Rs.5.00 Crores) / Rs. 5000/- (for works costing more than Rs.5.00 Crores) shall be made on per day basis in case of delay in submission of the monthly progress report.

5.2	If the work(s) be delayed by:-
	i. Force majeure, or an act of terrorism
	ii. Abnormally bad weather, or
	iii. Serious loss or damage by fire,or
	iv. Civil commotion, local commotion of workmen, strike or lockout, affecting
	any of the trades employed on the work, or
	v. Delay on the part of other contractors or tradesmen engaged by Engineer-in-
	Charge for executing work not forming part of the Contract, or
	vi. Non-availability of stores, which are the responsibility of AAI to supply or
	vii. Non-availability or break down of tools and Plant to be supplied or supplied
	by AAI or
	viii. Any other cause which, in the absolute discretion of the Engineer-in-Charge
	is beyond the Contractor's control.
	then upon the happening of any such event causing delay, the contractor shall immediately give notice thereof in writing to the Engineer in Charge
	shall immediately give notice thereof in writing to the Engineer-in-Charge but shall never the less use constantly his best endeavors to prevent or make
	good the delay and shall do all that may be reasonably required to the
	satisfaction of the Engineer-in-charge to proceed with the works.
	All correspondence with the agency and concerned stakeholders during
	execution of works will be taken into consideration for evaluation of
	hindrances causing delay, for grant of extension of time by the Competent
	Authority.
5.3	Request for rescheduling of Milestones and extension of time, to be eligible for
0.0	consideration, shall be made by the contractor in writing within fourteen days of
	the happening of the event causing delay on the prescribed form to the authority
	indicated in schedule 'F'. The contractor may also, if practicable, indicate in
	such a request the period for which extension is desired.
5.4	In any such case the Engineer-in-Charge with the approval of authority indicated
0	in Schedule 'F' may give a fair and reasonable extension of time and reschedule
	the Milestones for completion of work. Such extension or re- scheduling of the
	milestone shall be communicated to the contractor by the Engineer-in-charge in
	writing, within 1 month or 4 weeks of the date of receipt of such request
	respectively. Non-application by the contractor for extension of time/ re-
	scheduling of milestones shall not be a bar for giving a fair and reasonable
	extension/re-scheduling of milestones by the Engineer-in-charge with the
	approval of authority indicated in schedule 'F' and this shall be binding on the
	contractor

Measurements	Engineer-in-charge shall, except as otherwise provided, ascertain and determine
of Work	by measurement, the value in accordance with the contract of work done.
Done	All measurement of all items having financial value shall be entered in
	Measurement Book and/or level field book so that a complete record is obtained
	of all works performed under the contract.
	All measurements and levels shall be taken jointly by the Engineer-in-Charge or
	his authorized representative and by the contractor or his authorized
	representative from time to time during the progress of the work and such
	measurements shall be signed and dated by the Engineer-in-Charge and the
	contractor or their representatives in token of their acceptance. If the contractor
	objects to any of the measurements recorded, a note shall be made to that effect
	with reason and signed by both the parties.
	If for any reason the contractor or his authorized representative is not available
	and the work of recording measurements is suspended by the Engineer-in-

C-NIL I-NIL O-NIL

Charge or his representative, the Engineer-in-Charge and the Department shall not entertain any claim from contractor for any loss or damages on this account. If the contractor or his authorized representative does not remain present at the time of such measurements after the contractor or his authorized representative has been given a notice in writing three (3) days in advance or fails to countersign or to record objection within a week from the date of the measurement, then such measurements recorded in his absence by the Engineer- in- Charge or his representative shall be deemed to be accepted by the Contractor. The contractor shall, without extra charge, provide all assistance with every appliance, labour and other things necessary for measurements and recording
levels. Except where any general or detailed description of the work expressly shows to the contrary, measurements shall be taken in accordance with the procedure set forth in the specifications notwithstanding any provision in the relevant Standard Method of measurement or any general or local custom. In the case of items which are not covered by specifications, measurements shall be taken in accordance with the relevant standard method of measurement issued by the Bureau of Indian Standards and if for any item no such standard is available,
then a mutually agreed method shall be followed. The contractor shall give, not less than seven days' notice to the Engineer-in- Charge or his authorized Representative of the work, before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured and correct dimensions thereof be taken before the same is covered up or placed beyond the reach of measurement and shall not cover up and place beyond reach of measurement any work without consent in writing of the Engineer-in-Charge or his authorized representative of the work who shall within the aforesaid period of seven days inspect the work, and if any work shall be covered up or placed beyond the reach of measurements without such notice having been given or the Engineer-in- Charge's consent being obtained in writing, the same shall be uncovered at the Contractor's expense, or in default thereof no payment or allowance shall be made for such work or the materials
with which the same was executed. Engineer-in-Charge or his authorized representative may cause either themselves or through another officer of the department to check the measurements recorded jointly or otherwise as aforesaid and all provisions stipulated herein above shall be applicable to such checking of measurements or levels. It is also a term of this contract that recording of measurements of any item of work in the measurement book and/or its payment in the interim, on account or final bill shall not be considered as conclusive evidence as to the sufficiency of any work or material to which it relates nor shall it relieve the contractor from liabilities from any over measurement or defects noticed till completion of the defects liability period.

Clause 6 A

Computerized	Computerized measurement is mandatory for works costing more than Rs 5.00			
Measurement	Lacs. However in case of works costing lesser than Rs. 5.00 Lacs Engineer-in-			
Book	Charge may decide for adopting computerized measurement if required, except			
	as otherwise provided, ascertain and determine by measurement the value of			
	work done in accordance with the contract. All measurements of all items			
	having financial value shall be entered by the contractor and compiled in the			
	Shape of the Computerized Measurement Book having pages of A-4 size as per			

the format of the department so that a complete record is obtained of all the
items of works performed under the contract.
All such measurements and levels recorded by the contractor or his authorized
representative from time to time, during the progress of the work, shall be got
checked by the contractor from the Engineer-in-Charge or his authorized
representative as per interval or program fixed in consultation with Engineer-in-
Charge or his authorized representative. After the necessary corrections made by
the Engineer-in- Charge, the measurement sheets shall be returned to the
contractor for incorporating the corrections and for resubmission to the
Engineer-in-Charge for the dated signatures by the Engineer-in-Charge and the
contractor or their representatives in token of their acceptance.
Whenever bill is due for payment, the contractor would initially submit draft
computerized measurement sheets and these measurements would be got
checked/test checked from the Engineer-in-Charge and/or his authorized
representative. The contractor will, thereafter, incorporate such changes as may
be done during these checks/test checks in his draft computerized
measurements, and submit to the department a computerized measurement book,
duly bound, and with its pages machine numbered. The Engineer-in-Charge
and/or his authorized representative would thereafter check this MB, and record
the necessary certificates for their checks/test checks.
The final, fair, computerized measurement book given by the contractor, duly
bound, with its pages machine numbered, should be 100% correct, and no
cutting or overwriting in the measurements would thereafter be allowed. If at all
any error is noticed, the contractor shall have to submit a fresh computerized
MB with its pages duly machine numbered and bound, after getting the earlier
MB cancelled by the department. Thereafter, the MB shall be taken in the
records of Engineer-in-charge, and allotted a number as per the Register of
Computerized MBs. This should be done before the corresponding bill is
submitted to the Engineer-in-charge for payment. The contractor shall submit
two spare copies of such computerized MB's for the purpose of reference and
record by the various officers of the department.
The contractor shall also submit to the department separately his computerized
Abstract of Cost and the bill based on these measurements, duly bound, and its
pages machine numbered along with two spare copies of the "bill. Thereafter,
this bill will be processed by the Engineer-in-charge and allotted a number as
per the computerized record in the same way as done for the measurement book
meant for measurements.
The contractor shall, without extra charge, provide all assistance with every
appliance, labour and other things necessary for checking of measurements /
levels by the Engineer-in-charge or his representative.
Except where any general or detailed description of the work expressly shows to
the contrary, measurements shall be taken in accordance with the procedure set
forth in the specifications notwithstanding any provision in the relevant Standard
Method of measurement or any general of local custom. In the case of item
which are not covered by specifications, measurements shall be taken in
accordance with the relevant standard method of measurement issued by the
Bureau of Indian Standards and if for any item no such standard is available then
a mutually agreed method shall be followed.
The contractor shall give not less than seven days' notice to the Engineer-in-
Charge or his authorized representative of the work before covering up or
otherwise placing beyond the reach of checking and / or test checking the
measurement of any work in order that the same be checked and / or test
checked and correct dimensions thereof be taken before the same is covered up
or placed beyond there ach of checking and/or test checking measurement and
shall not cover up and place beyond reach of measurement any work without

consent in writing of the Engineer-in-charge or his authorized representative of the work who shall within the aforesaid period of seven days inspect the work, and if any work shall be covered up or placed beyond the reach of checking and / or test checking measurements without such notice having been given or the Engineer-in charge's consent being obtained in writing the same shall be uncovered at the contractor's expense, or in default thereof no payment or allowance shall be made for such work or the materials with which the same was executed.
Engineer-in-charge or his authorized representative may cause either themselves or through another officer of the department to check the measurements recorded by contractor and all provisions stipulated herein above shall be applicable to such checking of measurements or levels. It is also a term of this contract that checking and/or test checking the measurements of any item of work in the measurement book and/or its payment in the interim, on account of final bill shall not be considered as conclusive evidence as to the sufficiency of any work or material to which it relates nor shall it relieve the contractor from liabilities from any over measurement or defects noticed till completion of the defects liability period.

Payment on Intermediate Certificate to be regarded as Advances	No payment shall be made for work, estimated to cost Rs. Fifteen lac or less till after the whole of the work shall have been completed and certificate of completion given. For works estimated to cost over Rs. Ten lac, the interim or running account bills shall be submitted by the contractor for the work executed on the basis of such recorded measurements on the format of the Department in triplicate on or before the date of every month fixed for the same by the Engineer-in-Charge. The contractor shall not be entitled to be paid any such interim payment if the gross work done together with net payment/ adjustment of advances for material collected, if any, since the last such payment is less than the amount specified in Schedule 'F', in which case the interim bill shall be prepared on the appointed date of the month after the requisite progress is achieved. Engineer-in-Charge shall arrange to have the bill verified by taking or causing to be taken, where necessary, the requisite measurements of the work. In the event of the failure of the contractor to submit the bills, Engineer-in-Charge shall prepare or cause to be prepared such bills in which event no claims whatsoever due to delays on payment including that of interest shall be payable to the contractor. Payment on account of amount admissible shall be made by the Engineer-in-Charge certifying the sum to which the contractor is considered entitled by way of interim payment at such rates as decided by the Engineer-in-Charge. The amount admissible shall be paid Within one month after the day of presentation of the bill by the Contractor to the Engineer-in-Charge or his Asstt. Manager / Manager (Eng.) together with the account of the material issued by the headquarters of the Engineer-in-Charge, the period of ten working days will be extended to fifteen working days. All such interim payments shall not preclude the requiring of bad, unsound and imperfect or unskilled work to be rejected, removed, taken away and reconstructed or re-erected. Any certificate give

specifications. Any such interim payment, or any part thereof shall not in any respect conclude, determine of affect in any way powers of the Engineer-in- charge under the contract or any of such payments be treated as final settlement and adjustment of accounts or in any way vary or affect the contract. Pending consideration or extension of date of completion, interim payments shall continue to be made as herein provided without prejudice to the right of the department to take action under the terms of this contract for delay in the completion of work, if the extension of date of completion is not granted by the
competent authority. The Engineer-in-Charge in his sole discretion on the basis of a certificate from the Asstt Manager / Manager (Engg) to the effect that the work has been completed up to the level in question make interim advance payments without detailed measurements for work done (other than foundations, items to be covered under finishing items) up to lintel level (including sunshade etc.) and slab level, for each floor working out at 75% of the assessed value. The advance payments so allowed shall be adjusted in the subsequent interim bill by taking
detailed measurements thereof.

Completion	Within ten days of the completion of the work, the contractor shall give notice
Certificate and	of such completion to the Engineer-in-Charge and within thirty days of the
Completion	receipt of such notice, the Engineer-in-Charge shall inspect the work and if there
Plans	is no defect in the work, shall furnish the contractor with a final certificate of
	completion, otherwise a provisional certificate of physical completion indicating
	defects (a) to be rectified by the contractor and/or (b) for which payment will be
	made at reduced rates, shall be issued. But no final certificate of completion
	shall be issued, nor shall the work be considered to be complete for 'Civil
	Construction Works' until the contractor shall have removed from the premises
	on which the work shall be executed all scaffolding, surplus materials, rubbish
	and all huts and sanitary arrangements required for his/their work people on the
	site in connection with the execution of the works as shall have been erected or
	constructed by the contractor(s) and cleaned off the dirt from all wood work,
	doors, windows, walls, floor or other parts of the building, in, upon, or about
	which the work is to be executed or of which he may have had possession for
	· ·
	the purpose of the execution; thereof, and not until the work shall have been
	measured by the Engineer-in-charge. If the contractor shall fail to comply with
	the requirements of this Clause as to removal of scaffolding, surplus materials
	and rubbish and all huts and sanitary arrangement as aforesaid and cleaning off
	dirt on or before the date fixed for the completion of work, the Engineer-in-
	charge may at the expense of the contractor remove such scaffolding, surplus
	materials and rubbish etc., and dispose of the same as he thinks fit and clean off
	such dirt as aforesaid, and the contractor shall have no claim in respect of
	scaffolding or surplus materials as aforesaid except for any sum actually realized
	by the sale thereof.
	a. For electrical and mechanical capital works: The contractor shall remove the
	rubbish from the site. Following conditions must be met before recording
	completion certificate:
	Submits completion plan, maintenance manual, manufactures catalogue and
	gives performance test for system.
	b. For repair works: The performance of the repaired system has been tested and
	found satisfactory.
	c. For AMC work: The system has been tested for its performance/ completeness
	and taken over by AAI/next agency for operation and maintenance

CLAUSE8A

Contractor to	When the annual repairs and maintenance of works are carried out, the splashes
keep site clean	and droppings from white washing colour washing, painting etc., on walls, floor, windows etc. shall be removed and the surface cleaned simultaneously with the completion of these items of work in the individual rooms, quarters or premises etc.
	Where the work is done without waiting for the actual completion of all the other items of work in the contract, in case the contractor fails to comply with the requirements of this clause, the Engineer-in-charge shall have the right to get this work done at the cost of the contractor either departmentally or through any other agency. Before taking such action, the Engineer-in-charge shall give ten days notice in writing to the contractor.

CLAUSE8B

Completion Plans to be Submitted by the Contractor	The contractor shall submit completion plan as required vide General Specifications for Electrical works (Part-I internal) 2013 and (Part -II External) 1994 or latest available specifications, as applicable within thirty days of the completion of the work. The contractor shall submit completion plan for building works, all services, and obtain occupancy certificate from local bodies on the basis of completion drawings within a period of 30 days from the date of completion. The contractor shall also submit catalogues of all equipment's and maintenance manual for the complete E & M systems. If contractor fails to submit completion plans of all works, he shall be liable to pay compensation @ 0.5% of the tendered value of works costing up to Rs. 5 Crores subject to maximum of Rs. 1.5.Lac.The decision of Project-in-charge in this regard shall be final and binding on the contractor.
---	---

Payment of final bill	t of final The corrected final bill shall be submitted by the contractor in the sar as specified in interim bills within three months of physical comple work or within one month of the date of the final certificate of of furnished by the Engineer-in-charge whichever is earlier. No further of be made by the contractor after submission of the final bill and these deemed to have been waived and extinguished. Payments of those it bill in respect of which there is no dispute and of items in dispute, for and rates as approved by Engineer-in- charge, will, as far as possibl within the period specified herein under, the period being reckoner date of receipt of the bill by the Engineer-in-charge or his author Manager / Manager (Engg.), complete with account of materials issue Department and dismantled materials.		hysical completion of the certificate of completion er. No further claims shall al bill and these shall be ents of those items of the in dispute, for quantities far as possible be made being reckoned from the or his authorized Asstt.
	Śl.	Value ofwork	Timelimit
	1	If the Tendered value of work is up to Rs.50 lac	2 months
	2	If the Tendered value of work ismorethan Rs.50 lac and up to Rs. 2.5Crore:	3 months
	3	If the Tendered value of work exceeds Rs.	6 months

	2.5 Crore:	
	In case of delay in payment of final bills after prescribed time limit, a simple	
	interest @ 5% per annum shall be paid to the contractor from the date of expiry	
	of prescribed time limit which will be compounded on yearly basis, provided the	
	final bill submitted by the contractor found to be in order.	
	The Final bill shall be prepared for both L1 & L2 bidders for all tendered items	
	(excluding Extra Items based on market rate) and payment shall be made on the	
	basis of lower of the two.	

CLAUSE 9 A

Payment of	Payments due to the contractor and refund of various nature may, if so desired	
contractor's	by him and wherever possible in banks be made through electronic payment	
bills to Banks	mechanism instead of direct to him, provided that the contractor furnishes to the	
	Engineer-in-Charge.	
	i. Informations as per preforma attached.	
	ii. An authorization in the form of a legally valid document such as power of attorney conferring authority on the bank to receive payments and	
	 iii. His own acceptance of the correctness of the amount made out as being due to him by Authority or his signature on the bill or other claim preferred against Authority before settlement by the Engineer-in-charge of the account or claim by payment to the bank. While the receipt given by such banks shall constitute a full and sufficient discharge for the payment, the contractor shall whenever possible present his bills duly receipted and discharged through his bank. 	
	Nothing herein contained shall operate to create in favour of the bank any rights	
	or equities vis-à-vis the Airports Authority of India.	

Materials	Materials which Authority will supply are shown in Schedule 'B' which also
supplied by	stipulates quantum, place of issue and rate(s) to be charged in respect thereof.
Authority	The contractor shall be bound to procure them from the Engineer-in-charge.
	As soon as the work is awarded, the contractor shall finalize the programme for
	the completion of work as per clause 5 of this contract and shall
	estimates of materials required on the basis of drawings/ or solute of
	quantities of the work. The contractor shall give in writing his requirement to
	the Engineer-in-charge, which shall be issued to him the ping in view the
	progress of work as assessed by the Engineer-in- Charge in accordance with the
	agreed phased programme of work indicating notice by requirements of various
	materials. The contractor shall place his indent in writing for issue of such
	materials at least 7 days in advance of the requirement.
	Such materials shall be supplied for the purpose of the contract only and the
	value of the materials so supplied at the rates specified in the aforesaid schedule
	shall be set off or deducte, as and when materials are consumed in items of
	work (including portion wastage) for which payment is being made to the
	contractor form my sum then due or which may therefore become due to the
	contractor or otherwise or from the security deposit. At the
	time submission of bills, the contractor shall certify that balance of materials
	supplied is available at site in original good condition.
	The contractor shall submit along with every running bill (on account or interim
	bill) material-wise reconciliation statements supported by complete calculations

reconciling total issue, total consumption and certified balance (diameter/ section-wise in the case of steel) and resulting variations and reasons thereof. Engineer-in-charge shall (whose decision shall be final and binding on the contractor) be within his rights to follow the proceeding of recovery in clause 42 at any stage of the work if reconciliation is not for e satisfactory. The contractor shall bear the cost of getting the terial issued, loading, transporting to site, unloading, storing under cov as required, cutting assembling and joining the several parts to as ne essary. Notwithstanding anything to the contrary contained in an e of the contract and all stores / materials so supplied to the contractor of ured with the assistance of the AAI shall remain the absolute property of Authority and the contractor shall and the raid stores/ materials shall not be be the trustee of the stores/ materials, removed/ disposed off from the site of the wor on any account and shall be at all times open to inspection by the Eng eer-in-charge or his authorized agent. used shall be returned to the Engineer-Any such stores/ materials remain in-charge in as good a condition in they were originally supplied at a place directed by him, at a place of issue any other place specified by him as is decided not to take back the stores/ materials he shall require, but in case i the contractor shall have n claim for compensation on any account of such im as aforesaid and not used by him or for any stores/ materials so supplie /materials. wastage in or damage to j s/ materials, the contractor shall hand over On being required to return the the stores/ materials on being paid or credited such price as the Engineer-incharge shall determine, having due regard to the condition of the stores/ materials. The price allowed for credit to the contractor, however, shall be at the not exceeding the amount charged to him, excluding the prevailing market ate the discission of the Engineer-in-charge shall be final and storage charge, if any. t of Freach of the aforesaid condition, the contractor shall conclusive. In t self open to account for contravention of the terms of in addition to the the licenses or permit / or for criminal breach of trust, be liable to Authority for all advantages or profits resulting or which in the usual course would have resulted to him by r son of such breach. Provided that the contractor shall in no case be entitled to hy compensation or damages on account of any delay in supply non-supply thereof all or any such materials and stores provided ontractor shall be bound to execute the entire work if the furthe materials plied by the Authority within the original scheduled time for the work plus 50% thereof or schedule time plus 6 months completion of chever is more if the time of completion of work exceeds 12 months, but if a aterials only has been supplied within the aforesaid period, then the of the con tor hall be bound to do so much of the work as may be possible with the erials and stores supplied in the aforesaid period. For the completion of the e work, the contractor shall be entitled to such extension of time as may mined by the Engineer-in-charge whose decision in this regard shall be final and binding on the contractor. The contractor shall see that only the required quantities of materials are got

The contractor shall see that only the required quantities of materials are got sued. Any such material remaining unused and in perfectly good/ original ondition at the time of completion or determination of the contract shall be returned to the Engineer-in- charge at the stores from which it was issued or at a place directed by him by a notice in writing. The contractor shall not be entitled for loading transporting, unloading and stacking of such unused material except for the extra lead, if any involved, beyond the original place of issue.

CLAUSE 10 A

Materia	ls to be	1.	The contractor shall, at his own expense, provide all materials, required for
provide	d by the		the works other than those which are stipulated to be supplied by the
contract	-		Authority.
and Ma	ndatory	2.	The contractor shall, at his own expense and without delay; supply to the
Tests	nuator y	2.	Engineer in- charge samples of materials to be used on the work and shall get these approved in advance. All such materials to be provided by the contractor shall be in conformity with the specifications laid down or referred to in the contract. The contractor shall, if requested by the Engineer-in-charge furnish proof, to the satisfaction of the Engineer-in- charge that the materials so comply. The Engineer-in-charge shall within thirty days of supply of samples or within such further period as he may require intimate to the Contractor in writing whether samples are approved by him or not. If samples are not approved, the Contractor shall forthwith arrange to supply to the Engineer-in charge for his approval, fresh samples complying with the specifications laid down in the contract. When materials are required to be tested in accordance with specifications, approval of the Engineer-in-charge shall be issued after the test results are
		3.	received. The contractor shall at his risk and cost submit the samples of materials to be tested or analyzed and shall not make use of or incorporate in the work
			any materials represented by the samples until the required tests or analysis have been made and materials finally accepted by the Engineer-in-charge.
		4.	If any additional tests apart from mandatory tests specified in the contract are required to be carried out at the instance of AAI or any other advisory body, to ensure conformity of the item to the contract specifications, the cost of such tests shall be borne by AAI. In case the material / equipment fails in the choice tests, the expenditure insurred by AAI on testing of such
		_	fails in the above tests, the expenditure incurred by AAI on testing of such material or equipment along with incidental charges borne by AAI (if any) shall be recovered from the dues of the contractor and action shall be taken under Clause 16 and other relevant clauses of the contract.
		5.	The contractor shall not be eligible for any claim or compensation either arising out of any delay in the work or due to any corrective measures required to be taken on account of and as a result of testing of materials.
		6.	The contractor shall, at his risk and cost, make all arrangements and shall provide all facilities as the Engineer-in-charge may require for collecting and preparing the required number of samples for such tests at such time and to such place or places as may be directed by the Engineer-in-charge and bear all charges and cost of testing unless specifically provided for otherwise elsewhere in the contract or specifications. The Engineer-in- charge or his authorized representative shall at all times have access to the works and to all workshops and places where work is being prepared or from where materials manufactured, articles or machinery are being obtained for the works and the contractor shall afford every facility and every assistance in obtaining the right to such access.
		7.	The Engineer-in-charge shall have full powers to require the removal from the premises of all materials which in his opinion are not in accordance with the specifications and in case of default, the Engineer-in-charge shall be at liberty to employ at the expense of the contractor, other persons to remove the same without being answerable or accountable for any loss or damage that may happen or arise to such materials. The Engineer-in-charge shall also have full powers to require other proper materials to be substituted thereof and in case of default, the Engineer-in-charge may cause

		the same to be supplied and all costs which may be attracted for such
		removal and substitution shall be borne by the Contractor.
	8.	The contractor shall at his own expense, provide a material testing lab at
		the site for conducting routine field tests. The lab shall be equipped atleast
		with the testing equipment as specified in Schedule F.
	9.	Details in respect of all mandatory tests shall be maintained in the desired
		format and attached with each Running Account Bill.

CLAUSE 10 B

	Secured Advance on Nonperishable materials	 The Contractor, on signing an indenture in the form to be specified by the Engineer-in- charge, shall be entitled to be paid during the progress of the execution of the work upto 75% of the assessed value of any materials which are in the opinion of the Engineer-in-charge nonperishable, non-fragile and noncombustible and are in accordance with the contract and which have been brought on the site in connection therewith and are adequately stored and/ or protected against damage by weather or other causes but which have not at time of advance been incorporated in the works. When materials on account of which an advance has been made under this sub-clause are incorporated in the work, the amount of such advance shall be recovered/ deducted from the next payment made under any of the clause or clauses of this contract. Such secured advance shall also be payable on other items of perishable nature, fragile and combustible with the approval of the Engineer-in-charge provided the contactor provides a comprehensive insurance cover for the full cost of such materials. The decision of the Engineer-in-charge shall be final and binding on the contractor in this matter. No secured advance, shall however, be paid on high-risk materials such as ordinary glass, sand, petrol, diesel etc. The secured advance shall also be payable against items brought at site for use in electrical and mechanical systems. Such secured advance shall be paid on submission of Collateral Bank Guarantee submitted by the vendor against the payment in case equipment/system fails to perform on testing and commissioning. Normally secured advance is paid up to 75% of the assessed value of items but in any case it shall not exceed 80% of cost of items indicated for supply of equipment.
(II)	Mobilization Advance	 Mobilization advance not exceeding 10% of the tendered value shall be paid for the works costing more than Rs 5.00 Cr, subject to the availability of funds and if requested by the contractor in writing within period as indicated below. a. For the works costing between Rs. 5 crores – Rs.100 crores the application for the issue of mobilization advance must be received in writing within 30 days of handing over of the site. b. For the works costing more than Rs. 100 crores the application for the issue of mobilization advance must be received in writing within 45 days of handing over of the site. c. The contractor shall execute a Bank Guarantee Bond from any Scheduled Bank but not Co-operative or Gramin Bank as specified by Engineer-in-charge for 110% of value of installment of mobilization advance before such advance is released. The first installment should not exceed Rs.20.00 Cr. for the work for which the estimated cost is kept as Rs.500.00 Cr. or more. The No. of installments shall be

	 decided by AAI depending on progress of work and availability of funds. d. The second and subsequent installments shall be released by the Engineer-in-charge only after the contractor furnishes a proof of the satisfactory utilization of the earlier installment to the entire satisfaction of the Engineer-in-charge. Provided provision of Clause 10B (II) shall be applicable only when so provided in Schedule 'F'. The contractor shall accordingly submit Bank Guarantee in parts for release of corresponding mobilization advance and validity of BG shall befor a extended period of 3months beyond stipulated date of completion.
Interest on Mobilization advance	 3. The mobilization advance bear simple interest at the rate of 10% per annum and shall be calculated from the date of payment to the date of recovery, both days inclusive, on the outstanding amount ofadvance. a. However, in rare cases, wherein progress of work is delayed beyond stipulated period of completion due to reasons beyond control of contractor, deferment in recovery of mobilization advance with accumulated interest thereon may be considered by AAI. In such case of deferred recovery, an enhanced rate of interest i.e 15% per annum shall be payable with recovery of outstanding mobilization amount @ 50% of gross value of running account bill(s), subject to Engineer-In-Charge certifying that deferment towards recovery of outstanding advance is proposed in theoverall interest of the project and is necessitated to improve the progress of work.
Recovery of Mobilization advance	 4. Recovery of such advanced of sums against above and the interest thereon shall be made by deduction from (the contractor's bill) the on-account payments in suitable percentage in relation to the stipulated period of completion as detailed below: a. 25% of the amount advanced plus interest due upto 1/4th of the stipulated period of the completion. b. 60% of the amount advanced plus interest due upto ½ of the stipulated period of the completion. c. 100% of the amount advanced plus interest due upto 3/4th of the stipulated period of the completion or 80% of the progress of work whichever is earlier. d. Wherein progress of work is delayed beyond stipulated period of completion due to reasons beyond control, deferment in recovery of mobilization advance with accumulated interest thereon may be considered at an enhanced rate of interest i.e. 15% per annum with recovery of outstanding mobilization advance @50% of gross value of running account bill.
	e. In case requisite amount as recoverable above is not available in on- account payments mentioned above, the agency shall deposit the same within 7 days of its due otherwise all Bank Guarantees submitted by the agency towards mobilization advance shall be encashed by the Engineer-in-charge.

CLAUSE 10 C

 	Payment on Account of Increase in Prices/ Wages due to Statutory Order(s)	If after submission of the tender, the price of any material incorporated in the works (excluding the materials covered under Clause 10CA and not being a material supplied from the Engineer-in-charge's stores in accordance with Clause 10 thereof) and/ or wages of labour increases as a direct result of the coming into force of any fresh law or statutory rule or order (but not due to any variation of rates in GST applicable on such materials being considered under this clause) beyond the prices / wages prevailing at the time of last stipulated date for receipt of the tenders including extensions, if any, for the work, during contract period including the justified period extended under the provisions of the Clause 5 of the Contract without any action under Clause 2, then the amount of the contract shall accordingly be varied. If after submission of the tender, the price of any material incorporated in the works (excluding the material covered under clause 10CA and not being a material supplied from the Engineer-in-charge's stores in accordance with clause 10 thereof) and / or wages of labour as prevailing at the time of last stipulated date of receipt of tender including extensions, if any, is decreased as a direct result of the coming into force of any fresh law or statutory rule or order (not due to any changes in GST /Custom duty). Authority shall in respect of materials incorporated in the works (excluding the material covered under clause 10CA and not being materials supplied from the Engineer-in-charge's stores in accordance with Clause 10 hereof) and/ or uses 0 the contractor, such amount as shall be equivalent to the difference between the prices of the materials and/or wages as prevailed at the time of the last stipulated date for receipt of tender including the justified period extended under the provisions of clause 5. The contract, without any action under clause 2.

Payment due to variation in prices of materials after receipt of tender	If after submission of the tender, the price of materials specified in Schedule-F increases/ decreases beyond the base price(s) as indicated in schedule F for the work, then the amount of the contract shall accordingly bevaried and provided further that any such variations shall be effected for stipulated period of contract including the justified period extended under the provisions of clause 5 of the contract without any action under Clause 2.
	However for work done/ during the justified period extended as above, it will be limited to indices prevailing at the time of updated stipulated date of completion considering the effect of extra work (Extra time to be calculated on pro-rata basis only as cost of extra work X stipulated period/ tendered cost).
	The increase/ decrease in prices of cement, steel reinforcement, structural steel, Bitumen and POL shall be determined by the Price indices issued by the Director General, CPWD. For other items provided in the Schedule 'F', this shall be determined by the All India Wholesale Price Indices of materials as published by Economic Advisor to Government of India, Ministry of Commerce and Industry. Base price for cement, steel reinforcement, structural steel and POL shall be as issued under authority of Director General, CPWD applicable for Delhi including Noida, Gurgaon, Faridabad and Ghaziabad and for other places as issued under the authority of Zonal Chief Engineer, CPWD and base price of other materials issued by concerned Zonal Chief Engineer and as indicated in Schedule 'F'. In case, price index of a particular material is not issued by Ministry of Commerce and Industry then the price index of nearest similar material as indicated in Schedule F shall be followed. The amount of the contract shall accordingly be varied for all such materials worked out as per the formula given below for individual material:
	Adjustment for component of individual material.
	$V = P \ge Q \ge \frac{Cl-Cl0}{Cl0}$
	where,
	V = Variation in material cost i.e. increase or decrease in the amount in rupees to be paid or recovered
	P = Base price of material as issued under authority of DG, CPWD or concerned Zonal Chief Engineer CPWD and as indicated in Schedule 'F'.
	For Projects and original works
	Q = Quantity of material brought at site for bonafide use in the works since previous bill excluding any such quantity consumed in the deviated quantity of items beyond deviation limit and extra/substituted item, paid/to be paid at rates derived on the basis of market rates under clause 12.2
	For maintenance works
	Q = Quantity of material brought at site for bonafide use in the works since previous bill including any such quantity consumed in the deviated quantity of items beyond deviation limit paid at agreement rates and extra/substituted item being scheduled items, but excluding non scheduled extra/substituted item paid/to be paid at market rates under clause 12.2

 Cl0=Price index for cement, steel reinforcement bars, structural steel and POL as issued by the DG, CPWD and corresponding to the time of base price of respective material indicated in schedule 'F'. For other items, if any provided in Schedule 'F', All India Wholesale Price Index for the material as published by the Economic Advisor to Government of India, Ministry of Industry and Commerce and corresponding to the time of base price of respective material indicated in Schedule'F'. Cl = Price index for cement, steel reinforcement bars, structural steel and POL as issued under the authority of DG, CPWD for period under
 consideration. For other items, if any, provided in Schedule 'F' All India Wholesale Price Index for the material for the period under consideration as published by Economic Advisor to Government of India, Ministry of Industry and Commerce. If actual purchase price of material is less than base price P and CI ≥ CIo then, this clause shall not be applicable.
Note:
i. In respect of justified period extended under the provisions of Clause 5 of the contract without any action under clause 2, the index prevailing at the time of updated stipulated date of completion considering the effect of extra work (extra time to be calculated on prorata basis only as cost of extra work X stipulated period/ tendered cost) shall be considered.
Provided always that provisions of the preceding Clause 10 C shall not be applicable in respect of materials covered in this Clause.
ii. If during progress of work or at the time of completion of work, it is noticed that any material brought at site is in excess of requirement, then amount of escalation if paid earlier on such excess quantity of material shall be recovered on the basis of cost indices as applied at time of payment of escalation or as prevailing at the time of effecting recovery, whichever is higher.
iii. Cement mentioned wherever in this clause includes cement component used in RMC brought at site from outside approved RMC plants, if any.
iv. The date wise record of ready mix concrete shall be kept in a register and cement consumption for the same shall be calculated accordingly.If built-up steel items are brought at site from workshop, than the variation
shall be paid for structural steel up-to the period when the built-up item/ finished product is brought at site.

Clause 10CC

Payment due to Increase/ Decrease in Prices / Wages (excluding material covered under clause 10CA) after Receipt of Tender for works.	 If the prices of materials (not being materials supplied optimes rendered at fixed prices by the Department in accordance with clause optimes thereof) and/or wages of labour required for execution of work increase, the intractor shall be compensated for such increase as per provision detailed below and the amount of the contract shall accordingly be varied. A method be used to the condition that such compensation for escalation in prices and wages of the contract without any action under clause2. No such compensation shall be payable for a work for which the stipulated period of completion is equal to or less than the tipulated period of completion is equal to or less than the tipulated and labour, when due, shall be worked out based on the following provisions. i. The base date for working out such escalation shall be the last stipulated date of the receipt of tenders including stension, if any. ii. The cost of work on which escalation shall be payable shall be reckoned as below: a. Gross value of work dote upto this quarter (A) b. Gross value of work dote upto the surface (excluding material covered under clause 100 be scored advance (excluding material covered under clause 100 be covered in this quarter (D) e. Full assessed value of scored davance (excluding material covered under clause 100 be covered during this quarter (G) h. Advance payment mac during this quarter: (THE) i. The ase stap the durate the score advance is payable in this quarter (G-H) (J) j. Extra may deviated quantities of items paid as per clause 12 based (J) on the score during this quarter: THEn, Walter (J-H) k. cover durater as burning this quarter: THEn, Walter (J-H)
	of work for which escalation is applicable W=N-(K+L+X)
	Components for materials, (except Bitumen, cement, reinforcement bars, tructural steel or others material covered under clause 10CA) labour, P.O.L. etc. shall be pre-determined for every work and incorporated in the conditions of contract attached to the tender papers included in Schedule F. The decision of the Engineer-in charge in working out such percentage shall be binding on the contracts.

	reinforcement bars, structural steel or others material covered and clause 10CA) and P.O.L. shall be worked as per the formula(m & clause below: a. Adjustment for civil component (except Bitumen, cement, reinit ement bars, structural steel and others material covered under clause bCA) /electrical component of construction.
Materials	m. Formula for adjustment in material cost
	$ \begin{array}{llllllllllllllllllllllllllllllllllll$

	 action under Clause 2, the index prevailing at the time of updated stipulated date of completion or the prevailing index of the period under consideration, whichever is less, shall be considered) 10 = All India wholesale price index for Fuel, Oil and Lubricant valid on the last stipulated date of receipt of tenders including extensions, if any.

Labour	 v. The following principles shall be followed while working out the mentioned in above Para a. The compensation for escalation shall be worked out at fuarterly intervals and shall be with respect to the cost of work done as a statule pair during the three calendar months of the said quarter. The dates are the pair during the three calendar months of the said quarter. The dates are the pair during the three calendar months of the said quarter. The dates are the pair during the three calendar months of the said quarter. The dates are the pair during the three calendar months of the said quarter. The dates are the pair during the three calendar months of the said quarter. The dates are the pair during the three calendar months of the department increase of computerized measurement book shall be the guiding factor p decide be bills relevant to the quarterly interval. The first such payment is all be made at the end of three months after the month (excluding the month in which the tender was accepted) and thereafter at three module terval. At the time of completion of the work, the last period for p. the might become less than 3 months depending on the actual date of commight become less than 3 months depending on the actual date of comment indices relevant to the three calendar provide the period up to date of completion after the quarter creater are and of I shall be the average of the indices for the menths falling within that period. vi Formula for adjustment inLegourcot
	 V₁ = Variation in labour cost i.e. thount of increase or decreasein rupees to be paid or recovered W = Value of ways worked out as indicated in sub para (ii) above Y = Component or the expressed as a percentage of the total value of the work. L1 = Minimum wage incrupees of an unskilled adult male mazdoor, fixed under any law, solutor rule or order as applicable on the last date of the quarter prevaise to the one under consideration (in respect to the justified period extra under the provisions of clause 5 of the contract without any action under any 2, the minimum wage prevailing on the last date of a quarter previous to the quarter pertaining to updated stipulated date of a considering the effect of extra work (extra time to be calculated share basis only as cost of extra work x stipulated period/tendered cost, share considered.) L1₀ = Min mum daily wage in rupees of an unskilled adult male mazdoor, fixed under any law, statutory rule or order as on the last stipulated date of receipt of truder including extension if any.

v	vii. The following principles will be followed in the
	compensation as per sub para(vi) above:
	a. The minimum wage of an unskilled male mazdool mentioned in sub para (vi) above shall be the higher of the age noticed by Government of
	India, Ministry of Labour and that the by the local administration
	both relevant to the place of work and the place of reckoning.
	b. The escalation for labour also shall be paid at the same quarterly intervals when escalation due to increase in cost of materials and/ or P.O.L. is paid under this clause. If such revision of minimum wages take place during any such quarterly intervals, the escalation compensation shall be payable at revised rates only for work and a subsequent quarters.
	c. Irrespective of variations in minine wages of any category of labour, for the purpose of this cause, the variation in the rate for an unskilled male mazdoor alone shall form the basis for working out the escalation compensation payable to be labour component.
X	viii. In the event the price of the stand or wages of labour required for
	execution of the worl decrease, there shall be a downward adjustment of
	the cost of work so that such price of materials and/ or wages of labour shall
	be deductible from the cost of work under this contract and in this regard the
	formula herein before stated under this Clause 10CC shall mu <i>tatis mutandis</i> apply, provided nat
	a. No such a structure for the decrease in the price of materials and/or
	wages of a superformentioned would be made in case of contracts in which the stiput of period of completion of the work is equal to or less than the time as specified in Schedule F.
	b. The Enginee in-charge shall otherwise be entitled to lay down the procedure by which the provision of this sub clause shall be in lemented from time to time and the decision of the Engineer-in-
	this behalf shall be final and binding on the contractor.
	ix. Provided a sthat:
	Where provisions of clause 10CC are applicable, provisions of clause 10 C will not be applicable but provisions of clause 10CA will be oppliable.
	b. Where provisions of clause 10CC are not applicable, provisions of Clause 10C and 10CA will become applicable.
Ν	ote: Updated stipulated date of completion (period of completion plus extra time
	for extra work for compensation under clause 10C, 10CA and 10CC, the
	factor of 1.25 taken into account for calculating the extra time under clause 12.1 for extra time shall not be considered while calculating the updated
	stipulated date of completion for this purpose in clause 10C, clause 10CA,
	and clause 10CC.
	The date of preparation of bill shall be as finally entered in the measurement book by AM / Mgr. / SM / AGM or the date of submission of bill by the contractor to the Department. This shall be the guiding factor to decide the bill relevant to that period in case of computerized billing.

Dismantled	The contractor shall treat all materials obtained during dismantling of a structure,
Material	excavation of the site for a work etc. as property of AAI and such materials shall
AAI	be disposed of to the best advantage of Authority according to the instructions in
Property	writing issued by the Engineer-in-charge.

	Deviations / variations extent and pricing	The engineer-in-charge shall have power (i) to make alteration in, omissions from, additions to, or substitutions for the original specifications, drawings, designs and instructions that may appear to him to be necessary or advisable during the progress of the work, and (ii) to omit a part of the works in case of non-availability of a portion of the site or for any other reasons and the contractor shall be bound to carry out the works in accordance with any instructions given to him in writing signed by the Engineering- charge and such alterations, omissions, additions or substitutions shall form part of the contract as if originally provided therein and any altered, additional or substituted work which the contractor may be directed to do in the manner specified above as part of the works, shall be carried out by the contractor on the same conditions in all respects including price on which he agreed to do the main work except as hereafter provided.
12.1		 The time for completion of the works shall, in the event of any deviations resulting in additional cost over the tendered value being ordered, be extended, if requested by the contractor, as follows: i. In the proportion which the additional cost of the altered, additional or substituted work, bears to the original tendered value plus ii. 25% of the time calculated in (i) above or such further additional timeas may be considered reasonable by the engineer-in-charge.

12.2 Deviation, Extra Items and Pricing In the case of extra item(s) (items that are completely new, and in addition items contained in the contract) the contractor may within fifteen days of rest of order or occurrence of the item(s) claim rates, supported by proper analysis the work and the Engineer-in-charge shall within Six weeks of the receipt of claims supported by analysis, after giving consideration to the analysis of the submitted by the contractor, determine the rates on the basis of the market rates the contractor shall be paid in accordance with the rates so determined.

	Deviation, substituted items pricing	 In the case of substituted items (items that are taken up with partial substitution or in lieu of items of work in the contract), the rate for the agreement item (to be substituted) and substituted item shall also be determined in the manner as mentioned in the following para. (i) If the market rate for the substituted item so determined is more than the market rate of the agreement item (to be substituted), the rate payable to the contractor for the substituted item shall be the rate for the agreement item (to be substituted) so increased to the extent of the difference between the market rate for the substituted item so determined is less than the market rate of the agreement item (to be substituted). (ii) If the market rate for the substituted item so determined is less than the market rate of the agreement item (to be substituted), the rate payable to the contractor for the substituted item shall be the rate for the agreement item (to be substituted). (ii) If the market rate for the substituted item so determined is less than the market rate of the agreement item (to be substituted), the rate payable to the contractor for the substituted item shall be the rate for the agreement item (to be substituted) so decreased to the extent of the difference between the market rates of substituted item shall be the rate for the agreement item (to be substituted) so decreased to the extent of the difference between the market rates of substituted item and the agreement item (to be substituted).
	Deviation, Deviated Quantities, Pricing	In the case of contract items, substituted items, contract cum substituted items, which exceed the limits laid down in schedule F, the contractor may within fifteen days of receipt of order or occurrence of the excess, claim revision of the rates, supported by proper analysis for the work in excess of the above mentioned limits, provided that if the rates so claimed are in excess of the rates specified in the schedule of quantities, the Engineer-in-Charge shall within prescribed time limit of receipt of the claims supported by analysis, after giving consideration to the analysis of the rates submitted by the contractor, determine the rates on the basis of the market rates and the contractor shall be paid in accordance with the rates so determined.
12.3		The provisions of the preceding paragraph shall also apply to the decrease in the rates of items for the work in excess of the limits laid down in Schedule F, and the Engineer-in-Charge shall after giving notice to the contractor within one month of occurrence of the excess and after taking into consideration any reply received from him within fifteen days of the receipt of the notice, revise the rates for the work in question within one month of the expiry of the said period of fifteen days having regard to the market rates.
12.4		The contractor shall send to the Engineer-in-Charge once every three months, an upto date account giving complete details of all claims for additional payments to which the contractor may consider himself entitled and of all additional work ordered by the Engineer-in-Charge, which he has executed during the preceding quarter failing which the contractor shall be deemed to have waived his right. However, the Executive Director Engineering may authorize consideration of such claims on merits.

	ALEPORTS AUTHORITY OFINEDA
12.5	 For the purpose of operation of Schedule F, the following works shall be treated as works relating to foundation unless & otherwise defined in the contract: i. For Buildings: All works up to 1.2 meters above ground level or up to floor 1 level whichever is lower. ii. For abutments, piers and well staining: All works up to 1.2 m above the bed level. iii. For retaining walls, wing walls, compound walls, chimneys, overhead reservoirs/tanks and other elevated structures: All works up to 1.2 m above the ground level.
	 iv. For roads, apron, runway &taxi track all items of excavation, filling GSBC and including treatment of sub-base. v. For reservoirs/tanks (other than overhead reservoirs/tanks): All works upto 1.2 meters above the ground level. vi. For basement: All works up to 1.2 m above ground level or up to floor 1 level whichever is lower.
12.6	Any operation incidental to or necessarily has to be in contemplation of tenderer while filing, tender, or necessary for proper execution of the item included in the Schedule of quantities or in the schedule of rates mentioned above, whether or not, specifically indicated in the description of the item and the relevant specifications, shall be deemed to be included in the rates quoted by the tenderer or the rate given in the said schedule of rates, as the case may be. Nothing extra shall be admissible for such operations.

CLAU	SE 13	
	Foreclosure of	If at any time after acceptance of the tender or during the progress of work the
	contract due	purpose or object for which the work is being done changes due to any
	to	supervening cause and as a result of which the work has to be abandoned or
	Abandonment	reduced in scope the Engineer-in-Charge shall give notice in writing to that
	or Reduction	effect to the contractor and the contractor stating the decision as well as the
	in	cause for such decision and the contractor shall act accordingly in the matter.
	Scope of Work	The contractor shall have no claim to any payment of compensation or otherwise
	-	whatsoever, on account of any profit or advantage which he might have derived
		from the execution of the works in full but which he did not derive in
		consequence of the foreclosure of the whole or part of the works. The contractor
		shall be paid at contract rates, full amount for works executed at site and, in
		addition, a reasonable amount as certified by the Engineer-in-Charge for the
		items hereunder mentioned which could not be utilized on the work to the full
		extent in view of the foreclosure;
		i. Any expenditure incurred on preliminary site work, e.g. temporary access
		roads, temporary labour huts, staff quarters and site office; storage
		accommodation and water storage tanks.
		ii. AAI shall have the option to take over contractor's materials or any part
		thereof either brought to site or of which the contractor is legally bound to
		accept delivery from suppliers (for incorporation in or incidental to the
		work) provided, however AAI shall be bound to take over the materials or
		such portions thereof as the contractor does not desire to retain. For
		materials taken over or to be taken over by AAI, cost of such materials as
		detailed by Engineer-in- Charge shall be paid. The cost shall, however,
		take into account purchase price, cost of transportation and deterioration
		or damage which may have been caused to materials whilst in the custody
		of the contractor.
		iii. If any materials supplied by AAI are rendered surplus, the same except
		normal wastage shall be returned by the contractor to AAI at rates not
		exceeding those at which these were originally issued, less allowance for
		any deterioration or damage which may have been caused whilst the
		materials were in the custody of the contractor. In addition, cost of
		transporting such materials from site to AAI stores, if so required by AAI,
		shall be paid.
	1	

iv. Reasonable compensation for transfer of T & P from site to contractor's permanent stores or to his other works, whichever is less. If T & P are not transported to either of the said places, no cost of transportation shall be payable.
v. Reasonable compensation for repatriation of contractor's site staff and imported labour to the extent necessary.
The contractor shall, if required by the Engineer- in-Charge, furnish to him, books of account, wage books, time sheets and other relevant documents and evidence as may be necessary to enable him to certify the reasonable amount payable under this condition.
The reasonable amount of items on (i), (iv) and (v) above shall not be in excess of 2% of the cost of the work remaining incomplete on the date of closure, i.e. total stipulated cost of the work as per accepted tender less the cost of work
actually executed under the contract and less the cost of contractor's materials at site taken over by the AAI as per item (ii) above. Provided always that against any payments due to the contractor on this account or otherwise, the Engineer- in-Charge shall be entitled to recover or be credited with any outstanding
balances due from the contractor for advance paid in respect of any tool, plants and materials and any other sums which at the date of termination were recoverable by the AAI from the contractor under the terms of the contract. In the event of action being taken under clause 13 to reduce the scope of work,
the contractor may furnish fresh Performance Guarantee on the same conditions, in the same manner and at the same rate for the balance tendered amount and initially valid upto the extended date the completion or stipulated date of completion if no extension has been granted plus 180 days beyond that.
Wherever, such a fresh Performance Guarantee is furnished by the contractor, the Engineer in Charge may return the previous Performance Guarantee.

	T
Carrying out	a. If contractor:
part Work at	i. At any time makes default during currency of work or does not execute
risk & cost	any part of the work with due diligence and continues to do so even after a
of contractor	notice in writing of 7 days in this respect from the Engineer-in-Charge; or
	ii. Commits default in complying with any of the terms and conditions of the
	contract and does not remedy it or takes effective steps to remedy it within
	7 days even after a notice in writing is given in that behalf by the Engineer-
	in-Charge; or
	iii. Fails to complete the work(s) or items of work with individual dates of
	completion, on or before the date(s) so determined, and does not complete
	them within the period specified in the notice given in writing in that
	behalf by the Engineer-in-Charge.
	benan by the Englicer-In-Charge.
	b. The Engineer- in-Charge without invoking action under clause 3 may, without
	prejudice to any other right or remedy against the contractor which have either
	accrued or accrue thereafter to AAI, by a notice in writing to take the part
	work / part incomplete work of any item(s) out of his hands and shall have
	powers to:
	i. Take possession of the site and any materials, constructional plant,
	implements, stores, etc., thereon; and/or
	ii. Carry out the part work / part incomplete work of any item(s) by any
	means at the risk and cost of the contractor.

c. The Engineer-in-Charge shall determine the amount, if any, is recoverable
from the contractor for completion of the part work/ part incomplete work of any item(s) taken out of his hands and executed at the risk and cost of the contractor, the liability of contractor on account of loss or damage suffered by AAI because of action under this clause shall not exceed 10% of the tendered value of the work.
 d. In determining the amount, credit shall be given to the contractor with the value of work done in all respect in the same manner and at the same rate as if it had been carried out by the original contractor under the terms of his contract, the value of contractor's materials taken over and incorporated in the work and use of plant and machinery belonging to the contractor. The certificate of the Engineer-in-Charge as to the value of work done shall be final and conclusive against the contractor provided always that action under this clause shall only be taken after giving notice in writing to the contractor. Provided also that if the expenses incurred by the department are less than the amount payable to the contractor. e. Any excess expenditure incurred or to be incurred by AAI in completing the part work/ part incomplete work of any item(s) or the excess loss of damages suffered or may be suffered by AAI as aforesaid after allowing such credit shall without prejudice to any other right or remedy available to AAI in law or per as agreement be recovered from any money due to the contractor on any account, and if such money is insufficient, the contractor shall be called upon in writing and shall be liable to pay the same within 30 days. f. If the contractor fails to pay the required sum within the aforesaid period of 30 days, the Engineer-in-Charge shall have the right to sell any or all of the contractors' unused materials, constructional plant, implements, temporary building at site etc. and adjust the proceeds of sale thereof towards the dues recoverable from the contractor under the contract and if thereafter there remains any balance outstanding, it shall be recovered in accordance with the provisions of the contract/ provisions of law.
In the event of above course being adopted by the Engineer-in-Charge, the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any engagements or made any advance on any account or with a view to the execution of the work or the performance of the contract.

Suspension of Work	 i. The contractor shall, on receipt of the order in writing of the Engineer-in-Charge, (whose decision shall be final and binding on the contractor) suspend the progress of the works or any part thereof for such time and in such manner as the Engineer-in- Charge may consider necessary so as not to cause any damage or injury to the work already done or endanger the safety thereof for any of the following reasons: a. on account of any default on the part of the contractor or;
	 b. for proper execution of the works or part thereof for reasons other than the default of the contractor;or c. For safety of the works or part thereof. The contractor shall, during such suspension, properly protect and secure the works to the extent necessary and carry out the instructions given in that behalf by the Engineer-in-Charge.

ii. If the suspension is ordered for reasons (b) and (c) in sub-para (i) above (but not attributed to contractor):
 not attributed to contractor): a. the contractor shall be entitled to an extension of time equal to the period of every such suspension PLUS 25% for completion of the item or group of items of work for which a separate period of completion is specified in the contract and of which the suspended work forms a part,and; b. If the total period of all such suspensions in respect of an item or group of items or work for which a separate period of completion is specified in the contract exceeds thirty days, the contractor shall, in addition, be entitled to such compensation as the Engineer-in-Charge may consider reasonable in respect of salaries and/or wages paid by the contractor to his employees and labour at site, remaining idle during the period of suspension, adding thereto 2% to cover indirect expenses of the contractor provided the contractor submits his claim supported by details to the Engineer-in-Charge within fifteen days of the expiry of the period of 30days. c. If the works or part thereof is suspended on the orders of the Engineer-in-Charge for more than three months at a time, except when suspension is ordered for reasons (a) in sub-para (i) above, the contractor may after receipt of such order serve a written notice on the Engineer-in-charge of the said notice, to proceed with the work or part thereof in regard to which progress has been suspended and if such permission is not granted within that time, the contractor, if he intends to treat the suspension, where it affects only a part of the works, as an abandonment of the works by AAI, shall within ten days of expiry of such period of 15 days give notice in writing of his intention to the Engineer-in-Charge. In the event of the contractor treating the suspension as an abandonment of the contract by AAI, he shall have no claim to payment of any compensations on account of any profit or advantage which he might have derived from the execution of the work in full but which he could not derive in consequence of the aban
reasonable, in respect of salaries and/or wages paid by him to his employees and labour at site, remaining idle in consequence adding to the total thereof 2% to cover indirect expenses of the contractor provided the contractor submits his claim supported by details to the Engineer-in- Charge within 30 days of the expiry of the period of 3 months.

CLAUSE 15 A

Compensatio	The contractor shall not be entitled to claim any compensation from AAI for the
n in case of	losses suffered by him on account of deley by the little supply of materials in
delay due to	losses suffered by him on account of deley by the light surply of materials in Schedule 'D' where mich delay is covered by the differenties data g to supply of
late supply of	wagons, for e name e or an reason se caus beyond the cultro of AAI.
stipulated	
material by	This clause 15 A yell path epplicable for works where no material is stipulated
AAI.	for issue by AAI.

Action in case Work not done as per Specifications	All works under or in course of execution or executed in pursuance of the contract, shall at all times be open and accessible to the inspection and supervision of the Engineer-in-Charge, his authorize subordinates in charge of the work and all the superior officers, officer of the Quality Assurance Unit of the AAI or any organization engaged by the Department of Quality Assurance and of the Chief technical Examiner's Office, and the contractor shall, at all times, during the usual working hours and at all other times at which reasonable notice of the visit of such officers has been given to the contractor, either himself be present to receive orders and instructions or have a responsible agent duly accredited in writing, present for that purpose. Orders given to the Contractor's agent shall be considered to have the same force as if they had been given to the contractor himself. If it shall appear to the Engineer-in -charge or his authorized subordinates in charge of the work or to the Executive Director-In-charge of quality assurance or his subordinate officers, that any work has been executed with unsound, imperfect, or unskillful workmanship, or with materials or articles provided by him for the execution of the work which are unsound or of a quality inferior to that contracted or otherwise not in accordance with the contract, the contractor shall, on demand in writing which shall be made within twelve months (six months in the case of
	work costing Rs.10 lac and below except road work) of the completion of the work from the Engineer-in-Charge specifying the work, materials or articles complained of notwithstanding that the same may have been passed, certified and paid for forthwith rectify, or remove and reconstruct the work so specified in whole or in part, as the case may require or as the case may be, remove the materials or articles so specified and provide other proper and suitable materials or articles at his own charge and cost. In the event of the failing to do so within a period specified by the Engineer-in-Charge in his demand aforesaid, then the contractor shall be liable to pay compensation at the same rate as under clause 2 of the contract (for non-completion of the work in time) for this default. In such case the Engineer-in-Charge may not accept the item of work at the rates applicable under the contract but may accept such items at reduced rates as the authority specified in schedule 'F' may considered reasonable during the preparation of on account bills or final bill if the item is so acceptable without detriment to the safety and utility of the item and the structure or he may reject the work outright without any payment and/or get it and other connected and incidental items rectified, or removed and re-executed at the risk and cost of the contractor. Decision of the Engineer-in-Charge to be conveyed in writing in respect of the same will be final and binding on the contractor.

Contractor Liable for Damages, defects during maintenance period	If the contractor or his working people or servants shall break, deface, injure or destroy any part of building in which they may be working, or any building, road, road kerb fence, enclosure, water pipe, cables, drains, electric or telephone post or wires, trees, grass or grassland, or cultivated ground contiguous to the premises on which the work or any part is being executed, or if any damage shall happen to the work while in progress, from any cause whatever or if any defect, shrinkage or other faults appear in the work within twelve months (six months in the case of work costing Rs. Ten lacs and below except road work) after a certificate final or otherwise of its completion shall have been given by the
--	---

Engineer-in-charge as aforesaid arising out of defect or improper materials or
workmanship the contractor shall upon receipt of a notice in writing on that
behalf make the same good at his own expense or in default the Engineering-
charge cause the same to be made good by other workmen and deduct the
expense from any sums that may be due or at any time thereafter may become
due to the contractor, or from his security deposit or the proceeds of sale thereof
or of a sufficient portion thereof. The security deposit of the contractor shall not
be refunded before the expiry of twelve months (six months in the case of work
costing Rs.Ten lacs and below except road work) after the issue of the certificate
final or otherwise, of completion of work, or till the final bill has been prepared
and passed whichever is later. Provided that in the case of road work, if in the
opinion of the Engineer-in-charge, half of the security deposit is sufficient, to
meet all liabilities of the contractor under this contract, half of the security deposit
will be refundable after six months and the remaining half after twelve months of
the issue of the said certificate of completion or till the final bill has been
prepared and passed whichever is later.
In case of Maintenance and Operation works of E&M services, the security
deposit deducted from contractors shall be refunded within one month from the
date of final payment or within one month from the date of completion of the
maintenance contract whichever is earlier.

C 4	
Contractor	The contractor shall provide at his own cost all materials (except such special
to Supply	materials, if any, as may in accordance with the contract be supplied from the
Tools &	Engineer-in charge's stores) machinery, tools & plants as specified in Schedule F.
Plants etc.	in addition to this, appliances, implements, other plants, ladders, cordage, tackle,
	scaffolding and temporary works required for the proper execution of the work,
	whether original, altered or substituted and whether included in the specifications
	or other documents forming part of the contract or referred to in these conditions
	or not, or which may be necessary for the purpose of satisfying or complying
	with the requirements of the Engineer-in charge as to any matter as to which
	under these conditions he is entitled to be satisfied, or which he is entitled to
	require together with carriage therefor to and from the work. The contractor shall
	also supply without charge the requisite number of persons with the means and
	materials, necessary for the purpose of setting out works, and counting, weighing
	and assisting the measurement for examination at any time and from time to time
	of the work or materials. Failing his so doing, the same may be provided by the
	Engineer-in-charge at the expense of the contractor and the expenses may be
	deducted, from any money due to the contractor, under this contract or otherwise
	and/ or from his security deposit or the proceeds of sale thereof, or of a sufficient
	portions thereof.
	portions dereor.

CLAUSE 18 A

Recovery of Compensation paid toWorkmen	In every case in which by virtue of the provisions sub-section(i) of Section 12, of the Workmen's Compensation Act, 1923, AAI is obliged to pay compensation to a workman employed by the contractor, in execution of the works, AAI will recover from the contractor, the amount of the compensation so paid, and, without prejudice to the rights of the AAI under sub-section (2) of Section 12, of the said act, AAI shall be at liberty to recover such amount or any part thereof by deducting it from the security deposit or from any sum due by AAI to the Contractor whether under this contract or otherwise. AAI shall not be bound to
--	--

	contest any claim made against it under subsection(1) of Section 12, of the said
	Act, except on the written request of the contractor and upon his giving to AAI
	full security for all costs for which AAI might become liable in consequence of
	contesting such claim.

CLAUSE 18 B

Ensuring Payment and Amenities to Workers if Contractor fails	In every case in which by virtue of the provisions of the Contract Labour (Regulation and Abolition) act 1970, and the Contract Labour (Regulation and Abolition) Central Rules, 1971, AAI is obliged to pay any amounts of wages to a workman employed by the contractor in execution of the works, or to incur any expenditure in providing welfare and health amenities required to be provided under the above said Act and the rules under Clause 19H or under the AAI Contractor's Labour Regulations or under the Rules framed by AAI from time to time for the protection of health and sanitary arrangements for workers employed by AAI Contractors, AAI will recover from the contractor the amount of wages so paid or the amount of expenditure so incurred and without prejudice to the rights of the AAI under sub section (2) of Section 20, sub section (4) of Section 21, of the Contract Labour (Regulation and Abolition) Act, 1970, AAI shall be at liberty to recover such amount or any part thereof by deducting it from the security deposit or from any sum due by AAI to the contractor whether under this contract or otherwise AAI shall not be bound to contest any claim made against it under
	or otherwise AAI shall not be bound to contest any claim made against it under sub section (1) of Section 20, sub section (4) of Section 21, of the said Act, except on the written request of the contractor and upon his giving to the AAI full security for all costs for which AAI might become liable in contesting such claim.

CLAUSE 19

Labour laws to be complied by the Contractor	The contractor shall obtain a valid license under the contract labour (R&A) Act, 1970 and the Contract Labour (Regulation and Abolition) Central Rules, 1971, before the commencement of the work, and continue to have a valid license until the completion of the work. The contractor shall also abide by the provisions of the Child Labour (Prohibition and Regulation) Act, 1986. The contractor shall also comply with the provisions of the building and other construction workers (Regulation of Employment & Conditions of Service) Act, 1996 and the building and other Construction Workers Welfare Cess Act, 1996. Any failure to fulfill these requirements shall attract the penal provisions of this contract arising out of the resultant non execution of the work.
--	---

CLAUSE19A

No labour below the age of fourteen years shall be employed on the work.
--

CLAUSE19B

Payment of	Payment of wages:
wages	i The contractor shall pay to labour employed by him either directly or through
	subcontractors, wages not less than fair wages as defined in the AAI
	Contractor's Labour Regulation or as per the provisions of the Contract
	Labour (Regulation and Abolition) act, 1970 and the contract labour
	(Regulation and Abolition) Central Rules, 1971 wherever applicable.
	ii The contractor shall, not withstanding the provisions of any contract to the
	contrary, cause to be paid fair wage to labour indirectly engaged on the work,

 including any labour engaged by his sub-contractors in connection with the said work, as if the labour had been immediately employed by him. iii In respect of all labour directly or indirectly employed in the works for performance of the contractor's part of this contract, the contractor shall comply with or cause to be complied with the Airports Authority of India contractor's Labour Regulations made by AAI from time to time in regard to payment of wages wage period, deductions from wages recovery of wages not paid and deductions unauthorizedly made, maintenance of wage books or wage slips, publication of scale of wages and other terms of employment, inspection and submission of periodical returns and all other matters of the like nature or as per the provisions of the Contract Labour (Regulation and Abolition) Act, 1970 and the Contract Labour (Regulation and Abolition) Central Rules, 1971, wherever applicable. iv. The following deductions shall be permissible to be made by the Engineer-in-Charge. a. The Engineer-in-charge concerned shall have the right to deduct from the moneys due to the contractor or any sum required or estimated to be required for making good the loss suffered by a worker or workers by reason of non-fulfillment of the conditions of the contract for the benefit of the workers, non-payment of wages or of deductions made from his or their wages which are not justified by their terms of the contract or nonobservance of the Regulations. b. Under the provision of Minimum Wages (Central) Rule 1950 the contractor is bound to allow to the labours directly or indirectly employed in the works one day rest for 6 days continuous work and pay wages at the same rate as for duty. In the event of default, the Engineer-in-charge shall have the right to deduct the sum or sums not paid on account of wages for weekly holidays to any labours and pay the same to the persons entitled thereto from any money due to the contractor by the Engineer-in-charge concerned.
In the case of Union Territory of Delhi, however, as the all-inclusive minimum daily wages fixed under Notification of the Delhi Administration No.F.12(162)MWO/DAB/43884-91, dated 31.12.1979 as amended from time to time are inclusive of wages for the weekly day of rest, the question of extra payment for weekly holiday would not arise.
 v. The contractor shall comply with the provisions of the Payment of wages Act, 1936, Minimum Wages Act, 1948, Employees Liability Act, 1938, Workmen's Compensation Act, 1923, Industrial Disputes Act, 1947, Maternity Benefits Act, 1961, and the Contractor's Labour (Regulation and Abolition) Act 1970, or the modifications thereof or any other laws relating thereto and the rule made there under from time to time. vi. The contractor shall indemnify and keep indemnified Authority against payments to be made under and for the observance of the laws aforesaid and the AAI Contractor's Labour Regulations without prejudice to his right to claim indemnity from his sub-contractors. vii. The laws aforesaid shall be deemed to be a part of this contract and any breach there of shall be deemed to be a breach of this contract. viii. Whatever is the minimum wage for the time being, or if the wage payable is higher than such wage, such wage shall be paid by the contractor to the workmen directly without the intervention of Jamadar and that Jamadar shall not be entitled to deduct or recover any amount from the minimum wage payable to the workmen as and by way of commission or otherwise.

ix	. The contractor shall ensure that no Other wise is deducted or	•	• •	a 1	or of
	recovered workmen.				

CLAUSE19C

In respect of all labour directly or indirectly employed in the work for the performance of the contractor's part of this contract, the contractor shall at his own expense arrange for the safety provisions as per AAI Safety Code framed from time to time and shall at his own expense provide for all facilities in connection therewith. In case the contractor fails to make arrangement and provide necessary facilities as aforesaid, he shall be liable to pay a penalty of Rs. 200/- for each default and in addition, the Engineer-in charge shall be at liberty to make arrangement and provide facilities as aforesaid and recover the costs
incurred in that behalf from the contractor.

CLAUSE19D

The contractor shall submit by the 4th and 19th of every month, to the Engineer-
in charge a true statement showing in respect of the second half of the preceding
month and the first half of the current month respectively:
i. the number of labourers employed by him on the work,
ii. their working hours,
iii. the wages paid to him,
iv. the accidents that occurred during the said fortnight showing the
circumstances under which they happened and the extent of damage and
injury caused by them, and
v. the number of female workers who have been allowed maternity benefit
according to Clause 19F and the amount paid to them Failing which the
contractor shall be liable to pay to AAI, a sum not exceeding Rs. 200/- for
each default or materially incorrect statement. The decision of the Engineer-
in-charge shall be final in deducting from any bill due to the contractor; the
amount levied as fine and shall be binding on the contractor.

CLAUSE19E

In respect of all labour directly or indirectly employed in the works for the performance of the contractor's part of this contract, the contractor shall comply
with or cause to be complied with all the rules framed by AAI from time to time
for the protection of health and sanitary arrangements for workers employed by
the AAI and its contractor.

CLAUSE19F

Leave and pay during leave shall be regulated as follows:
1. Leave:
i. In the case of delivery - maternity leave not exceeding 8 weeks, 4 weeks
upto and including the day of delivery and 4 weeks following that day.
ii. In the case of miscarriage - upto 3 weeks from the date of miscarriage.
2. Pay:
i. In the case of delivery – leave pay during maternity leave will be at the rate
of women's average daily earnings, calculated on total wages earned on the
days when full time work was done during a period of three months
immediately preceding the date on which she gives notice that she expects to
be confined or at the rate of Rupee one only a day whichever is greater.
ii. In the case of miscarriage-leave pay at the rate of average daily earning

calculated on the total wages earned on the days when full time work was done during a period of three months immediately preceding the date of such miscarriage.
3. Conditions for the grant of Maternity Leave:No maternity leave benefit shall be admissible to a woman unless she has been employed for a total period of not less than six months immediately preceding
the date on which she proceeds on leave.
4. The contractor shall maintain a register of Maternity (Benefit) in the Prescribed
Form as shown in appendix – III and IV, and the same shall be kept at the
place of work.

CLAUSE 19 G

r	· · · · · · · · · · · · · · · · · · ·
	In the event of the contractor (s) committing a default or breach of any of the provisions of the Airports Authority of India Contractor's Labour Regulations and Model Rules for the protection of health and sanitary arrangements for the workers as amended from time to time or furnishing any information or submitting or filling any statement under the provisions of the above Regulations and Rules which is materially incorrect, he / they shall, without prejudice to any other liability, pay to the AAI a sum not exceeding Rs.200/- for every default, breach or furnishing, making, submitting, filing such materially incorrect statements and in the event of the contractor(s) defaulting continuously in this respect, the penalty may be enhanced to Rs.200/- per day for each day of default subject to a maximum of 5 per cent of the estimated cost of the work put to tender. The decision of the Engineer-in-Charge shall be final and binding on the
	tender. The decision of the Engineer-in-Charge shall be final and binding on the parties. Should it appear to the Engineer-in-Charge that the contractor (s) is / are not properly observing and complying with the provision of the AAI Contractor's Labour Regulations and Model Rules and the provisions of the Contract Labour (Regulation and Abolition) Act 1970, and the Contract Labour (R&A) Central Rules 1971, for the protection of health and sanitary arrangements for work – people employed by the contractor (s) (hereinafter referred as "the said Rules") the Engineer-in-Charge shall have power to give notice in writing to the contractor(s) requiring that the said Rules be complied with and the amenities prescribed therein be provided to the work-people within a reasonable time to be specified in the notice. If the contractor (s) shall fail within the period specified in the notice to comply with and/ observe the said Rules and to provide the amenities to the work-people as aforesaid, the Engineer-in-Charge shall have the power to provide the amenities hereinbefore mentioned at the cost of the contractor (s). The contractor (s) shall erect, make and maintain at his / their own expense and to approved standards all necessary huts and sanitary arrangements required for his / their work –people on the site in connection with the execution of the works, and if the same shall not have been erected or constructed, according to approved standards, the Engineer-in-Charge shall have power to give notice in writing to the contractor (s) shall fail to remodel or reconstruct such huts
	and sanitary arrangements according to approved standards within the period specified in the notice, the Engineer-in-Charge shall have the power to remodel or reconstruct such huts and sanitary arrangements according to approved standards at the cost of the contractor(s).

CLAUSE 19 H

The contractor (s) shall at his / their own cost provided his / their labour with a sufficient number of huts (hereinafter referred to as the camp) on the following specifications on a suitable plot of land to be approved the Engineer-in-Charge.
i. Facility to be provided
a. The minimum height of each hut at the eaves level shall be 2.10m (7ft.) and the floor area to be provided will be at the rate of 2.7 sq.m. (30 sq.ft.) for each member of the worker's family staying with the labourer.b. The contractor shall in addition construct suitable cooking places having a
minimum area of 1.80m x 1.50m (6'x5') adjacent to the hut for each family.
c. The contractor(s) shall also construct temporary latrines and urinals for the
use of the labourers each on the scale of not less than four per each one
hundred of the total strength, separate latrines and urinals being provided for women.
d. The contractor (s) shall construct sufficient number of bathing and
washing places one unit for every 25 persons residing in the camp. These bathing and washing places shall be suitably screened.
ii. Specifications
a. All the huts shall have walls of sun-dried or burnt-bricks laid in mud mortar
or other suitable local materials as may be approved by the Engineer-in-
Charge in case of sun-dried bricks, the walls should be plastered with mud
gobri on both sides. The floor may be kutcha but plastered with mud gobri
and shall be at least 15 cm (6") above the surrounding ground. The roofs
shall be laid with the thatch or any other materials as may be approved by
the Engineer-in-Charge and the contractor shall ensure that throughout the
period of their occupation, the roofs remain water–tight.
b. The contractor (s) shall provide each hut with proper ventilation.
c. All doors, windows and ventilators shall be provided with suitable leaves
for security purposes. d. There shall be kept an open space of at least 7.2 m (8 yards) between the
rows of huts which may be reduced to 6m (20 ft.) according to the
availability of site with the approval of the Engineer-in-Charge. Back to
back construction will be allowed.
iii. WaterSupply
The contractor (s) shall provided adequate supply of water for the use of
labourers. The provisions shall not be less than two gallons of pure and
wholesome water per head per day for drinking purposes and three gallons of
clean water per head per day for bathing and washing purposes. Where piped
water supply is available supply shall be at stand posts and where the supply is
from wells or river, tanks which may be of metal or masonry, shall be provided.
The contractor (s) shall also at his / their own cost make arrangements for laying
pipe lines for water supply to his / their labour camp from the existing mains
wherever available and shall pay all fees and charges there for.
iv. The site selected for the camp shall be high ground, removed from jungle.
v. Disposal of Excreta:
The contractor (s) shall make necessary arrangement for the disposal of excreta
from the latrines by trenching or incineration which shall be according to the
requirements laid down by the Local Health Authorities. If trenching or
incineration is not allowed, the contractor (s) shall make arrangements for the
removal of the excreta through the Municipal Committee / authority and inform it
about the number of labourers employed so that arrangements may be made by
such Committee / authority for the removal of excreta. All charges on this
account shall be borne by the contractor and paid direct by him to the

Municipality / authority. The contractor shall provide one sweeper for every eight
seats in case of dry system.
vi. Drainage
The contractor (s) shall provide efficient arrangements for draining away sullage water so as to keep the camp neat and tidy.
vii. The contractor (s) shall make necessary arrangements for keeping the camp area sufficiently lighted to avoid accidents to the workers.
viii. Sanitation
The contractor(s) shall make arrangements for conservancy and sanitation in the
labour camps according to the rules of the Local Public Health and Medical
Authorities.

CLAUSE19I

The Engineer-in-Charge may require the contractor to dismiss or remove from the site of the work any person or persons in the contractors' employ upon the work who may be incompetent or misconduct himself and the contractor shall forthwith comply with such requirements. In respect of maintenance/repair or renovation works etc. where the labour have an easy access to the individual work premises, the contractor shall issue identity cards to the labourers, whether temporary or permanent and he shall be responsible for any untoward action on the part of such labour. Assistant Manager/Junior Executive will display a list of contractors working in the colony/Blocks on the notice board in the colony and also at the
service center, to apprise the residents about the same.

CLAUSE19J

CLAUSE 19 K

Energlasses and	
Employment	The contractor shall at all stages of work deploy skilled / semi-skilled tradesmen
of skilled /	who are qualified and possess certificate in particular trade from CPWD
semiskilled	Training Institute / Industrial Training Institute/National Institution of
workers	Construction Management and research (NICMAR) National Academy of
	Construction, CIDC or any similar reputed and recognized Institute managed /
	certified by State / Central Government. The number of such qualified
	tradesmen shall not be less than 20% of total skilled / semi-skilled workers
	required in each trade at any stage of work. The contractor shall submit number
	of man days required in respect of each trade, its scheduling and the list of
	qualified tradesmen along with requisite certificate from recognized Institute to
	Engineer-in-charge for approval. Not with standing such approval, if the
	tradesmen are found to have inadequate skill to execute the work of

	respective trade, the contractor shall substitute such tradesmen within two days of
	written notice from Engineer -in- Charge. Failure on the part of contractor to
	obtain approval of Engineer-in-Charge or failure to deploy qualified tradesmen
	will attract a compensation to be paid by contractor at the rate of Rs.100 per such
	tradesman per day. Decision of Engineer in Charge as to whether particular
	tradesman possesses requisite skill and amount of compensation in case of default
	shall be final and binding.
	Provided always, that the provision of this clause shall not be applicable for
	works with estimated cost put to tender being less than Rs.5 crores.

of NGT guidelines	construction site and any violation of such guidelines will be in his account.

CLAUSE 20

CLAUSE 20(A)

Employees	The Contractor shall comply with all the provisions of the Employees Provident
Provident	Fund & Misc. Provisions Act, 1952/ Jammu & Kashmir Employees Provident
Fund &	Funds (and Miscellaneous Provisions) Act, 1961 and ESI Act, 1948, amended
Miscellaneous	from time to time and rules framed thereunder. Some of the provisions are given
Provision Act	below:
1952/Jammu	a. The contractor shall intimate his PF Account Code No. allotted by Regional PF
& Kashmir	Commissioner and ESI Registration No. allotted by ESI Corporation after
Employees	award of work and shall continue to have valid PF Account Code No. and ESI
Provident	Registration No. till actual completion of the contract.
Funds (and	b. The contractor shall provide a list of contract Workers engaged for
Miscellaneous	contract work along with their PF Account No. & ESI Registration No.
s Provisions)	c. The contractor by 20th of every month shall provide a monthly statement
Act, 1961and	showing recoveries of contribution and proof of remittance of provident fund
State	contribution to RPFC and ESI contributions to ESI Corporation in respect of
Insurance	Workers engaged in contract work.
(ESI) Act,	d. The contractor shall provide copies of PF & ESI challans of monthly
1948.	contributions in respect of contract workers engaged for contract work on
	month to month basis.
	AAI reserves the right to withhold minimum amount as detailed under, from the

running account payments, if PF / ESI contributions are not paid by the contractor and proof to that effect have not been produced regularly on due dates. To withhold 3% for building work & 1.5% for road/pavement work of the total amount of work done during the period considered.
ESI & EPF amount paid to the statutory authorities by the contractor shall be reimbursed on actual basis on submission of documentary evidence.

Work not to be sublet. Action in case of insolvency	The contract shall not be assigned or sublet without the written approval of Engineer-in-Charge. And if the contractor shall assign or sublet his contract, or attempt to do so, or become insolvent or commence any insolvency proceedings or make any composition with his creditors or attempt to do so, or if any bribe, gratuity, gift, loan, perquisite, reward or advantage pecuniary or otherwise, shall either directly or indirectly, be given, promised or offered by the contractor, or any of his servants or agent to any public officer or person in the employ of AAI in any way relating to his office or employment, or if any such officer or person shall become in any way directly or indirectly interested in the contract, the Engineers in Charge on behalf of the AAI shall have power to adopt the course specified in Clause 3 hereof in the interest of AAI and in the event of such course being adopted, the consequences specified in the said Clause 3 shall ensure.
---	---

CLAUSE22

	All sums payable by way of compensation under any of these conditions shall be
	considered as reasonable compensation to be applied to the use of AAI without
	reference to the actual loss or damage sustained and whether or not any damage
	shall have been sustained.

CLAUSE23

Changes in firm's Constitution to be intimated	Where the contractor is a partnership firm, the previous approval in writing of the Engineer-in-Charge shall be obtained before any change is made in the constitution of the firm. Where the contractor is an individual or a Hindu undivided family business concern such approval as aforesaid shall likewise be obtained before the contractor enters into any partnership agreement where under the partnership firm would have the right to carry out the works hereby undertaken by the contractor. If previous approval as aforesaid is not obtained, the contract shall be deemed to have been assigned in contravention of Clause21 hereof and the same action may be taken and the same consequences shall ensure as provided in the said Clause 21.
--	---

	All works to be executed under the contract shall be executed under the direction
	and subject to the approval in all respects of the Engineer-in-Charge who shall be
	entitled to direct at what point or points and in what manner they are to be
	commenced, and from time to time carried on.

Dispute Resolution Mechanism and Arbitration	Except where otherwise provided in the contract, all questions and disputes relating to the meaning of the specifications, design, drawings and instruction here-in before mentioned and as to the quality of workmanship or materials used on the work or as to any other question, claim, right, matter or thing whatsoever, in any way arising out of or relating to the contract, designs, drawings, specifications, estimates, instructions, orders or these conditions or otherwise concerning the work or the execution or failure to execute the same whether arising during the progress of the work or after the cancellation, termination, completion or abandonment thereof shall be dealt with as mentioned hereinafter:
	 i. If the contractor considers any work demanded of him to be outside the requirement of the contract, or disputes any drawing, record or decision given in writing by the Engineer-in-Charge or if the Engineer in Charge considers any act or decision of the contractor on any matter in connection with or arising out of the contract or carrying out of the work, to be unacceptable and is disputed such party shall promptly within 15 days of the arising of the disputes request the Executive Director (Engg.)/Regional Executive Director/Member (Plg) /Chairman, AAI as the case may be, who shall refer the dispute to Dispute Redressal Committee (DRC) within 15 days along with a list of disputes with amounts claimed if any, in respect of each such disputes. The Dispute Redressal Committee (DRC) shall give the opposing party two weeks for written response, and give its decision within a period of 60 days extendable by 30 days by consent of both the parties from the receipt of reference from the Executive Director (Engg.)/Regional Executive Director/Member (Plg) /Chairman, AAI. Provided that no party shall be represented before the Dispute Redressal Committee (DRC) fails to give its decision within aforesaid period or any party is dis-satisfied with the decision of Dispute Redressal Committee (DRC), give notice to the Executive Director (Engg.)/Regional Executive Director/Member (Plg) /Chairman, AAI as the case may be for appointment of Arbitrator on prescribed proforma as per Appendix-XVII.under intimation to the other party.
	It is also a term of contract and each party invoking Arbitration must exhaust the aforesaid mechanism of settlement of claims/disputes prior to invoking Arbitration. The Executive Director (Engg.)/Regional Executive Director/Member (Plg) /Chairman, AAI shall in such case appoint the sole arbitrator or one of the three arbitrators as the case may be within 30 days of receipt of such a request and refer such disputes to arbitration. Wherever the Arbitral Tribunal consists of three Arbitrators, the contractor shall appoint one arbitrator within 30 days of making request for arbitration or of receipt of request by Engineer in Charge to Executive Director (Engg.)/Regional Executive Director/Member (Plg) /Chairman, AAI for appointment of arbitrator, as the case may be, and two appointed arbitrators shall appoint the third arbitrator, who shall act as the presiding arbitrator. In the event of: a. A party fails to appoint the second arbitrator,or b. The two appointed arbitrators fail to appoint the Presiding Arbitrator, then Member (Plg)/Chairman,AAI shall appoint the second or Presiding Arbitrator as the case may be.

ii Disputes or difference shall be referred for adjudication through arbitration by a Tribunal having Sole Arbitrator where tendered amount is Rs. 300.00 Cr or less. Where tendered value is more than Rs. 300.00 Cr., Tribunal shall consist of three arbitrators as above. The requirements of the arbitration and the conciliation act, 1996 (26 of 1996) and further modified Act in 2015 and any further statutory modifications or reenactment thereof and the rules made there under and for the time being in force shall be applicable.
It is a term of this contract that the party invoking Arbitration shall give a list of disputes with amounts, claimed, if any, in respect of each such disputes along with the notice for appointment of Arbitrator and giving reference to the decision of the DRC. It is also term of this contract that any member of Arbitration Tribunal shall be a graduate engineer with experience in handling public works, engineering contracts at a level not lower than Chief Engineer. This shall be treated as mandatory qualification to be appointed as Arbitrator.
Parties, before or at the time of appointment of Arbitral Tribunal may agree in writing for fast track arbitration as per the Arbitration and Conciliation Act, 1996 (26 of 1996) as amended in 2015.
Subject to provision in the Arbitration and Conciliation Act, 1996 (26 of 1996) as amended in 2015 whereby the counter claims if any can be directly filed before the arbitrator without any requirement of reference by the Appointing Authority, the Arbitrator shall adjudicate on only such disputes as are referred to him by the appointing authority and give separate award against each disputes and claim referred to him and in all cases where the total amount of the claims by any party exceed Rs. 1,00,000/-, the Arbitrator shall give reasons for the award.
It is also a term of the contract that if any fees are payable to the arbitrator, these shall be paid as per the Act. It is also a term of the contract that the arbitrator shall be deemed to have entered on the reference on the date he issues notice to both the parties calling them to submit their statement of claims and counter statement of claims.
The place of the arbitration shall be mentioned in schedule 'F'. In case there is no mention of place of arbitration, the Arbitral Tribunal shall determine the place of arbitration. The venue of the arbitration shall be such place as may be fixed by the Arbitral Tribunal in consultation with both the parties. Failing any such agreement, then the Arbitral Tribunal shall decide the venue.

Contractor to indemnify AAI against Patent Rights	The contractor shall fully indemnify and keep indemnified the Chairman AAI against any action, claim or proceeding relating to infringement or use of any patent or design or any alleged patent or design rights and shall pay and royalties which may be payable in respect of any article or part thereof included in the contract. In the event of any claims made under or action brought against AAI in respect of any such matters as aforesaid, the contractor shall be immediately notified thereof and the contractor shall be at liberty, at his own expense, to
	notified thereof and the contractor shall be at liberty, at his own expense, to settle any dispute or to conduct any litigation that may arise there from, provided that the contractor shall not be liable to indemnify the AAI if the infringement of the patent or design or any alleged patent or design right is the direct result of an
	order passed by the Engineer-in-Charge in this behalf.

Lump sum	When the estimate on which a tender is made, includes una sum in respect of
Provisions	parts of the work, the contractor shall be mythen to parte in respect of the
in Tender	items of work involved or the part of the work in a stionalt the same rates as are payable under this contrast for such items or if the varies work in question is not, in the opinion of the Englieer-in-Charge payable of measurement, the Engineer h-Charge may this discretion pay the lump- sum amount entered in the estimate, and the certinate in writing of the Engineer-in-Charge shall be final
	and conclusive age not the contractor with regard to any sum or sums payable to him under the provision of the clause.

CLAUSE28

Action where	In the case of any class of work for which there is no such specifications as
no specifications are specified	referred to in Clause 11, such work for which there is no such specifications as referred to in Clause 11, such work shall be carried out in accordance with the Bureau of Indian Standards Specifications. In case there are no such specifications in Bureau of Indian Standards, the work shall be carried out as per manufacturers' specifications. In case there are no such specifications as required above, the work shall be carried out in all respects in accordance with the instructions and requirements of the Engineer-in-Charge.

	-
With-holding and lien in respect of sums due from contractor	 i. Whenever any claims for payment of a sum of money arises out of or under the contract or against the contractor, the Engineer-in-Charge or the AAI shall be entitled to withhold and also have a lien to retain such sum or sums in whole or in part from the security, if any deposited by the contractor and for the purpose aforesaid, the Engineer-in-Charge or the AAI shall be entitled to withhold the security deposit if any, furnished as the case may be and also have a lien over the same pending finalization or adjudication of any such claim. In the event of the security being insufficient to cover the claimed amount or amounts or if no security has been taken from the contractor, the Engineer-in-Charge or the AAI shall be entitled to withhold and have lien to retain to the extent of such claimed amount or amounts referred to above from any sum or sums found payable or which may at any time thereafter become payable to the contractor under the same contract or any other contract with the Engineer-in-Charge pending finalization of adjudication of any such claim. It is an agreed term of the contract that the sum of money or moneys so withheld or retained under the lien referred to above by the Engineer-in-Charge or AAI will be kept withheld or retained as such by the arbitration clause) or by the competent court, as the case may be and that the contractor will have no claim for interest or damages whatsoever on any account in respect of such withholding or retention under the lien referred to above and duly notified as such to the contractor. For the purpose of this clause, where the contractor is a partnership firm or a limited company, the Engineer-in-Charge or the AAI shall be entitled to withhold and also have a lien to retain to wards such claimed amount or amounts in whole or in part from any sum
1	

 ii. AAI shall have the right to cause an audit and technical examination of the works and the final bills of the contractor including all supporting vouchers, abstract, etc,. to be made after payment of the final bill and if as a result of such audit and technical examination any sum is found to have been overpaid in respect of any work done by contractor under the contract or any work claimed to have been done by the him under the contract and found not to have been executed, the contractor shall be liable to refund the amount of over payment and it shall be lawful for AAI to recover the same from him in the manner prescribed in sub-clause (i) of this clause or in any other manner legally permissible; and if it is found that the contractor was paid less than what was due to him under the contract in respect of any work executed by him under it, the amount of such under payment shall be duly paid by AAI to the contractor, without any interest there on whatsoever. Provided that the AAI shall not be entitled to recover any sum overpaid, nor the contractor shall be entitled to payment of any sum paid short where such
the contractor, without any interest there on whatsoever.

CLAUSE 29 A

Lien in respect of claims in	i.	Any sum of money due and payable to the contractor (including the security deposit refundable to him) under the contract may be withheld or retained by
other Contracts		way of lien by the Engineer-in-Charge or the AAI or any other contracting
other Contracts		
		person or persons through Engineer-in-Charge against any claim of the
		Engineer-in-Charge or AAI or such other person or persons in respect of
		payment of a sum of money arising out of or under any other contract made
		by the contractor with the Engineer-in-Charge or the AAI or with such other
		person or persons.
	ii.	It is an agreed term of the contract that the sum of money so withheld or
		retained under this clause by the Engineer-in-Charge or the AAI will be kept
		withheld or retained as such by the Engineer-in-Charge or the AAI or till his
		claim arising out of the same contract or any other contract is either mutually
		settled or determined by the arbitration clause or by the competent court, as
		the case may be and that the contractor shall have no claim for interest or
		damages whatsoever on this account or on any otherground in respect of any
		sum of money withheld or retained under this clause and duly notified as such
		to the contractor.

Employ coal min	ing or	The contractor shall not employ coal mining or controlled area labour falling under any category whatsoever or in connection with the work or recruit
controlle	ed area	labour from area within a radius of 32 km (20 miles) of the controlled area.
labour n	not	Subject as above the contractor shall employ imported labour only i.e.,
permissi	ible	deposit imported labour or labour imported by contractors from area, from
		which import is permitted.
		. Where ceiling price for imported labour has been fixed by State or Regional
		Labour Committees not more than that ceiling price shall be paid to the
		labour by the contractor.
		i. The contractor shall immediately remove any labourer who may be pointed

out by the Engineer-in-Charge as being a coal mining or controlled area
labourer. Failure to do so shall render the contractor liable to pay to AAI a
sum calculated at the rate of Rs.10/- per day per labourer. The certificate of
the Engineer-in –Charge about the number of coal mining or controlled area
labourer and the number of days for which they worked shall be final and
binding upon all parties to this contract.
iv. It is declared and agreed between the parties that the aforesaid stipulation in
this clause is one in which the public are interested within the meaning of the
exception in Section 74 of Indian Contract Act, 1872.
Explanation :-
Controlled area mean the following areas:
Districts of Dhanbad, Hazaribagh, Jamtara- Sub-Division under Santhal
Pargana Commissionery, District of Bankuara, Birbhum, Burdwan, District of
Bilaspur. Any other area which may be declared a Controlled Area by or with
the approval of the Central Government.

Unfiltered	Unfiltered The contractor(s) shall make his/their own arrangements for water required for	
water supply	the work and nothing extra will be paid for the same. This will be subject to the	
	following conditions.	
	i. That the water used by the contractor (s) shall be fit for construction purposes	
	to the satisfaction of the Engineer-in-Charge.	
	ii. The Engineer-in-Charge shall make alternative arrangements for supply of	
	water at the risk and cost of contractor (s) if the arrangements made by the	
	contractor(s) for procurement of water are in the opinion of the Engineer-in-	
	Charge, unsatisfactory.	

CLAUSE 31A

Departmental	Water if available may be supplied to the contractor by the department subject to
water supply, if	the following conditions:-
available	i. The water charges @1% shall be recovered on gross amount of the work
	done.
	ii. The contractor(s) shall make his/their own arrangement of water connection
	and laying of pipelines from existing main of source of supply.
	iii. The Department do not guarantee to maintain uninterrupted supply of water
	and it will be incumbent on the contractor (s) to make alternative
	arrangements for water at his/their own cost in the event of any temporary
	break down in the AAI's water main so that the progress of his/their work is
	not held up for want of water. No claim of damage or refund of watercharges
	will be entertained on account of such breakdown.

Alternate water	i. Where there is no piped water supply arrangement and the water is taken by the
arrangements	contractor from the wells or hand pump constructed by the AAI, no charge
	shall be recovered from the contractor or that account. The contractor shall,
	however, draw water at such hours of the day that it does not interfere with
	the normal use for which the hand pumps and well are intended. He will also
	be responsible for all damage and abnormal repairs arising out of his use, the
	cost of which shall be recoverable from him. The Engineer-in-Charge shall be
	the final authority to determine the cost recoverable from the

	contractor on this account and his decision shall be binding on the contractor.
	ii. The contractor shall be allowed to construct temporary wells in AAI land for
	taking water for construction purposes only after he has got permission of the
	Engineer-in-Charge in writing. No charges shall be recovered from the
	contractor on this account but the contractor shall be required to provide
	necessary safety arrangements to avoid any accidents or damage to adjacent
	buildings, roads and service lines. He shall be responsible for any accidents or
	damage caused due to construction and subsequent maintenance of the wells
	and shall restore the ground to its original condition after the wells are
	dismantled on completion of the work.

Return of	Not withstanding anything contained to the contrary in this contract, where any
Surplus	materials for the execution of the contract are procured with the assistance of
materials AAI either by issue from AAI stocks or purchase made under orders or per	
	licenses issued by AAI, the contractor shall hold the said materials economically
	and solely for the purpose of the contract and not dispose of them without the
	written permission of the AAI and return, if required by the engineer-in-Charge,
	all surplus or unserviceable materials that may be left with him after the
	completion of the contract or at its termination for any reason whatsoever on
	being paid or credited such prices as the Engineer-in-Charge shall determine
	having due regard to the condition of the materials. The price allowed to the
	contractor however shall not exceed the amount charged to him excluding the
	element of storage charges. The decision of the Engineer-in-Charge shall be final
	and conclusive. In the event of breach of the aforesaid condition, the contractor
	shall in addition to throwing himself open to action for contravention of the terms
	of the license or permit and/or for criminal breach of trust, be liable to AAI for all
	moneys, advantages or profits resulting or which in the usual course would have
	resulted to him by reason of such breach.

iii. The plant and machinery as stipulated above will be issued as and when
available and if required by the contractor. The contractor shall arrange his
programme of work according to the availability of the plant and machinery
and no claim, whatsoever, will be entertained from him for any delay in supply
by the department.
iv. The hire charges shall be recovered at the prescribed rates h and inclusive
of the date the plant and machinery made over upto and inclusive of the date of
the return in good order even though the same may have been working for
any cause except major breakdown due to no farmer productor or faulty
use requiring more than three working days conclously (excluding
intervening holidays and Sundays) for bringing the plant in order. The
contractor shall immediately intimate in writing to the Engineer-in-charge
when any plant or machinery gets out of other requiring major repairs as
aforesaid. The Engineer-in- charge shall resord are date and time of receipt of
such intimation in the log sheet of the plane pachaery. Based on this if the
aforesaid. The Engineer-in- charge shall resord are date and time of receipt of such intimation in the log sheet of the planet pachnery. Based on this if the breakdown before lunch period or major undown will be computed considering half a day's breakdown on the day or complaint. If the breakdown
considering half a day's breakdown on the day, complaint. If the breakdown
occurs in the post lunch period of major breakdown will be computed starting
from the next working day. In area of any dispute under this clause, the
from the next working day. In c se of any dispute under this clause, the decision of the Executive Director (Canaral Manager (Engg) shall be
decision of the Executive Director (Engg) /General Manager (Engg) shall be
final and binding on the contract of.
v. The hire charges shown above the for each day of 8 hours (inclusive of the one
hour lunch break) or part thereon
vi. Hire charges will include service of operating staff as required and also supply
of lubricating oil and stor's for cleaning purposes. Power fuel of approved
type, firewood, kerosene piletc. for anning the plant and machinery and also
the full time chowkidar or guiding the plant and machinery against any loss
or damage shall be arready by the contractor who shall be fully responsible for the safeguard and second plant and machinery. The contractor shall on
for the safeguard and set an plant and machinery. The contractor shall on
or before the supply of plan, d machinery sign an agreement indemnifying
the Department against any loss or damage caused to the plant and machinery
either during transit or at see of work.
vii. Ordinarily, no plant and nachinery shall work for more than 8 hours a day
inclusive of the hour lunch break. In case of an urgent work however, the
Engineer-in may, at his discretion, allow the plant and machinery to
be worked for the han normal period of 8 hours a day. In that case, the
hourly hire charges for overtime to be borne by the contractor shall be 50%
more than the normal proportionate hourly charges (1/8th of the daily
charges, subject to a minimum of half day's normal charges on any
particulations. For working out hire charges for over time, a period of half
an any and above will be charged as one hour and a period of less than half
art gnored.
viii. The content or shall release the plant and machinery every seventh day for
periodical servicing and / or wash out which may take about three to four
or more. Hire charges for full day shall be recovered from the
ctor for the day of servicing / wash out irrespective of the period
emplyed in servicing.
The lant and machinery once issued to the contractor shall not be returned
w im on account of lack of arrangements of labour and materials, etc. on
part, the same will be returned only when they are required for major
epairs or when in the opinion of the Engineer-in-charge, the work or a
portion of work for which the same was issued is completed.
x. Log Book for recording the hours of daily work for each of the plant and
machinery supplied to the contractor will be maintained by the Department
and will be countersigned by the contractor or his authorized agent daily. In
and will be countersigned by the contractor of his authorized agent daily. In
 C NULL NULLON NULL Decce 64

 case the contractor contests the correctness of the entries and / or fails to sign the Log Book, the decision of the Engineer-in-charge shall be final and binding on him. Hire charges will be calculated according to the entries in the Log Book and will be binding on the contractor. Recovery on account of hire charges for road rollers shall be made for the minimum annual of days worked out on the assumption that a roller can consolve perform and maximum quantity of materials or area surfacing as noted a unst each in the annexed statement (see attached annexure). xi. In the case of concrete mixers, the contractors chall arrange to or the hopper cleaned and the drum washed at the close to be proved and day or each occasion. (a) In case rollers for consolidation are polloted by the contractor himself, log book for such rollers should be maintage on the same manner as is done in case of departmental rates maximum quantity of any items to be consolidated for each roller-day hall a the same as in Annexure to Clause 34(x). For less use of rollers, becovery to me less roller days shall be made at the stipulated issue tee. xii. The contractor shall the performental protection the plant and machinery in the condition in which it was under over to him and he shall be responsible for all damage caused to the ord plant and machinery at the site of work or elsewhere operation or otherwise or during transit including damage to or loss of part and for at losses due to his failure to return the same soon after the completion of the work for which it was issued. The Engineer-in-charge shall be the see judge to determine the liability of the contractor and its to the final and binding on the tractor. iii. The contractor will be exempted from levy of any hire charges for the number of days he is called upon in writing by the Engineer-in-charge to suspend execution of the work, provided AAI's plant and machinery in question have, in fact, remained idle with the contractor because of the suspension
additional days without, in any way, affecting the right of the Engineer-in- charge to use the said plant and machinery during the said period of two days as he likes including hiring out to a third party.

Condition	i.	The contractor undertakes to make arrangement for the supervision of the
relating to use		work by the firm supplying the tar or bitumen used.
of asphaltic	ii.	The contractor shall collect the total quantity of tar or bitumen required for
materials		the work as per standard formula, before the process of painting is started and shall hypothecate it to the Engineer-in-Charge. If any bitumen or tar remains unused on completion of the work on account of lesser use of materials in actual execution of for reasons other than authorized changes of specifications and abandonment of portion of work, a corresponding deduction equivalent to the cost of unused materials as determined by the Engineer-in-Charge shall be made and the material return to the contractors. Although the materials are hypothecated to AAI, the contractor undertakes the responsibility for their proper watch, safe custody and protection against all risks. The materials shall not be removed from site of work without the consent of the Engineer-in-Charge in writing.

iii. The contractor shall be responsible for rectifying defects noticed within a
year from the date of completion of the work and the portion of the security
deposit relating asphaltic work shall be refunded after the expiry of this
period.

		the obligations under the contract.			
		The Contractor shall immediately after receiving letter of acceptance of the			
		tender and before commencement of the work, intimate in writing to the			
		Engineer-in-Charge, the name (s), qualifications experience, age, address (s)			
		and other particulars along with certificates, of the principal technical			
		representative to be charge of the work and other technical representative (s)			
		who will be supervising the work. Minimum requirement of such technical			
		representative (s) and their qualifications and experience shall not be lower			
		than specified in schedule 'F". The Engineer-in-Charge shall within 3 days			
		of receipt of such communication intimate in writing his approval or			
		otherwise of such a representative (s) to the contractor. Any such approval			
		may at any time be withdrawn and in case of such withdrawal, the contractor			
		shall appoint another such representative (s) according to the provisions of			
		this clause. Decision of the tender accepting authority shall be final and			
		binding on the contractor in this respect. Such a principal technical			
		representative and other technical representative (s) shall be appointed by the			
		contractor soon after receipt of the approval from Engineer-in-charge and			
		shall be available at site before start of work.			
		All the provisions applicable to the principal technical representative under			
		the clause will also be applicable to other technical representative(s). The			
		principal technical representative and other technical representative (s) shall			
		be present at the site of work for supervision at all times when any			
		construction activity is in progress and also present himself/themselves, as			
		required to the Engineer-in-Charge and / or his designated representative to			
		take instructions. Instructions given to the principal technical representative			
		or other technical representative (s) shall be deemed to have the same force			
		as if these have been given to the contractor. The Principal Technical			
		Representative and other technical representatives shall be actually available			
		at site fully during all stages of execution work, during recording/checking			
		/ test checking of measurements of works whenever so required by the			
		Engineer-in-Charge and shall also note down instructions conveyed by the			
		Engineer-in-Charge or his designated representative (s) in the site order book			
		and shall affix his/their signature in token of noting down the instructions			
		and in token of acceptance of measurements / checked measurements / test			
		checked measurements. The representative (s) shall not look after any other			
		work. Substitutes, duly approved by engineer - in-Charge of the work in			
		similar manner as aforesaid shall be provided in event of absence of any of			
		the representative (s) by more than two days. If the Engineer-in-Charge,			
		whose decision in this respect is final and binding on the contractor, is			
		convinced that no such technical representative (s) is/are effectively			
		appointed or is/are effectively attending or fulfilling the provision of this			
		clause, a recovery (non-refundable) shall be effected from the contractor as			

specified in Schedule 'F' and the decision of the Engineer–in- Charge as recorded in the site order book and measurement recorded checked/test checked in Measurement Books shall be final and binding on the contractor. Further if the contractor fails to appoint suitable technical Principal technical representative and / or other technical representative (s) and if such appointed persons are not effectively present or are absent by more than two days without duly approved substitute or do not discharge their responsibility satisfactorily, the Engineer–in–Charge shall have full powers to suspend the execution of the work until such date as suitable other technical representative (s) is / are appointed and the contractor shall be held responsible for the delay so caused to the work. The contractor shall submit a certificate of employment of the technical representative (s) (in the form of copy of Form- 16 or CPF deduction issued to the Engineer employed by him) alongwith every running account bill / final bill and shall produce evidence if at any times so required by the Engineer–in–Charge.

- ii. The contractor shall provide and employ on the site only such technical assistants as are skilled, and experienced in their respective fields and such foremen and supervisory staff as are competent to give proper supervision to the work. The contractor shall provide and employ skilled, semi-skilled and unskilled labour as is necessary for proper and timely execution of the work. The Engineer-in-Charge shall be at liberty to object to and require the contractor to remove from the works any person who in his opinion misconducts himself, or is incompetent or negligent in the performance of his duties or whose employment is otherwise considered by the Engineer-in Charge to be undesirable. Such person shall not be employed again at works site without the written permission of the Engineer-in-Charge and the persons so removed shall be replaced as soon as possible by competent substitutes.
- iii. The contractor shall not change his engineer/supervisory staff after approval of the Engineer-In-Charge. If Contractor wants to replace any of his staff due to unavoidable circumstances, he will seek permission of Engineer-In-Charge indicating reasons for such change, qualification and experience of the alternative employee suggested by him. The qualification and experience of the alternative staff shall not be inferior to the person employed earlier.

· · · ·
from whatever cause, arising (other than the accepted risks)for which he
responsible under the terms of the contract and in such manner that the AA
and the contractor are covered during the period of construction of work
and any loss or damage occasioned by the contractor in the course of an
operation carried out by them for the purpose of complying with i
obligations of defects liability clause hereof;
a. All works including temporary works to their full value executed from
time totime.
b. The construction materials and equipments to their full value brought of
to the site by the contractor.
v. The Contractor shall indemnify and keep indemnified AAI against all losse
and claims for injuries or damage to any persons or any property whatsoever
which may arise out of or in consequence of the construction an
maintenance of Works and against all claims, demands proceedings, damag
costs, charges and expenses whatsoever in respect of or in relation thereto.
vi. Before commencing execution of the work, the Contractor shall, without it
any way limiting his obligations and responsibilities under this condition
insure at his own cost against any damage, loss or injury which may occur t
any AAI property, or to any person for at least the minimum amount of
Rs.1.00 lakh with unlimited number of occurrences (including any employed
of AAI) by or arising out of carrying out of the Contract.
vii. The contractor shall at all times indemnify AAI against all claims, damage
or compensation under the provisions of Payment or Wages Act,1936,

ГГ	
	 Minimum Wages Act, 1948, Employer's Liability Act, 1938, the Workmen's Compensation Act, 1923, Industrial Disputes Act, 1947 and the Maternity Benefit Act, 1961 or any modifications thereof or any other law relating thereto and rules made there under from time to time or as a consequence of any accident or injury to any workman or other persons in or about the Works, whether in the employment of the Contractor or not, his agents or servants, and also against all costs, charges and expenses of any suit, action or proceedings arising out of such accident or injury and against all sum or sums which may with the consent of the Contractor be paid to compromise or compound any claim. Without limiting his obligations and liabilities as above provided, the Contractor shall insure against all claims, damages or compensation payable under the Workmen's Compensation Act, 1923 or any modification thereof or any other law relating thereto. viii. All insurance mentioned above shall be effected with any subsidiary of the General Insurance Company of India. ix. The aforesaid insurance policy / policies shall provide that they shall not be cancelled till the Engineer-in-Charge has agreed to their cancellation in
	 writing. x. The Contractor shall prove to the Engineer-in-Charge from time to time that he has taken out all the insurance policies referred to above and has paid the necessary premiums for keeping the policies alive till expiry of the Defects Liability Period. A self-certified copy of such policies is required to be submitted to the Engineer-in-charge.
	 submitted to the Engineer-in-charge. xi. The Contractor shall ensure that similar insurance policies are taken out by his subcontractors (if any) and shall be responsible for any claims or losses to AAI resulting from their failure to obtain adequate insurance protection in connection thereof. The contractor shall produce or cause to be produced by his subcontractor (if any) as the case may be, the relevant policy or policies and premiums receipts as and when required by the Engineer-in-Charge. A self-certified copy of such policies is required to be submitted to the Engineer-in-charge.
	xii. If the Contractor and/or his subcontractor (if any) shall fail to effect and keep in force the insurance referred to above or any other insurance which he/they may be required to effect under the terms of the Contract then and in any such case AAI may, without being bound to, effect and keep in force any such insurance and pay such premium or premiums as may be necessary for that purpose and from time to time deduct the amount so paid by AAI from any moneys due or which may become due to the Contractor or recover the same as a debt due from the Contractor.
	 xiii. In case contractor takes Contractor All Risk (CAR) Policy in joint name of AAI and Contractor for full tendered value along with third party liability (max of 10% of tendered value or as applicable as per Insurance Regulatory Authority of India) then there is no requirement for taking separate insurance by sub-contractors. However, workmen compensation policy is required to be taken separately by main contractor and sub-contractor for workers employed by them.

Composite	i. The tenders have been called for composite work consisting of civil					
Contract and	construction and other associated specialized works. The pre-qualification criteria shall be applicable for each subhead of work independently. The					
responsibilities						
of main agency	agency meeting PQ criteria for the main work shall be considered for					
	execution of composite work. However the agency shall be allowed to					

execute only those specialized subheads of works for which bidder meet PQ criteria individually.
ii. The main contractor shall be permitted to execute only those works (covered under one or more subhead) for which he meets all requirements of pre-
qualification including financial, technical and technological requirement specified in the PQ criteria.
 specified in the PQ criteria. iii. Main contractor will associate expert agencies for the execution of specialized works under various subheads for which he himself has failed to meet PQ criteria. In such case he will appoint his associate for the execution of each specialized work with the approval of the NIT approving authority. The main contractor shall intimate the names of only those agencies who fully meet the PQ criteria for each specialized work for the acceptance of the
department.
iv. Main contractor shall not be permitted to change their associate agencies in the course of execution of work. If change of agency is inevitable then a request shall be submitted to the engineer-in-charge in writing giving full justification for change of agency. The proposal should include name of the alternate agency along with his financial, technical capabilities and work experience in the appropriate field. Such change shall be allowed only after receiving approval from the competent authority.

Contract					
		running bill & subsequent bills till all Tripartite Agreements are signed by all			
		agencies concerned.			
	ii.	The main contractor must fill the ratio of work which shall govern the ratio of			
		direct payment to the expert agency and to the main contractor for each			
		subhead of work in schedule F. This ratio may also be indicated in tripartite			
		agreement. Thus direct payment to each expert agency shall be released in the			
		same ratio from the net payment (after alldeductions).			
	111.				
		conditions of the contract. All deductions like security deposit, income tax			
		and part rate for incomplete work or due to any other reason shall be made as			
		per contract conditions from each running bill. In case the ratio as desired			
		under (ii) is not filled by the main contractor AAI will make payment of 75%			
		of the net payable amount to the expert agency directly and balance 25% shall			
		be paid to the main contractor.			

Clause 48

Escrow	i. All payments for the works estimated cost more than Rs.500 Cr shall be
Account	made only through Escrow Account opened by the contractor. However for works costing less than Rs.500 Cr., it shall be at the discretion of Technical Sanctioning authority to opt for Escrow account or not. The bank charges for Escrow Account shall be borne by contractor. The detailed conditions of Escrow Account shall be drawn in consultation with associated bank.
	 ii. Mobilization advance for mobilization of resources and purchase of plant & machinery shall be credited directly to the escrow account opened for this contract through bank transfer as per terms and condition of contract. The agency shall be able to utilize 25% (or as decided by TS authority) of each installment of mobilization advance to meet minor expenses like construction of site office, purchase of office equipment and other minor works, while release of balance 75% fund shall be regulated by the department. The contractor shall seek prior concurrence of Engineer-in Charge for release of payment to the supplier etc. through Escrow Account by the Bank. Funds against cheque issued by contractor shall be released by Bank on receipt of written consent from Engineer-in-Charge. iii. Payment received and credited against each RA Bill, can be utilized 25% directly by the contractor for minor expenses like salary, stationary, office
	expenses etc. AAI shall exercise control for release of payment by contractor for balance 75%.iv. The Contractor shall submit his proposal to the Engineer-in-
	Charge/Authority for utilization of funds made available by AAI (75% against each RA bill)

		a. b.	Name of agency for whom payment is proposed to be released. Details of work executed/material supplied by agency to whomhe intends to release payment.
		c.	Nature of advance payment if any, has to be released to the supplier for supply of material for the project only.
		d.	Documentary evidence in support of his claim.
	v.	per a condi and c	heer –in-charge will examine and approve full/part of such payments as gency's request within maximum of three working days. The terms and ition of Escrow Account shall be finalized with bank according to terms conditions of contract. Bank shall release payment against such cheques after written consent of authorized officer of AAI is received.
	vi.	paym by th	ractor shall be permitted to close Escrow Account on receipt of final tent for the work/project or on receipt of letter for foreclosure of work e AAI. All balances and liabilities against this Escrow Account shall be t the disposal of the contractor.

Note: In case of difference or ambiguity in Hindi and English version anywhere, the English version will prevail.

AIRPORTS AUTHORITY OF INDIA

SAFETY CODE

- 1. Suitable Scaffolds should be provided for workmen for all works that cannot safely be done from the ground, or from solid construction except such short period work as can be done safely from ladders. When a ladder is used, an extra mazdoor shall be engaged for holding the ladder and if the ladder is used for carrying materials as well suitable footholds and hand-hold shall be provided on the ladder and the ladder shall be given an inclination not steeper than ¹/₄ to 1 (¹/₄ horizontal and 1 vertical).
- 2. Scaffolding of staging more than 3.6m (12ft.) above the ground or floor, swung or suspended from an overhead support or erected with stationary support shall have a guard rail properly attached or bolted, braced and otherwise secured at least 90 cm. (3ft.) high above the floor or platform of such scaffolding on staging and extending along the entire length of the outside and ends thereof with only such opening as may be necessary for the delivery of materials. Such scaffolding or staging shall be so fastened as to prevent it from swaying from the building or structure.
- 3. Working platforms, gangways and stairways should be so constructed that they should not sag unduly or unequally, and if the height of the platform or the gangway or the stairway is more than 3.6 m (12ft.) above ground level or floor level, they should be closely boarded, should have adequate width and should be suitably fastened as described in (2) above.
- 4. Every opening in the floor of a building or in a working platform shall be provided with suitable means to prevent the fall of person or materials by providing suitable fencing or railing whose minimum height shall be 90 cm. (3ft.)
- 5. Safe means of access shall be provided to all working platforms and other working places. Every ladder shall be securely fixed. No portable single ladder shall be over 9m. (30ft.) in length while the width between side rails in rung ladder shall in no case be less than 29 cm. (11 ½ ") for ladder upto and including 3m. (10ft.) in length. For long ladders, this width should be increased at least ¼" for each additional 30cm. (1 foot) of length. Uniform step spacing of not more than 30cm shall be kept. Adequate precautions shall be taken to prevent danger from electrical equipment. No materials on any of the site or work shall be so stacked or placed as to cause danger or inconvenience to any person or the public. The contractor shall provide all necessary fencing and lights to protect the public from accident and shall be bound to bear the expenses of defense of every suit, action or other proceedings at law that may be brought by any person for injury sustained owing to neglect of the above precautions and to pay any damages and cost which may be awarded in any such suit, action or proceedings to any such person on which may, with the consent of the contractor, be paid to compensate any claim by any such person.
- 6. a. **Excavation and Trenching** All trenches 1.2 m. (4ft.) or more in depth, shall at all times be supplied with at least one ladder for each 30m. (100ft.) in length or fraction thereof, Ladder shall extend from bottom of the Trench to at least 90cm (3fts) above the surface of the ground. The side of the trenches which are 1.5 m. (5 ft.) or more in depth shall be stepped back to give suitable slope or securely held by timber bracing, so as to avoid the danger of sides collapsing. The excavated material shall not be placed within 1.5 m. (5 ft.) of the edges of the trench or half of the depth of the trench whichever is more. Cutting shall be done from top to bottom. Under no circumstances, undermining or undercutting shall be done.

b. Safety Measures for digging bore holes:-

- i. If the bore well is successful, it should be safely capped to avoid caving and collapse of the bore well. The failed and the abandoned ones should be completely refilled to avoid caving and collapse;
- ii. During drilling, Sign boards should be erected near the site with the address of the drilling contractor and the Engineer-in-charge of the work;
- iii. Suitable fencing should be erected around the well during the drilling and after the installation of the rig on the point of drilling, flags shall be put 50 Mtr all around the point of drilling to avoid entry of people/animals;
- iv. After drilling the bore well, a cement platform (0.50 Mtr x 0.50 Mtr x 1.20 Mtr) 0.60 Mtr above ground level and 0.60 Mtr below ground level should be constructed around the well casing;
- v. After the completion of the bore well, the contractor should cap the bore well properly by welding steel plate, cover the bore well with the drilled wet soil and fix thorny shrubs over the soil. This should be done even while repairing the pump;
- vi. After the bore well is drilled the entire site should be brought to the ground level;
- 7. Demolition Before any demolition work is commenced and also during the progress of the work,
 - i) All roads and open areas adjacent to the work site shall either be closed or suitably protected.
 - ii) No electric cable or apparatus which is liable to be a source of danger or a cable or apparatus used by the operator shall remain electrically charged.
 - iii) All practical steps shall be taken to prevent danger to persons employed from risk of fire or explosion or flooding. No floor, roof or other part of the building shall be so overloaded with debris or materials as to render it unsafe.
- 8. All necessary personal safety equipment as considered adequate by the Engineer-in-Charge should be kept available for the use of the person employed on the site and maintained in a condition suitable for immediate use, and the contractor should take adequate steps to ensure proper use of equipment by those concerned. The following safety equipment shall invariably be provided.
 - i) Workers employed on mixing asphaltic materials, cement and lime mortars shall be provided with protective footwear and protective goggles.
 - ii) Those engaged in white washing and mixing or stacking of cement bags or any material which is injurious to the eyes shall be provided with protective goggles.
 - iii) Those engaged in welding works shall be provided with welder's protective eye-shields.
 - iv) Stone breaker shall be provided with protective goggles and protective clothing and seated at sufficiently safe intervals.
 - v) When workers are employed in sewers and manholes, which are in active use, the contractors shall ensure that the manhole covers are opened and ventilated at least for an hour before the workers are allowed to get into the manholes, and the manholes so opened shall be cordoned off with suitable railing and provided with warning signals or boards to prevent accident to the public. In addition, the contractor shall ensure that the following safety measures are adhered to:-
 - a) Entry for workers into the line shall not be allowed except under supervision of the Sr.Superintendent (Engg.) or any other higher officer.
 - b) At least 5 to 6 manholes upstream and downstream should be kept open for at least 2 to 3 hours before any man is allowed to enter into the manhole for working inside.
 - c) Before entry, presence of toxic gases should be tested by inserting wet lead acetate paper which changes colour in the presence of such gases and gives indication of their presence.

- d) Presence of Oxygen should be verified by lowering a detector lamp into the manhole. In case, no Oxygen is found inside the sewer line, workers should be sent only with oxygen kit.
- e) Safety belt with rope should be provided to the workers. While working inside the manholes, such rope should be handled by two men standing outside to enable him to be pulled out during emergency.
- f) The area should be barricaded or condoned off by suitable means to avoid mishaps of any kind. Proper warning signs should be displayed for the safety of the public whenever cleaning works are undertaken during night or day.
- g) No smoking or open flames shall be allowed near the blocked manhole being cleaned.
- h) The malba obtained on account of cleaning of blocked manholes and sewer lines should be immediately removed to avoid accidents on account of slippery nature of the malba.
- i) Workers should not be allowed to work inside the manhole continuously. He should be given rest intermittently. The Engineer-in-Charge may decide the time up to which a worker may be allowed to work continuously inside the manhole.
- j) Gas masks with Oxygen Cylinder should be kept at site for use in emergency.
- k) Air-blowers should be used for flow of fresh air through the manholes. Whenever called for, portable air blowers are recommended for ventilating the manholes. The Motors for these shall be vapour proof and of totally enclosed type. Non sparking gas engines also could be used but they should be placed at least 2 meters away from the opening and on the leeward side protected from wind so that they will not be a source of friction on any inflammable gas that might be present.
- 1) The workers engaged for cleaning the manholes / sewers should be properly trained before allowing to work in the manhole.
- m) The workers shall be provided with Gumboots or non-sparking shoes bump helmets and gloves non sparking tools safety lights and gas masks and portable air blowers (when necessary). They must be supplied with barrier cream for anointing the limbs before working inside the sewer lines.
- n) Workmen descending a manhole shall try each ladder stop or rung carefully before putting his full weight on it to guard against insecure fastening due to corrosion of the rung fixed to manhole well.
- o) If a man has received a physical injury, he should be brought out of the sewer immediately and adequate medical aid should be provided to him.
- p) The extent to which these precautions are to be taken depend on individual situation but the decision of the Engineer-in-Charge regarding the steps to be taken in this regard in an individual case will be final.
- (vi) The Contractor shall not employ men and women below the age of 18 years on the work of painting with products containing lead in any form. Wherever men above the age of 18 are employed on the work of lead painting, the following precaution should be taken:-
- a) No paint containing lead or lead products shall be used except in the form of paste or ready made paint.
- b) Suitable face masks should be supplied for use by the workers when paint is applied in the form of spray or a surface having lead paint is dry rubbed and scrapped.
- c) Overall shall be supplied by the contractors to the workmen and adequate facilities shall be provided to enable the working painters to wash during and on the cessation of work.
- 9. An additional clause (viii)(i) of AAI Safety Code (iv) the Contractor shall not employ women and men below the age of 18 on the work of painting with product containing lead in any form, wherever men above the age of 18 are employed on the work of lead painting, the following principles must be observed for such use:
 - i) White lead, sulphate of lead or product containing these pigment, shall not be used in painting operation except in the form of pastes or paint ready for use.
 - ii) Measures shall be taken, wherever required in order to prevent danger arising from the application of a paint in the form of spray.

- iii) Measures shall be taken, wherever practicable, to prevent danger arising out of from dust caused by dry rubbing down and scraping.
- iv) Adequate facilities shall be provided to enable working painters to wash during and on cessation of work.
- v) Overall shall be worn by working painters during the whole of working period.
- vi) Suitable arrangement shall be made to prevent clothing put off during working hours being spoiled by painting materials.
- vii) Cases of lead poisoning and suspected lead poisoning shall be notified and shall be subsequently verified by medical man appointed by competent authority of AAI.
- viii) AAI may require, when necessary medical examination of workers.
- ix) Instructions with regard to special hygienic precautions to be taken in the painting trade shall be distributed to working painters.
- 10. When the work is done near any place where there is risk of drowning, all necessary equipments should be provided and kept ready for use and all necessary steps taken for prompt rescue of any person in danger and adequate provision, should be made for prompt first aid treatment of all injuries likely to be obtained during the course of the work.
- 11. Use of hoisting machines and tackle including their attachments, anchorage and supports shall conform to the following standards or conditions:
 - i) (a) These shall be of good mechanical construction, sound materials and adequate strength and free from patent defects and shall be kept repaired and in good working order.
 (b) Every rope used in hoisting or lowering materials or as a means of suspension shall be of durable quality and adequate strength, and free from patent defects.
 - ii) Every crane driver or hoisting appliance operator shall be properly qualified and no person under the age of 21 years should be in charge of any hoisting machine including any scaffolding winch or give signals to operator.
 - iii) In case of every hoisting machine and of every chain ring hook, shackle swivel and pulley block used in hoisting or as means of suspension, the safe working load shall be ascertained by adequate means. Every hoisting machine and all gear referred to above shall be plainly marked with the safe working load. In case of a hoisting machine having a variable safe working load each safe working load and the condition under which it is applicable shall be clearly indicated. No part of any machine or any gear referred to above in this paragraph shall be loaded beyond the safe working load except for the purpose of testing.
 - iv) In case of departmental machines, the safe working load shall be notified by the Electrical Engineer-in-Charge. As regards contractor's machines the contractors shall notify the safe working load of the machine to the Engineer-in-Charge whenever he brings any machinery to site of work and get it verified by the electrical Engineer concerned.
- 12. Motors, gearing, transmission, electric wiring and other dangerous parts of hoisting appliances should be provided with efficient safeguards. Hoisting appliances should be provided with such means as will reduce to the minimum the risk of accidental descent of the load. Adequate precautions should be taken to reduce to the minimum the risk of any part of a suspended load becoming accidentally displaced. When workers are employed on electrical installations which are already energized, insulating mats, wearing apparel, such as gloves, sleeves and boots as may be necessary should be provided. The worker should not wear any rings, watches and carry keys or other materials which are good conductors of electricity.
- 13. All scaffolds, ladders and other safety devices mentioned or described herein shall be maintained in safe condition and no scaffold, ladder or equipment shall be altered or removed while it is in use. Adequate washing facilities should be provided at or near places of work.

- 14. These safety provisions should be brought to the notice of all concerned by display on a notice board at a prominent place at work spot. The person responsible for compliance of the safety code shall be named therein by the contractor.
- 15. To ensure effective enforcement of the rules and regulations relating to safety precautions the arrangements made by the contractor shall be open to inspection by the Labour Officer or Engineer-in-Charge of the department or their representatives.
- 16. Not withstanding the above clauses from (1) to (15), there is nothing in these to exempt the contractor from the operations of any other Act or Rules in force in the Republic of India.

MODEL RULES FOR THE PROTECTION OF HEALTH AND SANITARY ARRANGEMENTS FOR WORKERS EMPLOYED BY AAI OR ITS CONTRACTORS

1. APPLICATION

These rules shall apply to all buildings and construction works in charge of AAI in which twenty or more workers are ordinarily employed or are proposed to be employed in any day during the period during which the contract work is in progress.

2. **DEFINITION**

Work place means a place where twenty or more workers are ordinarily employed in connection with construction work on any day during the period during which the contract work is in progress.

3. FIRST-AID FACILITIES

- (i) At every work place, there shall be provided and maintained, so as to be easily accessible during working hours, first-aid boxes at the rate of not less than one box for 150 contract labour or part thereof ordinarily employed.
- (ii) The first-aid box shall be distinctly marked with a red cross on white back ground and shall contain the following equipment.
- (a) For work places in which the number of contract labour employed does not exceed 50 Each first –aid box shall contain the following equipments:
- 1. 6 small sterilized dressings
- 2. 3 medium size sterilized dressings
- 3. 3 large size sterilized dressings
- 4. 3 large sterilized burn dressings
- 5. 1 (30 ml) bottle containing a two per cent alcoholic solution of iodine.
- 6. 1 (30 ml) bottle containing salvolatile having the dose and mode of administration indicated on the label.
- 7. 1 snake bite lancet.
- 8. 1 (30 gms) bottle of potassium per manganate crystals.
- 9. 1 pair scissors.
- 10. 1copy of the first-aid leaflet issued by the Director General, Factory Advice Service and Labour Institute, Government of India.
- 11. 1 bottle containing 100 tablets (each of 5 gms) of aspirin.
- 12. Ointment for burns.
- 13. A bottle of suitable surgical antiseptic solution.
- (b) For work places in which the number of contract labour exceed 50. Each first-aid box shall contain the following equipments.
- 1. 12 small sterilized dressings.
- 2. 6 medium size sterilized dressings.
- 3. 6 large size sterilized dressings
- 4. 6 large size sterilized burn dressings.
- 5. 6 (15 gms) packets sterilized cotton wool.
- 6. 1 (60 ml). Bottle containing two per cent alcoholic solution iodine.
- 7. 1 (60 ml) bottle containing salvolatile having the dose and mode of administration indicated on the label.
- 8. 1 roll of adhesive plaster.
- 9. 1 snake bite lancet.
- 10. 1 (30 gms) bottle of potassium per manganate crystals.
- 11. 1 pair scissors.
- 12. 1 copy of the first-aid leaflet issued by the Director General Factory Advice Service and Labour Institute / Government of India.
- 13. A bottle containing 100 tablets (each of 5 gms) of aspirin.

- 14. Ointment for burns.
- 15. A bottle of suitable surgical antiseptic solution.
- (iii) Adequate arrangements shall be made for immediate recoupment of the equipment when necessary.
- (iv) Nothing except the prescribed contents shall be kept in the First-aid box.
- (v) The first-aid box shall be kept in charge of a responsible person who shall always be readily available during the working hours of the work place.
- (vi) a person in charge of the First-aid box shall be a person trained in First-aid treatment in the work places where the number of contract labour employed is 150 or more.
- (vii) In work places where the number of contract labour employed is 500 or more and hospital facilities are not available within easy distance from the works. First-aid posts shall be established and run by a trained compounder. The compounder shall be on duty and shall be available at all hours when the workers are at work.
- (viii) Where work places are situated in places which are not towns or cities, a suitable motor transport shall be kept readily available to carry injured person or person suddenly taken ill to the nearest hospital.

4. DRINKING WATER

- i) In every work place, there shall be provided and maintained at suitable places, easily accessible to labour, a sufficient supply of cold water fit for drinking.
- ii) Where drinking water is obtained from an intermittent public water supply, each work place shall be provided with storage where such drinking water shall be stored.
- iii) Every water supply or storage shall be at a distance of not less than 50 feet from any latrine drain or other source of pollution. Where water has to be drawn from an existing well which is within such proximity of latrine, drain or any other source of pollution, the well shall be properly chlorinated before water is drawn from it for drinking. All such wells shall be entirely closed in and be provided with a trap door which shall be dust and water proof.
- iv) A reliable pump shall be fitted to each covered well, the trap door shall be kept locked and opened only for cleaning or inspection which shall be done at least once month.

5. WASHING FACILITIES

- i) In every work place adequate and suitable facilities for washing shall be provided and maintained for the use of contract labour employed there in.
- ii) Separate and adequate cleaning facilities shall be provided for the use of male and female workers.
- iii) Such facilities shall be conveniently accessible and shall be kept in clean and hygienic condition.

6. LATRINES AND URINALS

- i) Latrines shall be provided in every work place on the following scale namely:
 - a) Where female are employed, there shall be at least one latrine for every 25 females.
 - b) Where males are employed, there shall be at least one latrine for every 25 males.
- ii) Provided that, where the number of males or females exceeds 100, it shall be sufficient if there is one latrine for 25 males or females as the case may be upto the first 100, and one for every 50 there after.
- iii) Every latrine shall be under cover and so partitioned off as to secure privacy, and shall have a proper door and fastenings.
- iv) Construction of latrines: The inside walls shall be constructed of masonry or some suitable heatresisting non absorbent materials and shall be cement washed inside and outside at least once a year, Latrines shall not be of a standard lower than borehole system.

- v) (a) Where workers of both sexes are employed, there shall be displayed outside each block of latrine and urinal, a notice in the language understood by the majority of the workers "For Men only" or "For Women Only" as the case may be.
 - (b) The notice shall also bear the figure of a man or of a woman, as the case may be.
- vi) There shall be at least one urinal for male workers upto 50 and one for female workers upto fifty employed at a time, provided that where the number of male or female workmen, as the case may be exceeds 500, it shall be sufficient if there is one urinal for every 50 males or females upto the first 500 and one for every 100 or part thereafter.
- vii) (a) The latrines and urinals shall be adequately lighted and shall be maintained in a clean and sanitary condition at all times.

(b) Latrines and urinals other than those connected with a flush sewage system shall comply with the requirements of the Public Health Authorities.

- viii) Water shall be provided by means of tap or otherwise so as to be conveniently accessible in or near the latrines and urinals.
- ix) Disposal of excreta: Unless otherwise arranged for by the local sanitary authority, arrangements for proper disposal of excreta by incineration at the work place shall be made by means of a suitable incinerator. Alternately excreta may be disposed of by putting a layer of night soil at the bottom of a pucca tank prepared for the purpose and covering it with a 15 cm. Layer of waste or refuse and then covering it with a layer of earth for a fortnight (when it will turn to manure).
- x) The contractor shall at his own expense, carry out all instructions issued to him by the Engineer-in-Charge to effect proper disposal of night soil and other conservancy work in respect of the contractor's workmen or employees on the site. The contractor shall be responsible for payment of any charges which may be levied by Municipal or Cantonment Authority for execution of such on his behalf.

7. PROVISION OF SHELTER DURING REST

At every place there shall be provided, free of cost, four suitable sheds, two for meals and the other two for rest separately for the use of men and women labour. The height of each shelter shall not be less than 3 meters (10 ft.) from the floor level to the lowest part of the roof. These shall be kept clean and the space provided shall be on the basis of 0.6 sq.m. (6 sft) per head. Provided that the Engineer-in-Charge may permit subject to his satisfaction, a portion of the building under construction or other alternative accommodation to be used for the purpose.

8. CRECHES

- At every work place, at which 20 or more women workers are ordinarily employed, there shall be provided two rooms of reasonable dimensions for the use of their children under the age of six years. One room shall be used as a play room for the children and the other as their bedroom. The rooms shall be constructed with specifications as per clause 19H

 (ii) a, b & c.
- ii) The rooms shall be provided with suitable and sufficient openings for light and ventilation. There shall be adequate provision of sweepers to keep the places clean.
- iii) The contractor shall supply adequate number of toys and games in the play room and sufficient number of cots and beddings in the bed room.
- iv) The contractor shall provide one ayaa to look after the children in the crèche when the number of women workers does not exceed 50 and two when the number of women workers exceed 50.
- v) The use of the rooms earmarked as crèches shall be restricted to children, their attendants and mothers of the children.

9. CANTEENS

- i) In every work place where the work regarding the employment of contractor labour is likely to continue for six months and where in contract labour numbering one hundred or more are ordinarily employed, an adequate canteen shall be provided by the contractor for the use of such contract labour.
- ii) The canteen shall be maintained by the contractor in an efficient manner.
- iii) The canteen shall consist of at least a dining hall, kitchen, store room, pantry and washing places separately for workers and utensils.
- iv) The canteen shall be sufficiently lighted at all times when any person has access toit.
- v) The floor shall be made of smooth and impervious materials and inside walls shall be lime washed or colour washed at least once in each year. Provided that the inside walls of the kitchen shall be lime washed every four months.
- vi) The premises of the canteen shall be maintained in a clean and sanitary condition.
- vii) Waste water shall be carried away in suitable covered drains and shall not be allowed to accumulate so as to cause a nuisance.
- viii) Suitable arrangements shall be made for the collection and disposal of garbage.
- ix) The dining hall shall accommodate at a time 30 per cent of the contract labour working at a time.
- x) The floor area of the dining hall, excluding the area occupied by the service counter and any furniture except tables and chairs shall not be less than one square meter (10 sft) per diner to be accommodated as prescribed in sub-Rule (ix).
- (a) A portion of the dining hall and service counter shall be partitioned off and reserved for women workers in proportion to their number. (b) Washing places for women shall be separate and screened to secure privacy.
- xii) Sufficient table's stools, chairs or benches shall be available for the number of diners to be accommodated as prescribed in sub-Rule (ix).
- xiii) (a) 1. There shall be provided and maintained sufficient utensils crockery, furniture and any other equipment necessary for the efficient running of the canteen.2. The furniture utensils and other equipment shall be maintained in a clean and

2. The furniture utensils and other equipment shall be maintained in a clean and hygienic condition.

(b) 1. Suitable clean clothes for the employees serving in the canteen shall be provided and maintained.

2. A service counter, if provided, shall have top of smooth and impervious material.

3. Suitable facilities including an adequate supply of hot water shall be provided for the cleaning of utensils and equipments.

- xiv) The food stuffs and other items to be served in the canteen shall be in conformity with the normal habits of the contract labour.
- xv) The charges for food stuffs, beverages and any other items served in the canteen shall be based on 'No Profit, No loss' and shall be conspicuously displayed in the canteen.
- xvi) In arriving at the price of food stuffs, and other article served in the canteen, the following items shall not be taken into consideration as expenditure namely:
 - a) The rent of land and building.
 - b) The depreciation and maintenance charges for the building and equipments provided for the canteen.
 - c) The cost of purchase, repairs and replacement of equipments including furniture, crockery, cutlery and utensils.
 - d) The water charges and other charges incurred for lighting and ventilation.
 - e) The interest and amounts spent on the provision and maintenance of equipments provided for the canteen.
- xvii) The accounts pertaining to the canteen shall be audited once every 12 months by registered accountants and auditors.

10. ANTI-MALARIAL PRECAUTIONS

The contractor shall at his own expense, conform to all anti-malarial instructions given to him by the Engineer-in-Charge including the filling up of any borrow pits which may have been dug by him.

11. The above rules shall be incorporated in the contracts and in notices inviting tenders and shall form an integral part of the contracts.

12. AMENDMENTS

AAI may, from time to time, add to or amend these rules and issue directions - it may consider necessary for the purpose of removing any difficulty which may arise in the administration there of.

AIRPORTS AUTHORITY OF INDIA Contractor's Labour Regulations

1. SHORT TITLE

These regulations may be called the AAI Contractors Labour Regulations.

2. **DEFINITIONS**

(i) **Workman** means any person employed by AAI or its contractor directly or indirectly through a subcontractor with or without the knowledge of the AAI to do any skilled, semiskilled or unskilled manual, supervisory, technical or clerical work for hire or reward, whether the terms of employment are expressed or implied but does not include any person:-

- a) Who is employed mainly in a managerial or administrative capacity:or
- b) Who, being employed in a supervisory capacity draws wages exceeding five hundred rupees per mensem or exercises either by the nature of the duties attached to the office or by reason of powers vested in him, functions mainly of managerial nature:or
- C) Who is an out worker, that is to say, person to whom any article or materials are given out by or on behalf of the principal employers to be made up cleaned, washed, altered, ornamental finished, repaired adopted or otherwise processed for sale for the purpose of the trade or business of the principal employers and the process is to be carried out either in the home of the out worker or in some other premises, not being premises under the control and management of the principal employer. No person below the age of 14 years shall be employed to act as a workman.

(ii) **Fair Wages** means wages whether for time or piece work fixed and notified under the provisions of the Minimum Wages Act from time to time.

(iii) **Contractors** shall include every person who undertakes to produce a given result other than a mere supply of goods or articles of manufacture through contract labour or whosupplies contract labour for any work and includes a sub contractor.

(iv) Wages shall have the same meaning as defined in the Payment of Wages Act.

i) Normally working hours of an adult employee should not exceed 9 hours a day. The working day shall be so arranged that inclusive of interval for rest, if any, it shall not spread over more than 12 hours on any day.

ii) When an adult worker is made to work for more than 9 hours on any day or for more than 48 hours in any week, he shall be paid over time for the extra hours put in by him at double the ordinary rate of wages.

iii) a) Every worker shall be given a weekly holiday normally on a Sunday, in accordance with the provisions of the Minimum Wages (Central) Rules 1960 as amended from time to time irrespective of whether such worker is governed by the Minimum Wages Act or not.

b) Where the minimum wages prescribed by the Central/State Government under the Minimum Wages Act are not inclusive of the wages for the weekly day of rest, the worker shall be entitled to rest day wages at the rate applicable to the next preceding day, provided he has worked under the same contractor for a continuous period of not less than 6 days.

c) Where a contractor is permitted by the Engineer-in-Charge to allow a worker to work on a normal weekly holiday, he shall grant a substituted holiday to him for the whole day on one of the five days immediately before or after the normal weekly holiday and pay wages to such worker for the work performed on the normal weekly holiday at overtime rate.

4. DISPLAY OF NOTICE REGARDING WAGES ETC.

The contractor shall before he commences his work on contract, display and correctly maintain and continue to display and correctly maintain in a clear and legible condition in conspicuous places on the work, notices in English and in the local Indian languages spoken by the majority of the workers giving the minimum rates of wages fixed under Minimum Wages Act, the actual wages being paid, the hours of work for which such wage are earned, wages periods, dates of payments of wages and other relevant information as per Appendix-'VIII'.

3.

5. **PAYMENT OF WAGES**

- (i) The contractor shall fix wage periods in respect of which wages shall be payable.
- (ii) No wage period shall exceed one month.
- (iii) The wages of every person employed as contract labour in an establishment or by a contractor where less than one thousand such persons are employed shall be paid before the expiry of seventh day and in other cases before the expiry of tenth day after the last day of the wage period in respect of which the wages are payable.
- (iv) Where the employment of any worker is terminated by or on behalf of the contractor the wages earned by him shall be paid before the expiry of the second working day from the date on which his employment is terminated.
- (v) All payment of wages shall be made on a working day at the work premises and during the working time and on a date notified in advance and in case the work is completed before the expiry of the wage period, final payment shall be made within 48 hours of the last working day.
- (vi) Wages due to every worker shall be paid to him direct or to other person authorized by him in this behalf.
- (vii) All wages shall be paid in current coin or currency or in both.
- (viii) Wages shall be paid without any deductions of any kind except those specified by the Central Government by general or special order in this behalf or permissible under the Payment of Wages Act 1956.
- (ix) A notice showing the wages period and the place and time of disbursement of wages shall be displayed at the place of work and a copy sent by the contractor to the Engineer-in-Charge under acknowledgement.
- (x) It shall be the duty of the contractor to ensure the disbursement of wages in the presence of the Senior Superintendent Engg or authorized representative of the Engineer-in-Charge who will be required to be present at the place and time of disbursement of wages by the contractor to workmen.
- (xi) The contractor shall obtain from Engineer in charge or the authorized representative of the Engineerin-Charge a certificate under his signature at the end of the entries in the "Register of Wages" or the "Wage-cum-Muster Roll" as the case may be in the following form: "Certified that the amount shown in column No. has been paid to the workman concerned in my presence onat.........."

Note: In case of payment of wages paid through bank, the contractor shall submit a copy of bank statement for relevant period duly signed by him.

6. FINES AND DEDUCTIONS WHICH MAY BE MADE FROM WAGES

(i) The wages of a worker shall be paid to him without any deduction of any kind except the following:

a) Fines

b) Deductions for absence from duty i.e. from the place or the places where by the terms of his employment he is required to work. The amount of deduction shall be in proportion to the period for which he was absent.

c) Deduction for damage to or loss of goods expressly entrusted to the employed person for custody, or for loss of money or any other deduction which he is required to account, where such damage or loss is directly attributable to his neglect or default.

d) Deduction for recovery of advances or for adjustment of overpayment of wages, advances granted shall be entered in a register.

e) Any other deduction which the Central Government may from time to time allow.

(ii) No fines should be imposed on any worker save in respect of such acts and omissions on his part as have been approved of by the Chief Labour Commissioner.
 Note: An approved list of Acts and Omissions for which fines can be imposed is enclosed at Appendix-XII.

- (iii) No fine shall be imposed on a worker and no deduction for damage or loss shall be made from his wages until the worker has been given an opportunity of showing cause against such fines or deductions.
- (iv) The total amount of fine which may be imposed in any one wage period on a worker shall not exceed an amount equal to three paise in a rupee of the total wages, payable to him in respect of that wage period.
- (v) No fine imposed on any worker shall be recovered from him by installment, or after the expiry of sixty days from the date on which it was imposed.
- (vi) Every fine shall be deemed to have been imposed on the day of the act or omission in respect. of which it was imposed.

7. LABOUR RECORDS

- (i) The contractor shall maintain a Register of persons employed on work on contract in Form XIII of the CL(R&A) Central Rules 1971 (Appendix-VI)
- (ii) The contractor shall maintain a Muster Roll register in respect of all workmen employed by him on the work under Contract in Form XVI of the CL (R&A) Rules 1971 (Appendix-VII).
- (iii) The contractor shall maintain a Wage Register in respect of all workmen employed by him on the work under contract in Form XVII of the CL (R&A) Rules 1971 (Appendix-VIII)
- (iv) **Register of accident** The contractor shall maintain a register of accidents in such form as may be convenient at the work place but the same shall include the following particulars:
 - (a) Full particulars of the labourers who met with accident.
 - (b) Rate of Wages
 - (c) Sex
 - (d) Age
 - (e) Nature of accident and cause of accident
 - (f) Time and date of accident
 - (g) Date and time when admitted in Hospital
 - (h) Date of discharge from the Hospital
 - (i) Period of treatment and result of treatment
 - (j) Percentage of loss of earning capacity and disability as assessed by Medical officer
 - (k) Claim required to be paid under Workmen's Compensation Act.
 - (l) Date of payment of compensation
 - (m) Amount paid with details of the person to whom the same was paid
 - (n) Authority by whom the compensation was assessed.
 - (o) Remarks
- (v) The contractor shall maintain a **Register of Fines** in the Form XII of the CL(R&A) Rules 1971 (Appendix-XIII).

The contractor shall display in a good condition and in a conspicuous place of work the approved list of acts and omissions for which fines can be imposed (Appendix-XII)

- (vi) The contractor shall maintain a **Register of deductions for damage or loss** in Form XX of the CL (R&A) Rules1971 (Appendix-XIV)
- (vii) The contractor shall maintain a **Register of Advances** in Form XXIII of the CL (R&A) Rules 1971 (Appendix-XV)
- (viii) The contractor shall maintain a **Register of Overtime** in Form XXIII of the CL (R&A) Rules 1971 (Appendix-XVI).

8. ATTENDANCE CARD-CUM-WAGE SLIP

- (i) The contractor shall issue an **Attendance card-cum-wage** slip to each workman employed by him in the specimen format (Appendix-IX)
- (ii) The card shall be valid for each wage period.
- (iii) The contractor shall mark the attendance of each workman on the card twice each day, once at the commencement of the day and again after the rest interval, before he actually starts work.
- (iv) The card shall remain in possession of the worker during the wage period under reference.

- (v) The contractor shall complete the wage slip portion on the reverse of the card at least a day prior to the disbursement of wages in respect of the wage period under reference.
- (vi) The contractor shall obtain the signature or thumb impression of the worker on the wage slip at the time of disbursement of wages and retain the card with himself.

9. EMPLOYMENT CARD

The contractor shall issue an **Employment Card** in Form XIV of the CL (R&A) Central Rules 1971 to each worker within three days of the employment of the worker (Appendix-X).

10. SERVICE CERTIFICATE

On termination of employment for any reason whatsoever the contractor shall issue to the workman whose services have been terminated, a **Service certificate** in Form XV of the CL(R&A) Central Rules 1971.

11. **PRESERVATION OF LABOUR RECORDS**

All records required to be maintained under Regulations Nos. 6 & 7 shall be preserved in original for a period of three years from the date of last entries made in them and shall be made available for inspection by the Engineer-in-Charge or Labour Officer or any other officers authorised by the Ministry of Urban Development in this behalf.

12. POWER OF LABOUR OFFICER TO MAKE INVESTIGATIONS OR ENQUIRY

The Labour Officer or any person authorized by Central Government on their behalf shall have power to make enquiries with a view to ascertaining and enforcing due and proper observance of Fair Wage Clauses and the Provisions of these Regulations. He shall investigate into any complaint regarding the default made by the contractor or sub contractor in regard to such provision.

13. REPORT OF LABOUR OFFICER

The Labour Officer or other persons authorized as aforesaid shall submit a report of result of his investigation or enquiry to the Engineer-in-Charge concerned indicating the extent, if any, to which the default has been committed with a note that necessary deductions from the contractor's bill be made and the wages and other dues be paid to the labourers concerned. In case an appeal is made by the contractor under Clause 13 of these regulations, actual payment to labourers will be made by the Engineer-in-Charge after G.M. Engg. has given his decision on such appeal.

(i) Engineer-in-Charge shall arrange payments to the labour concerned within 45 days from the receipt of the report from the Labour Officer or the G.M. Engineer as the case may be.

14. APPEAL AGAINST THE DECISION OF LABOUR OFFICER

Any person aggrieved by the decision and recommendations of the Labour Officer or other person so authorized may appeal against such decision to the Engineer-in-Charge concerned within 30 days from the date of decision, but subject to such appeal, the decision of the officer shall be final and binding upon the contractor.

15. PROHIBITION REGARDING REPRESENTATION THROUGH LAWYER

- (i) A workman shall be entitled to be represented in any investigation or enquiry under these regulations by:
- a) An officer of a registered trade union of which he is a member.
- b) An officer of a federation of trade unions to which the trade union referred to in Clause (a) is affiliated.

- c) Where the employer is not a member of any registered trade union, by an officer of a registered trade union, connected with the industry in which the worker is employed or by any other workman employed in the industry in which the worker is employed.
- (ii) An employer shall be entitled to be represented in any investigation or enquiry under these regulations by:
- a) An officer of an association of employers of which he is a member.
- b) An officer of a federation of associations of employers to which association referred to in Clause (a) is affiliated.
- c) Where the employers is not a member of any association of employers, by an officer of association of employer connected with the industry in which the employer is engaged or by any other employer, engaged in the industry in which the employer is engaged.
- (iii) No party shall be entitled to be represented by a legal practitioner in any investigation or enquiry under these regulations.

16. INSPECTION OF BOOKS AND SLIPS

The contractor shall allow inspection of all the prescribed labour records to any of his workers or to his agent at a convenient time and place after due notice is received or to the Labour Officer or any other person, authorized by the Central Government on his behalf .

17. SUBMISSION OF RETURNS

The contractor shall submit periodical returns as may be specified from time to time.

18. AMENDMENTS

The Central Government/AAI may from time to time add to or amend the regulations and on any question as to the application/interpretation or effect of those regulations the decision of the General Manager (Engg.) concerned shall be final.

Materials covered under this clause	Nearest Material (other than cement*, reinforcement bars, structural steel & Bitumen) for which All India Wholesale Price index is to be followed	Base price and its corresponding period of all the materials covered under clause 10CA
1. Cement (OPC/ PPC)		Base price for cement and reinforcement steel to be determined as issued under authority of DG (Works).
2. Reinforcement steel bars (TMT)		CPWD or concerned Zonal Chief Engineer, CPWD as on
3. Structural Steel 4. Bitumen		last date of receipt of tender.In case base price for cement,reinforcementsteelandBitumen as to be issued byCPWDisnotavailableconcernedED(Engg)empowered to determine thesame.

*Note:

1. Includes cement component used in RMC brought at site from outside approved RMC plants, if any.

2. Base price and its corresponding period of all the materials covered under clause 10CA is to be mentioned at the time of approval of NIT. In case of recall of tenders, the base price may be modified by adopting latest base price and its corresponding period.

Clause 10 CC :- Not Applicable

Clause 10CC to be applicable in contracts with	18 Months
stipulated period of completion exceeding the-	
period shown in next column	

Schedule of component of other materials, Labour, POL etc. for price escalation.

Component of POL, expressed as % of total valueofwork......Z-____%

Note: Xm % should be equal to (100) (material covered under clause 10 CA i.e. cement, steel and Other materials specified in clause 10 CA + component of labour + component of POL).

Schedules

Clause11

Specification to be followed for execution of work	a) "CPWD Specification 2009 with upto date
	correction slips, MORTH or other specification
	as applicable.
	b) Technical specification.
	c) Manufacturer's Specification.

Clause12

12.2 &	Deviation limit beyond which clauses 12.2 & 12.3 shall apply for buildings,	30% (Thirty Percent)
12.3	pavements and all other works above	
	foundation level.	
12.5	Deviation limit beyond which clauses 12.2 & 12.3 shall apply for foundation work	100% (Hundred Percent)

PERFORMA

ANNEXURE-1

UNDERTAKING TO BE SUBMITTED IN COMPANY'S LETTER HEAD IN ENVELOPE-I

Asstt. General Manager Engg. (Civil), Airports Authority of India, Gaya Airport, Gaya-823004

Date:

Sir,

ACCEPTANCE OF AAI'S TENDER CONDITIONS

- The Tender Document for the work of "Face up lifting of Main entry gate of Airport at Gaya Airport, Gaya" have been sold to me/us by Airports Authority of India and I/we hereby certify that I/we have inspected the sites and read the entire terms and conditions of the Tender Documents, Corrigendum and Reply to Query made available to me/us on etender portal of CPP which shall form part of the contract agreement and I/We shall abide by the conditions/clauses contained therein.
- 2. I / We hereby unconditionally accept the tender conditions of AAI's tender documents in its entirety for the above work.
- 3. The contents of NIT Documents have been noted and after unconditionally accepting the tender conditions in its entirety, it is not permissible to upload any additional file or put any remarks/condition(s) in/along with the tender documents and the same has been followed in the present case. In case, this provisions of the tender if found violated after opening of tender, I agree that the tender shall be rejected and AAI shall without prejudice to any other right or remedy be at liberty to forfeit the 10% of Earnest Money.
- 4. I / We declare that I/We have not paid and will not pay any bribe to any officer of AAI for awarding this contract at any stage during its execution or at the time of payment of bills, and further if any officer of AAI asks for bribe / gratification, I/We will immediately report it to the appropriate authority in AAI.
- 5. The required earnest money as specified in Page no. 4 of GCC for this work has already been submitted and the scanned copy of online generated receipt against EMD/ BG against EMD is attached herewith.
- 6. I / We agree that "If at any stage, any information / documents submitted by us are found to be false, we shall not be considered for evaluation and liable for debarment from tendering in AAI, apart from any other appropriate / Legal action, including termination of the contract shall be taken if discovered at a later stage.".

Thanking you,

Yours faithfully,

(Signature of the tenderer) With rubber stamp

GUARANTEE TO BE EXECUTED BY CONTRACTOR FOR REMOVAL OF DEFECTS AFTER COMPLETION IN RESPECT OF SPECIALIZED WORKS

(SAMPLE COPY)

(Separate Warranty / Guarantee Agreements shall be made for different specialized jobs based on descriptions provided in the Technical / CPWD Specifications/SCC)

The Agreement made this	day of
- two thousand & nineteenbetween	nson of
of (h	erein after called the Guarantor of the one
part) and the Chairman, AAI (hereinafter called the Authority of other part).	

WHEREAS THIS agreement is supplementary to a contract (here in after called the Contract) dated------and made between the GUARANTORY OF THE ONE PART and the Chairman, AAI, whereby the Contractor, inter-alia undertook to render the buildings and structures in the said contract recited completely water and leak proof.

AND WHEREAS THE GURANTOR agreed to give a guarantee to the effects that the said structures will remain water and leak proof for 10 (Ten) years (05 years Guarantee Bond in the form of BG for value of 5% of total water proofing system + 05 years Corporate Guarantee) from the date of giving of water proofing treatment.

NOW THE GUARANTOR herby guarantees that water proofing treatment given by him will render the structures completely leak proof and minimum life of such water proofing treatment shall be 10 (Ten) years (05 years Guarantee Bond of value of 5% of total water proofing system + 05 years Corporate Guarantee) to be reckoned from the date of giving of water proofing treatment.

Provided that the guarantor will not be responsible for leakage caused by earthquake or structural defects or misuse of roof or alteration and for such purpose.

- a) Misuse of roof shall mean any operation which will damage proofing treatment, like chopping of firewood and things of the same nature which might cause damage to the roof.
- b) Alteration shall mean construction of an additional storey or a part of the roof or construction adjoining to existing roof whereby proofing treatment is removed in parts.
- c) The decision of the Engineer-in-charge with regard to cause of leakage shall be final.

During this period of guarantee the guarantor shall make good all defects and in case of any defect being found render the building water proof to the satisfaction of the Engineer-in charge at his cost and shall commence the work such rectification within 7 days from the date of issue of the notice from the Engineer-in-charge calling upon him to rectify the defects failing which the work shall be got done by the department by some other contractor at the GUARANTOR's cost and risk. The decision of the Engineer- in-charge as to the cost, payable by the Guarantor should be final and binding.

That if Guarantor fails to execute the water proofing or commits breach there under then the Guarantor will indemnify the Principal Employer and the successors against all loss, damage, cost, expense or otherwise which may be incurred by him by reasons of any default on the part of the GUARANTOR in performance and observance of this supplementary agreement. As to the amount of loss and / or damage and / or cost incurred by the Government the decision of the Engineer-in-charge will be final and binding on the parties.

IN WITNESS WHEREOF these presents have been executed by the Obligator -----------and by ------and for an on behalf of the Chairman, AAI on the day, month and year first above written.

SPECIAL CONDITIONS OF CONTRACT (CIVIL WORKS)

Name of Work: Face up Lifting of Main Entry Gate of Airport at Gaya Airport, Gaya.

1. GENERAL

- 1.1 Special conditions of Contract shall be read in conjunction with General Conditions of Contract, Technical Specifications, Drawings and any other documents forming part of this contract wherever the context so requires.
- 1.2 Notwithstanding the sub-division of the documents into these separate sections and volume every part of each shall be deemed to be supplementary to and complementary ofevery other part and shall be read with and into the CONTRACT so far as it may be practicable to do so.
- 1.3 Where any portion of the General Condition of Contract is repugnant to or at variance with any provisions of the Special Conditions of Contract, unless a different intention appears, the provisions of the Special Conditions of Contract shall be deemed to over- ride the provisions of the General Conditions of Contract and shall to the extent of such repugnancy, or variations, prevail.
- 1.4 Nothing extra shall be payable on account of various activities to be performed as per Special Conditions of Contract except where so specified.

2. COMPLETION SCHEDULE

- 2.1 Contractor shall have to plan his construction programme and activities so as to complete the work in the stipulated period. Accordingly, Contractor to ensure adequate lighting arrangement as per site requirement. The period of completion given includes the time required for mobilization as well as testing, rectifications, if any, re-testing and completion in all respects to the entire satisfaction of Engineer-in-Charge.
- 2.2 The contractor shall furnish within 15 days from the stipulated date of start of work. Programme showing the milestones, critical path, sequencing of activities etc. for completion of work within the stipulated time and as per conditions of the contract. The programme should clearly include Manpower, Material and Machinery, resources proposed to be deployed for achieving the targeted progress, justification for same based on machinery output, the date from which is machinery shall be available at site in working condition etc. complete. The programme shall be subject to the approval of Engineer-in-Charge who may order changes in the programme. The decision of Engineer-in-Charge shall be final and binding in this regard.
- 2.3 Contractor is expected to mobilize and deploy sufficient resources as per the agreed programme to achieve the progress within the broad framework of accepted methods of working and safety. Timely deployment of required machineries, equipment, apparatus and instruments are to be treated as one of the sections of the work.
- 2.4 No additional payment shall be made to the contractor for any multiple shift of working or any other methods contemplated by him in his work schedule even though the time schedule is approved by the Engineer-in-Charge.

- 2.5 During the currency of the work the contractor is expected to adhere to the time schedule on mile stone and total completion and this adherence will be a part of Contractor's performance under the contract.
- 2.6 The Engineer-in-Charge can hold the payment till such time; the contractor does not submit Bar Chart, work programme etc.
- 2.6 For Monitoring of Project
- 2.6.1 The approval to the revise schedule resulting in a completion date beyond the stipulated date of completion shall not automatically amount to grant of extension of time to the contractor.
- 2.6.2 The extension of time (E.O.T) shall be applied by the contractor and processed by the Engineer-in-charge and submitted to competent authority for sanctioned as specified below:

Final EOT: After completion of the work.

- 2.6.3 Compensation for delay against GCC clause 2 for unjustified period of delay in completion of work shall be worked out on the basis of AAI guidelines/T.I.in vogue for working out the direct losses to be recovered towards compensation for delay.
- *3* SCOPE OF WORK:
- **3.1** Works to be carried out as per the Bill of Quantities/Structural details and design as approved by AAI and any other related works considered necessary.

4. DRAWINGS AND DOCUMENTS

- 4.1 The Tender drawings/BOQ accompanying the tender documents are of indicative nature and issued for tendering purpose with the purpose to enable the tenderer to make an offer in line with the requirements of the AAI.
- 4.2 The execution of work shall be as per the "Approved Drawings" and detailed specifications. No claim whatsoever, shall be entertained for variation in the approved for construction drawings and tender drawings, if any.

5. BILL OF QUANTITIES

5.1 The Bill of Quantities shall be read in conjunction with General Conditions of Contract, Special Conditions of Contract, Technical Specifications, CPWD, AAI & MoRTH specifications, Drawings and any other Document forming a part of this tender. The quantities shown against the various items are only approximate and subject to variations as made in General Conditions of the Contract.

6. LICENSE FEE FOR LAND ALLOTTED BY AAI

6.1 The contractor shall not be permitted to enter in (other than for inspection purpose) or take possession of the site until instructed to do so by the Engineer-in-Charge in writing.

The portion of the site to be occupied by the contractor shall be defined and/or marked on the site plan, failing which these shall be indicated by the Engineer-in-Charge at site and the contractor shall on no account be allowed to extend his operations beyond these areas. In respect of any land allotted to the contractor for purpose of or in connection with the contract, the contractor shall be issued a license subject to the following and such other terms and conditions as may be imposed by the licenser: -

- (i) That he shall pay a nominal license fee for unpaved land allotted by AAI for installation of plants, labour camp (if Provided), Cement godown and site office, license fee from contractor is chargeable per sqm per annum @ rate of 25% of prevailing AAI land rates (i.e. @ Rs. 1255.00 x 25% = 313.75 per sqm.) with annual compound escalation w.e.f.1st April of every year (or as amended/decided by AAI from time to time). A security deposit of Rs. 500/ Sqm in the form of Cash/DD/BG is also to be obtained from the contractor forthis purpose. This security deposit can be released only after ensuring that allotted land has been vacated and Engineer-in-charge to certify this fact in the final bill. Land used for stacking of material to the extent available is, however, provided at free of cost, with the approval ofProject/Airport In-charge. Land used for site office for AAI's use will be free of cost. The allotment of land for purpose of or in connection with the contract subject to the following and such other terms and conditions as may be imposed by the licenser:
- (ii) That such use or occupation shall not confer any right of tenancy of the land to the contractor.
- (iii) That the contractors shall be liable to vacate the land on demand by the Engineer-in-Charge.
- (iv) That the contractor shall have no right to any construction over this land without the written permission of the Engineer-in-Charge. In case, he is allowed to construct any structure he shall have to demolish & clear the same before handing over the completed work unless agreed to the contrary.
- (v) The site for stacking of construction materials required for the work shall give free ofcost.
- 6.2 The contractor shall provide, if necessary or if required on the Site, all temporary access thereto and shall alter, adapt and maintain the same as required from time to time and shall take up and clear them away as and when no longer required and as and when ordered by the Engineer-in-Charge and make good all damage done to the Site.

6.3 Land for Labour Camps:

No Labour camps will be permitted within the operational area and the contractor shall make the necessary arrangements, at his own cost with prior approval of the Engineer-in-Charge in setting the camps outside operational area in AAI land if available at prescribed charges.

7. TEMPORARY WORKS:

- 7.1 The tenderer should see the approaches to the site of work and conditions of the same. If any approach from main road is required to be made at site or existing approach is to be maintained for cartage of materials etc. by the Contractor, the same shall be provided, improved and maintained by the Contractor at his own cost.
- 7.2 The Contractor shall segregate the site of work from other area by providing barricade as directed by the Engineer-in-charge. The barricading towards operational area shall be painted with red and white paint. After Completion of the work these shall be removed and taken away by theContractor.

8. **PAYMENTS**

8.1 For the work done by the agency, R/A bill are to be processed as per Schedule 'F' Clause-7. These bills shall be prepared based on joint measurements on a prefixed date. If the Contractor or his authorized representative does not present/associates for joint measurements, ex-parte measurements of the work done since previous bill shall be recorded by the Engineer-in-charge or his authorized representative for the purpose of bill/payments. The bills shall be submitted on the format prescribed by the Engineer-in-charge, through computerized billing in triplicate.

8.2 The payment due to the contractor shall be made within 15 days of the submission of the bill by the contractor and the measurements shall be verified by the Engineer-in-Charge or his representative within10 days of submission of the bill. The payment shall be made from the AAI office at Kolkata (RHQ) through ERP/SAP system.

8.3 The defects liability period for the Civil work shall be 12 (Twelve) Months from the certified date of completion of work.

9. Income Tax and Labour Cess

- 9.1 Income Tax deductions shall be made from all payments made to the Contractor as per the rules and regulations in force in accordance with the Income Tax Act prevailing from time to time.
- 9.2 Labour cess as per rules and regulations in force shall be deducted from the bills of the Contractors and deposited with designated authorities.

10. **POWER SUPPLY**.

- *10.1* Generally, power required for the work shall not be given by department and same has to be arranged by the contractor. In case AAI electricity source is available near the work site and electricity can be spared to the contractor as per direction of E.I.C, the contractor may draw electricity from the AAI source as approved by E.I.C.
- *10.2* Necessary meter and connection from the source as approved by E.I.C shall be arranged by the contractor. No extra payment towards meter and connection arrangement shall be paid by the AAI
- 10.3 Wherever AAI electricity source used by the contractor, prevailing rate of electricity charge applicable for Gaya Airport as fixed by the local electricity board / authority whichever is higher including AAI service charge based on per unit of meter reading shall be recovered from the RA & final bill of the contractor.

11. CONTRACT AGREEMENT:

- 11.1 The contract agreement shall be executed on a **non- judicial stamp paper of value of Rs.1000/**and the cost of the stamp paper shall be borne by the contractor.
- 11.2 Contractor's tender including the letters of clarifications between the contractor and the AAI prior to the award of contract shall form a part of the Contract Agreement to the extent they have been accepted by AAI.

12. SITE ORGANISATION

12.1 Subject to the provisions in the tender document and without prejudice to contractors' liabilities and responsibilities to provide adequate qualified and skilled personnel on the work, contractor shall also ensure site organization and augment the same as decided by the Engineer-in-Charge depending on the exigencies of work. No engineering personnel deployed at site shall be removed from the site without prior approval of the Engineer-in-charge.

13. FIELD LABORATORY

- 13.1 The contractor at his own cost shall set up within 30 days from the schedule date of start of work a fully furnished and adequately equipped field laboratory as per work requirement and maintain the same by presenting adequate technical and upkeep staff. The laboratory should have office space for engineers to do testing and store for storage of samples. The remaining space shall be provided for the installation of equipment, laboratory tables and cupboards, working space for carrying out tests, besides a wash basin/sink.
- 13.2 The contractor shall arrange necessary laboratory apparatus/equipment as required for various routine tests to be conducted as per specification for the items of work. Contractor shall arrange necessary steel tapes, leveling instrument and total station as per requirement at the site of work. Nothing extra shall be payable to contractor on this account.

14. INSPECTION OF SITE AND TESTING

- (vi) The Engineer-in-Charge or his authorized representative shall have full power to inspect any portion of the work, examine the materials and workmanship at the contractor's works or at any other place from where the material is obtained. Acceptance of any material shall in no way relieve the contractor of his responsibility for meeting the requirement of the specifications.
- (vii) All branded materials shall be supplied with manufacturer's certificate. If AAI wants to carry out any test on the material supplied by the contractor through an outside laboratory to verify any of the parameters, the testing charges for such tests shall be borne by AAI. In case of failure to meet the test/specifications criteria, testing charges of such samples shall be recovered from the contractor. The defective material shall be replaced by the contractor with suitable material and the contractor shall be liable to carry out such tests thorough an outside laboratory as the Engineer-In-Charge may decide to verify important parameters of the specifications of the material.
- (viii) The cost of all site tests as above by way of cost of sample, transportation, freight (inclusive of taxes if any) shall be borne by the contractor.

15. ADMISSION TO SITE

15.1 The work site belongs to AAI. For the works falling within the restricted area, execution shall be restricted to non-operational hours. The contractor is expected to finish the work before each break by adequate planning with suitable construction joints etc. as per the satisfaction of Engineer-in-Charge. All men and vehicles shall be permitted to enter the aerodrome operational area only on possession of the security passes issued by airport in-charge or his authorized representative. The contractor shall apply in writing in advance of the commencement of work for issue of security passes and shall submit list of personnel concerned with their addresses and shall satisfy the Engineer-in-Charge who shall, at his discretion, have the right to recommend the issue of passes to control the admission of contractor, his agents, his staff and workmen. The contractor shall ensure that his men shall work in areas/zones allotted to them. Passes shall be deposited with the Engineer-in-Charge on demand and in any case immediately after completion of work. The contractor's staff/workmen shall observe all the rules promulgated from time to time by the concerned authorities such as prohibition of smoking & lighting, search of persons on entry and exit, keeping to specified routes etc. Any person found violating the security rules laid down by the authorities will be expelled from the area without assigning any reason whatsoever and contractor shall have no claim on this account.

16.1 No storage accommodation will be arranged by AAI, Contractor shall make all such arrangements at his own cost to the satisfaction of Engineer-in-Charge.

17. SITE FOR STACKING OF MATERIALS, MACHINES, INSTALLATIONS OF T&P AND CONSTRUCTION OF TEMPORARY HUTMENTS.

- 17.1 The contractor shall be allowed to install plants and machineries, store and stack the material within airport premises. The contractor shall not be permitted to enter on (other than for inspection purpose) or take possession of the site until instructed to do so by the Engineer-in-Charge in writing. The portion of the site to be occupied by the contractor shall be defined and/or marked on the site plan, failing which these shall be indicated by the Engineer-in-Charge at site and the contractor shall on no account be allowed to extend his operations beyond these areas.
- 17.2 The contractor shall co-operate with any other agency working on the same project, compare plans, specifications and the time schedule and so arrange his work that there will be no interference. The contractor shall forward to the Engineer-in-Charge all correspondence and drawings so exchanged. Failure to check plans for conditions will render the contractor responsible for bearing the cost of any subsequent change found necessary, contractor should co-ordinate in such a way that on no account there should be any disturbance to the work. No claim on this account shall be entertained by AAI.
- 18. BYE-LAWS
- 18.1 The contractor shall comply with all bye-laws and regulations of local and statutory authorities having jurisdiction over the works and shall be responsible for payment of all fees and other charges and for giving and receiving of all necessary notices and keeping the Engineer-in-Charge, informed of the said compliance with the bye-laws, payments made, notices issued and received.
- 18.2 The contractor shall indemnify the AAI against all claims in respect of patent rights, design, trademarks of name or other protected rights in respect of any plant, machine, work or materials used for or in connection with the work or temporary works and from and against all claims, demands proceedings, cost, charges and expenses whatsoever in respect of or in relation thereto. The contractor shall defend all actions arising from such claims and shall himself pay all royalties, license fees, damages, costs and charges of all and every sort that may be legally incurred in respect thereto.

19. SITE PRECAUTIONS

i) Any materials or T & P etc. found lying outside the sites approved by the Engineerin-Charge shall be removed by the Engineer-in-Charge at the risk and cost of the contractor.

- ii) With regard to construction safety measures, the contractor shall adhere to various Indian Standard Codes of Practice, ICAO guidelines, requirements of Provincial Government and local Municipal Authority wherever the provisions of the latter two agencies shall be more stringent than the provisions of the former. When these codes do not exist, the contractor shall adhere to such safety measures as directed by the Engineer-in-Charge.
- iii) The contractor shall be responsible for any damage, resulting from his operations, either to buildings, structures, airport fixtures such as underground cable, lights, hard surface areas, water mains, other operational installations, Airport roads etc. The contractor shall restore, replace or repair any such damage to the complete satisfaction of the Engineer-in-Charge and in default the Engineer-in-Charge may cause the same to be made good by any other means and deduct the expenses from sums due to contractor.
- **20.** The contractor shall take all precautions to avoid accidents by exhibiting necessary day & night caution boards, speed limit boards, red flags, red lights, providing barriers and safety tapes. He shall be responsible for all damages and accidents caused due to negligence on his part. No hindrances shall be caused to traffic during execution of work.
- **21.** No payment will be made to the contractor for damage caused by rains or other natural calamities during the execution of the works and no such claim on this account will be entertained.
- **22.** The contractor shall remove the labour huts, temporary barricades etc. on completion of the work and leave the site in a neat and tidy state. The payment of final bill will be subject to the compliance of this condition by the contractor.

23. MATERIAL AT SITE

- (a) Materials brought to the site by the contractor shall be stored by the contractor in a safe/dry storage space. The contractor shall be responsible for safe custody of materials at site till such time, the installation is commissioned and handed over to the Engineer-in-Charge.
- (b) Cement bags shall be stored in separate godowns to be constructed by Contractor at his own cost with weather proof roofs and walls. Bulk cement should be stored in silos.

24. WORKING IN RESTRICTED AREA AND RESTRICTED TIME

For the work to be carried out in restricted area, the Contractor shall have to coordinate with the AAI for locating T&P and stacking of materials etc. Nothing extra shall be paid to the Contractor on this account.

In case, it appears, at any stage that the project may not be completed within the stipulated period due to restricted working hours in day time, the contractor shall execute the work during the night as and when asked by the Engineer-in-Charge in writing. Nothing extra shall be payable to contractor for working in night time. For proper execution, the work site shall be properly illuminated and arrangement shall be made by the contractor at his own expenses.

Agency has to be taken security clearance from BCAS before starting the work in security restricted area i.e. operational area.

The agency has to submit the security programme before start the work in security restricted area i.e. operational area.

Work order shall be terminated by AAI, Gaya if security clearance is denied by DG, BCAS on security grounds. Agency who has been issued work order, shall apply for security clearance on E-Sahaj Portal of BCAS after getting recommendation letter from AAI, Gaya.

Necessary entry passes will be obtained from the concerned issuing authorities for working in Operational and non-operational areas. Applicable fees for obtaining the passes shall be paid by the agency (Present charges for processing each AEP/TAEP is Rs. 75/-) and the rates quoted are inclusive of such fees. Nothing extra shall be paid on this account. The tenderer has to make arrangements for police verification and security clearance for his agency and staff.

Also, it is the duty of the contractor to ensure that airport passes are treated with utmost sanctity and are not allowed outside the airport premises. Supervisor will collect the Airport entry pass (AEP) of all workforce and handover to representative of the airport director at the end of every shift. AEPs can be collected from the representative of the airport director at the start of every shift and can be distributed to contract workforce.

Contractor has to ensure deployment of workforce as per tender conditions. AAI will not be responsible for any external influence the contractor may face during deployment of workforce.

Contractor's Responsibility:

• To ensure that areas as per the tender conditions are maintained in a neat and tidy state 24X7.

• To ensure that best Health and Safety practices are adhered to by the integrated pest and rodent control management staff so as to prevent any injuries or illness to any person. The contractor shall ensure that the staff engaged by them doesn't have a criminal background / police case. The Police clearance of each staff should be obtained before applying for the Airport entry passes.

• The contractor shall obtain the Airport entry passes for his staff from BCAS/AAI. All the charges for obtained AEP shall be borne by the agency.

• To ensure staff is in proper uniform and well groomed.

• The contractor shall ensure that none of the staff is allowed to take the Airport Entry passes from work place after duty hours. It shall be the responsibility of the contractor to issue and collect back PIC's at start and end of shift in order to avoid any misuse of PIC's.

• It shall be the responsibility of the contractor to collect back PIC of any staff separating from job and deposit the same to issuing authority.

• All the employees should be made aware of Safety, Security, and Environment requirements.

• In event of any untoward situation such as strikes etc. the vendor needs to have a contingency back up manpower to man essential areas such as washrooms and Public areas.

• The contractor shall be responsible and liable for any accident caused to Passengers, staff, stakeholders, AAI property etc.

• The Contractor should follow all the applicable environmental legal and other requirements communicated by AAI time to time.

• The contractor should follow the requirements given in the AAI policy, Vision & Mission statement and it is the responsibility of the contractor to communicate the same to the employees working for him.

• The disposal of Waste (Hazardous & Non-hazardous) generated from the any other activities of contractor shall be disposed as per Government Waste Management Procedure.

SCC-9

• It is the responsibility of contractor to impart the training to all personnel on the basic environmental awareness and waste management practices at Airport.

• Contractor should take effort to reduce the resource consumption like electricity, water, fuel from its activities.

• Contractor is bound to comply the requirements raised during the environment inspections of its work area and should submit the action taken report to the concerned officer.

• Contractor should take proper steps to prevent the occurrence of Environmental incidents such as any spillages, leakages of the chemicals, storm water drain contamination etc.

• Contractor should report any environmental incident to AAI Environment department immediately.

• Proper training to be given to the employees handling the chemicals to avoid any incidents / injuries.

• AAI reserves the right to interview all contractor managers, shift in-charge, Supervisors and any other staff.

• In view of COVID-19, All rules must be follow as recommended by WHO.

• The contractor/Agency shall obtain security clearance from BCAS and shall timely submit security programme to AAI/BCAS.

25. ARRANGEMENT TO BE MADE BY THE CONTRACTOR AT SITE

- 25.1 Necessary registers and stationery required for entering data and test results shall be provided by the contractor at his own cost as directed by the Engineer- in- Charge.
- 25.2 The agency is also required to provide safety devices to the other manpower (male/female) deployed at site for the work as detailed below: -

(i) Safety helmets, safety jackets and foot wears are to be provided as per requirement and nature of job to all male/female workers.

(ii) Safety belts, protective Goggles, Hand gloves etc are to be provided as per requirement and nature of job to all male/female workers.

25.3 RECOVERIES

- a) *Deployment of Technical Manpower*: The engineers shall be deployed as per the approved programme for execution of work/ site requirement. Recovery shall be as defined in Schedule 'F' page GCC 135.
- b) Royalty Charges and Seigniorage fees for all mining items will be recovered / deduct twice the prevailing rate of Mines Dept. of State Govt. If not paid by the agency at the time of purchasing of the mineral items for this work.
- 26. However, these recoveries as stipulated above do not relieve the contractor to pay, levy of compensation for delay as per clause no. 2 of GCC, in case work is not completed within the stipulated time.

27. APPARITIONING OF WORK

The Airports Authority of India reserves the right to apparition the work at different levels amongst not more than two contractors, by negotiations if necessary.

28. USE OF READY-MIX CONCRETE 28.1 The contractor is allowed to use Ready Mix Concrete (RMC) from the batching plant as approved by the Engineer-in-Charge subjected to meeting Technical Specification of respective item. Also, the contractor can use admixture to increase the workability of the concrete. However, nothing shall be paid extra for using RMC, admixture and transportation to site of work in transit mixer for all leads etc., reason what so ever. The concrete shall be paid into the respective item.

29. PERFORMANCE

The contractor shall perform all works in substantial and acceptable manner in accordance with the plans and specifications and in accordance with explanatory drawings, details and instructions as may be given by the Engineerin-Charge from time to time.

The contractor shall provide and take all necessary actions for the proper execution of the works according to the true intent and meaning of the drawing and specifications taken together.

30. DIFFERENCE BETWEEN FIRST LOWEST BIDDER AND SECONDLOWEST BIDDER

- 30.1 Final bill will be worked out at the accepted tender rates and also with quoted rates of second lowest. The amount of final bill to be paid will be restricted to the lowest of the two.
- **31.** The contractor shall intimate his PF account code no. allotted by regional PF commissioner and ESI registration no. allotted by ESI Corporation after award of work and shall continue to have valid PF account code no. and ESI registration no. till actual completion of the contract.

32. PRICES/ LEVY/ TAXES

All tender rates should be inclusive of all taxes including GST@18%. Where ever supplies/services involve imports the same should be identified separately. Basic custom duty will be paid by AAI by utilizing EPCG license Duty scrip under SEI scheme of GoI. GST shall be paid to bidder for any taxable supply/services against a valid Tax invoice.

The bidder is required to provide Tax type and Tax percentage in all bids other than that of civil works.

In case of composite works having component of SITC items, such as Electrical & Mechanical Installation, Airport system, Security, IT, Furniture etc should be identified separately with value of goods and services, Tax rate, amount of Tax so as to enable AAI to claim input Tax credit on such items.

In case of change in rate of Tax or any provision relating to levy of Tax resulting in increase in burden of Tax on the contractor, the contractor shall be entitled to receive any compensation for such increase in quantum of Tax payable by the contractor. Similarly, recovery shall be made from the contractor on account of decrease of rate of Tax or any provision relating to levy of Tax.

33. SITE CONDITIONS, REQUIREMENTS AND SOURCES OF MATERIALS.

- a) The contractor shall be responsible for the true and proper setting out of the work and for the correctness of the positions levels and dimensions and alignments of all parts of the works and for the provisions of all necessary applications and labour in connections therewith.
- b) If any time during the progress of the work any error may appear or arise in the position, levels, dimension or alignments of any part of the work the contractor is required to rectify the same at his own expenses to the satisfaction of the Engineer- in-Charge.
- c) The checking or any setting out of any line by the Engineer-in-Charge or his representative shall not relieve in any way the contractor of responsibility for the correctness thereof.
- d) The contractor should ensure establishment of reference points for coordinates, bench marks, center of pillars etc. for performing all the functions/uses till the physical

completion of work.

- e) The contractor shall also keep proper record of such permanent bench marks established denoting therein their correct levels.
- f) The work establishing all such bench marks shall be carried out only by experienced staff of the contractor with the help of precision instrument suitable for this type of work. The instruments shall be checked/calibrated for their accuracy and for permanent adjustment before the commencement of the work and also frequent intervals during the progress of the work.
- g) All such bench marks established by the contractor shall be subjected to check and approval of the Engineer-in-Charge or his authorized representative and variations noticed in the work as a result of improper establishment or maintenance of such bench marks shall be made proper by the contractor at his own expense.
- h) The contractor has to adjust his work and progress to work in co-ordination with other agencies working at site.
- i) The materials such as Good Earth, Moorum, Coarse and Fine aggregates etc. shall be brought to site only after approval of the quarry / source by the Engineer-in-Charge.

34. NUISANCE:

The Contractor shall not at any time do, cause or permit any nuisance on the Site or do anything which shall cause unnecessary disturbance or inconvenience to owners, tenants or occupiers of other properties near the Site and to the Public generally.

35. WATCH AND WARD OF SITE:

The Contractor shall provide and maintain round the clock security of the site at his own expense including area lighting and deployment of adequate security staff for the protection of the Works or for the safety and convenience of those employed on the Works.

36. DUTIES AND POWERS OF REPRESENTATIVES OF ENGINEER- IN-CHARGE

The duties of the representative of the Engineer-in-Charge, are to watch and supervise the Works and to test and examine any materials to be used or workmanship employed in connection with the Works. He shall have no authority to order any work involvingany extra payment by AAI or to make any variation in the works.

36.1 The Engineer-in-Charge may from time to time in writing delegate to his Representative any of the powers and authorities vested in the Engineer-in- Charge and shall furnish to the Contractor a copy of all such written delegation of powers and authorities. Any written instruction or written approval given by the Representative of the Engineer-in- Charge to the Contractor within the terms of such delegations shall bind the Contractor and AAI as if it had been given by the Engineer-in-Charge.

- 36.2 Failure of the Representative of the Engineer-in-Charge to disapprove any work or materials shall not prejudice the power of the Engineer-in-Charge thereafter to disapprove such work or materials and to order the pulling down, removal or breaking up thereof.
- 35.3. If the Contractor shall be dissatisfied with any decision of the Representative of the Engineer-in-Charge he shall be entitled to refer the matter to the Engineer-in Charge who shall thereupon confirm, reverse or vary such decision.

37. WORK DURING NIGHT OR ON SUNDAYS AND HOLIDAYS:

Subject to any provisions to the contrary contained in the Contract, works shall be carried outduring night or on Sundays or on authorized holidays with the permission of the Engineer-in- Charge.

38. MINIMUM PLANT & MACHINERY TO BE PROVIDED BY THE CONTRACTOR

The contractor should deploy required T & P for execution of the work as per the agreed programme, for deployment of Plant & Machinery. The contractor must ensure deployment of the T & P within the given time period.

39. STRUCTURAL DESIGN AND STRUCTURAL DRAWINGS:

The Structural design shall be as per the relevant BIS code and sound engineeringpractice. The Structural design and drawing shall be submitted to the EIC by the Contractor and same shall be got vetted/approved from IITs/NIT or any government engineering collages. No additional time period or any cost shall be allowed to the contractor for vetting of design and drawings. The Contractor shall be fully responsible for soil testing and structural design services performed by him and shall be in accordance with accepted standard of safety.

40. Mix Design of PQC

The contractor shall ensure that Mix design report from institute / approved laboratoryis submitted to Engineer in charge of the work within 45 days of stipulated date of start of work. Consequent to receipt of mix design report the trial mix shall be carried out and finalized within 90 days of stipulated date of start of work. The contactor is fully responsible to give mix design report and establish an economical and workable mix design at field laboratory in consultation with AAI representative.

41. DIVERSION OF WATER:

During the execution of work contractor shall make necessary arrangement for pumping out water (Internal / External) from work site to avoid disturbance/hindrance in the work. Necessary temporary arrangement to divert the running water (if required) shall be done by the contractor for timely completion of work. No extra payment shall be made for Pumping & diversion of water. Contractor should also ensure that, no flooding of water occurs inside or outside the operational area due to execution of the work.

42. DIVERSION OF ROAD: -

During the execution of work, contractor shall make necessary arrangement for diversion of existing road from work site to avoid disturbance/hindrance in the work and movement of passenger / material vehicle. The work may be carried out in two phases. In First phase, arrival road / new proposed path will be completed and in second phase, the work of departure gate will be taken up after completion of first phase. No extra time and payment for diversion of road and work carried out in phase manner.

TECHNICAL SPECIFICATION (CIVIL)

1.0 PREAMBLE

These technical specifications shall be read in conjunction with the various other documents forming the contract, namely Notice Inviting Tender & Instructions to Tenderers, Conditions of Contract, Special Conditions of Contract, Bill of Quantities and other related documents, together with any addendum issued thereto.

1.01 Absence of terms such as providing, supplying, laying, installing, fixing etc. in the description does not even remotely suggest that the contractor is absolved of such providing, supplying etc. unless an explicit stipulation is made in this contract. The owner shall bear no costs of materials, equipment's duties, taxes, royalties etc.

1.03 The classification of various items of work for purpose of measurements and payments shall be as per bills of quantities (BOQ). Except where distinguished by the BOQ, the rates apply to all heights, depths, sizes, shapes and locations. They also cater for all cuts and wastages.

1.04 The specifications may have been divided in different sections/sub-head for convenience only. They do not restrict any cross-reference. The Contractor shall take in to account inter-relations between various parts of works/trades. No claim shall be entertained on basis of compartment interpretations.

2.0 OBLIGATIONS OF THE CONTRACTOR

2.1 In order to ensure that the contract work is executed strictly in accordance with this Agreement and in time, the Contractor shall have the following obligations at no extra cost to AAI in addition to such other obligations and responsibilities as have been specified elsewhere in this Contract.

i) Provision of adequate number of constructional Plant and machinery for mechanized system of construction, handling and transportation;

ii) Fulfill all the Contractor's labour regulations i.e. fair wages, display of notices regarding wages, payment of wages, labour records, attendance cards-cum-wage slips, labour welfare etc. as per standard practices and norms applicable at site;

2.2 All fossils, gold, silver, oil and other minerals, precious stones, coins, article of value, of antiquity and structures and other remains/ things of geological or archaeological interest discovered on the site of the works shall be notified` by the Contractor immediately to the Engineer-in-Charge for onward information to the concerned authorities.

2.3 The Contractor shall take all reasonable precaution to prevent his workmen or any other person from removing or damaging any such article(s) or thing(s) and protect the same till the removal as per the instructions of the Engineer-in-Charge.

2.4 Clearance of the site of all rubbish, debris, materials, temporary structures, plant and machinery, scaffoldings and filling of all pits, excavation and hand over the site in a tidy and clean condition after completion of the work.

2.5 Opening up of covered work, if instructed by the Engineer, if such covering was done before inspection by the Engineer or without permission/ approval from the Engineer-in- Charge.

3.0 GENERAL

3.1 The works will be executed as indicated in the nomenclature of each item and technical specifications as given hereunder as made applicable to this contract.

3.2 In the absence of any definite provision in the technical specifications contained herein, reference may be made to the latest CPWD, MORTH, IRC, ICAO Specifications and IS codes, in that order. Wherever these are silent, the construction and completion of the works shall conform to sound engineering practice and in case of any dispute arising out of the interpretation of the above, the decision of the Engineer-in-Charge shall be final and binding on the Contractor.

3.3 In addition, the abbreviations CPWD, IRC, MORTH, IS, BS, ICAO ASTM, AASHTO shall be considered to have the following meaning: -

CPWD	Central Public Works Department
IRC	Indian Road Congress
MoRTH	Ministry of Road Transport and Highways, Government of India
IS Standards	Indian Standard of the Bureau of Indian
BS	British Standard of the British Standard
ICAO	International Civil Aviation Organization
ASASTM	American Standards of the American Society of Testing Materials
ASSHTO	American Association of State Highway and Transportation Officials

3.4 All the codes of practice, standards and specifications applicable shall be the latest editions with up to date correction slips etc. or as directed by the Engineer-in-Charge.

4.0 SUBMISSION AND APPROVAL OF DESIGN & DRAWINGS:

There is provision to provide detailed design / structural and architectural drawings specified in various items before commencement of that item. The Contractor shall submit the design and drawings along with anticipated quantity of item(s) as per relevant code of practice, standards and specifications to Engineer-in-charge for his approval. The Contractor will revise the same, in case any modification is suggested by the Engineer-in-charge, before his approval. Nothing shall be paid extra on this account.

This document consists of technical specifications of items listed below. Contractor to note that execution of all other items included in the tender shall be carried out in accordance with latest CPWD, MORTH, IRC, ICAO Specifications and IS codes, in that order. Wherever these are silent, the construction and completion of the works shall conform to sound engineering practice and in case of any dispute arising out of the interpretation of the above, the decision of the Engineer-in-Charge shall be final and binding on the Contractor.

ITEM NO. 18: -

Providing and laying in position specified grade of reinforced cement concrete, using minimum cement of 384 kg, excluding the cost of centering, shuttering, finishing and reinforcement, All works up to plinth Level 1:1.65:3 (1 cement : 1.65 coarse sand : 3 coarse aggregate)

ITEM NO. 19: -

Providing and laying in position specified grade of reinforced cement concrete, using minimum cement of 384 kg, excluding the cost of centering, shuttering, finishing and reinforcement, All works above plinth Level 1:1.65:3 (1 cement : 1.65 coarse sand : 3 coarse aggregate)

SPECIFICATION FOR ITEM NO. 18 & 19

1 Scope

1.1 The work shall consist of providing and laying in position of specified grade of reinforced cement concrete using minimum cement 384 Kg (PPC cement conforming IS: 1489-(part-1)-1991) with maximum water cement ratio 0.50 and slump value 25-75 mm.
2 Materials

2.1 Source of Materials: The contractor shall indicate to the Engineer-in-Charge the source of all materials (For Coarse Aggregate- Manpur/ Panchanpur, Gaya) with relevant test data to be used in specified RCC concrete work sufficiently in advance and the approval of the Engineer-in-Charge for the same shall be obtained before start of the work. If the contractor later proposes to obtain the materials from a different source during execution of work, he shall notify the Engineer-in-Charge for his approval before such materials are to be used.

2.2 Aggregates

2.2.1 Aggregates for RCC shall be natural material complying CPWD specification and relevant IS code.

2.2.2 Coarse aggregate: Coarse aggregates shall consist of clean, hard, strong, dense, nonporous and durable pieces of crushed stone or crushed gravel and shall be devoid of pieces of disintegrated stone, soft, flaky, elongated, very angular or splintery pieces.

2.2.3 Fine aggregate: The fine aggregates shall consist of clean natural sand or crushed stone sand or a combination of the two and shall conform CPWD specification and IS code. Fine aggregate shall be free from soft particles, clay, shale, loam, cemented particles, mica and organic and other foreign matter.

Sieve Size (mm)	Percentage passing in the sieve by weight
40	100
20	95-100
4.75	30-50
0.600	10-35
0.150	0-6

2.2.4 The combine grading material as indicated in below Table.

2.3 Water:

Water used for mixing and curing of concrete shall be clean and free from injurious amounts of oil, salt, acid, vegetable matter or other substances harmful to the finished concrete.

2.4 Storage of materials

2.4.1 Cement:

The Contractor shall provide adequate storage facilities to prevent deterioration of cement during storage due toclimate and other causes. Wherever bulk storage containers are used, their capacity should be sufficient to caterto the requirement at site. The containers shall be cleaned at least once every 3 months. Cement remaining in stores for more than one and half month from the date of manufacture must be retested before useand to be rejected, if it fails to conform to any of the requirements of the specifications. **Cement used on work shall be PPC cement conforming IS: 1489-(part-1)-1991.**

2.4.2 Aggregates:

a) Stock piles shall be made immediately on receipt of aggregates at site of work. Aggregates shall be stacked separately according to the nominal sizes of coarse aggregates. For fine aggregates, separate stacks shall be made.

b) Aggregates shall be stacked on a hard surface so as to exclude the possibility of soil or grass being mixed up. When stacked in close proximity, the stock piles shall be separated by bulk heads to prevent the different sizes of aggregates from mixing together. Special care shall be taken to clean and wash the last layer of aggregates incontact with ground surface before use.

c) Before batching, the aggregates shall have been stock piled for at least 24 hours to allow for draining of water, if any. The Contractor shall make adequate provision for stock piling aggregates to the extent sufficient meet the needs of the work taking into account the availability of supplies and rates of delivery etc. and nothing extra shall be paid for necessary double handling and transport of materials from stock piles to mixingplant etc.

3 Proportioning of Materials for the Mix

Water (Kg)	Cement (Kg)	Fine Aggregate (Kg)	Coarse Aggregate (Kg)	
			20 mm	10 mm
192	384	630	705	476
0.50	1	1.64	3.08	
192	392	627	702	474
0.49	1	1.60	3.00	

3.1 The mix shall be proportioned as tabulated below:-

4. MIXING

4.1 Machine *Mixing:* The mixer drum shall be flushed clean with water. Measured quantity of coarse aggregate shall be placed first in the hopper. This shall be followed with measured quantity of fine aggregate and then cement. In case fine aggregate is damp, half

the required quantity of coarse aggregate shall be placed in the hopper, followed by fine aggregate and cement. Finally the balance quantity of coarse aggregate shall be fed in the hopper, & then the dry materials are slipped into the drum by raising the hopper. The dry material shall be mixed for atleast four turns of the drum. While the drum is rotating, water shall be added gradually to achieve the water cement ratio as specified or as required by the Engineer-in-Charge. After adding water, the mixing shall be continued until concrete of uniform colour, uniformly distributed material and consistency is obtained. Mixing shall be done for atleast two minutes after adding water. If there is segregation after unloading from the mixer, the 0concrete should be remixed. The drum shall be emptied before recharging. When the mixer is closed down for the day or at any time exceeding 20 minutes, the drum shall be flushed cleaned with water.

4.2 *Hand Mixing:* When hand mixing has been specifically permitted in exceptional circumstances by the Engineer-in-Charge in writing, subject to adding 10% extra cement, it shall be carried out on a smooth, clean and water tight platform of suitable size. Measured quantity of sand shall be spread evenly on the platform and the cement shall be dumped on the sand and distributed evenly. Sand and cement shall be mixed intimately with spade until mixture is of even colour throughout. Measured quantity of coarse aggregate shall be spread on top of cement sand mixture and mixing done by showlling and turning till the coarse aggregate gets evenly distributed the cement sand mixture. Three quarters of the total quantity of water required shall be added in a hollow made in the middle of the mixed pile and the material is turned towards the middle of pile with spade. The whole mixture is turned slowly over and again and the remaining quantity of water is added gradually. The mixing shall be continued until concrete of uniform colour and consistency is obtained. The mixing platform shall be washed and cleaned at the end of the day.

4.3 *Transportation and Handling:* Concrete shall be transported from the mixer to the place of laying as rapidly as possible by methods which will prevent the segregation or loss of any of the ingredients and maintaining the required workability. During hot or cold weather, concrete shall be transported in deep containers, other suitable methods to reduce the loss of water by evaporation in hot weather and heat loss in cold weather may also be adopted.

4.4 Placing

The concrete shall be deposited as nearly as practicable in its final position to avoid rehandling. It shall be laid gently (not thrown) and shall be thoroughly vibrated and compacted before setting commences and should not be subsequently disturbed. Method of placing shall be such as to preclude segregation. Care shall be taken to avoid displacement of reinforcement or movement of form work and damage due to rains. As a general guidance, the maximum free fall of concrete may be taken as 1.5 metre.

4.5 Compaction

Concrete shall be thoroughly compacted and fully worked around embedded fixtures and into corners of the form work. Compaction shall be done by mechanical vibrator of appropriate type till a dense concrete is obtained. The mechanical vibrators shall conform to IS 2505, IS 2506, IS 2514 and IS 4656. To prevent segregation, over vibration shall be avoided. Compaction shall be completed before the initial setting starts. For the items where mechanical vibrators are not to be used, the contractor shall take permission of the Engineer-in-Charge in writing before the start of the work. After compaction the top surface shall be finished even and smooth with wooden trowel before the concrete begins to set.

4.6 Curing

Curing is the process of preventing loss of moisture from the concrete. The following methods shall be employed for effecting curing.

4.6.1 *Moist Curing :* Exposed surfaces of concrete shall be kept continuously in a damp or wet condition by ponding or by covering with a layer of sacking, canvas, Hessian or similar materials and kept constantly wet for at least 7 days from the date of placing concrete in case of ordinary Portland cement and at least 10 days where mineral admixtures or blended cements are used. The period of curing shall not be less than 10 days for concrete exposed to dry and hot weather conditions. In the case of concrete where mineral admixtures or blended cements are used, it is recommended that above minimum periods may be extended to 14 days.

4.6.2 *Membrane Curing*: Approved curing compounds may be used in lieu of moist curing with the permission of the Engineer-in-Charge. Such compound shall be applied to all

exposed surfaces of the concrete as soon as possible after the concrete has set. Impermeable membrane such as polythene sheet covering the concrete surface may also be used to provide effective barrier against the evaporation.

4.7 Freshly laid concrete shall be protected from rain by suitable covering.

4.8 Over the foundation concrete, the masonry work may be started after 48 hours of its compaction but the curing of exposed surfaces of cement concrete shall be continued along with the masonry work for at east 7 days. And where cement concrete is used as base concrete for flooring, the flooring may be commenced before the curing period of base concrete is over but the curing of base concrete shall be continued along with top layer of flooring for a minimum period of 7 days.

4.9 Testing of Concrete

Testing of concrete shall be done as per CPWD specification / relevant IS code. The compressive strength of the concrete will be 165 Kg per sqcm at 7 days and average 250 kg per sqcm at 28 days as

4.10 Form Work

Form work shall be as specified in R.C.C. chapter and shall be paid for separately unless otherwise specified.

4.11 Finishes

Plastering and special finishes other than those, obtained through form work shall be specified and paid for separately unless otherwise specified.

4.12 Measurements

4.12.1 Dimensions of length, breadth and thickness shall be measured correct to nearest cm. except for the thickness of slab and partition which shall be measured to nearest 5 mm. Areas shall be worked out to nearest 0.01 sqm and the cubic contents of consolidated concrete shall be worked out to nearest 0.01 cum. Any work done in excess over the specified dimension or sections shown in the drawing shall be ignored.

4.12.2 Concrete work executed in the following conditions shall be measured separately:

(a) Work in or under water

(b) Work in liquid mud

(c) Work in or under foul positions

4.13 Rate

The rate is inclusive of the cost of labour and materials involved in all the operations described above.

	Earth work in excavation by mechanical means					
_	(Hydraulic excavator)/manual means over areas					
	(exceeding 30 cm in depth, 1.5 m in width as well as 10					
	sqm on plan) including getting out and disposal of					
	excavated earth lead upto 50 m and lift upto 1.5 m, as					
	directed by Engineer-in-charge.					
	All kinds of soil	cum	406.00			
2	Earth work in excavation by mechanical means					
	(Hydraulic excavator) / manual means in foundation					
	trenches or drains (not exceeding 1.5 m in width or 10					
	sqm on plan) including dressing of sides and ramming of					
	bottoms, lift upto 1.5 m, including getting out the					
	excavated soil and disposal of surplus excavated soil as					
	directed, within a lead of 50 m.					
		cum	50.00			
3	Filling available excavated earth (excluding rock) in					
	trenches, plinth, sides of foundations etc, in layers not					
	exceeding 20cm in depth, consolidation each deposited					
	layer by ramming and watering, lead up to 50 m and lift					
	upto 1.5 m	cum	285.00			
4	Supplying and filling in plinth with sand under floors,					
	including watering, ramming, consolidating and dressing					
	complete.	cum	56.00			
5	Providing and laying in position cement concrete of					
	specified grade excluding the cost of centering and					
	shuttering - All work up to plinth level : 1:2:4 graded					
	stone aggregate 20 mm nominal size).	cum	16.00			
6	Providing and laying in position cement concrete of					
	specified grade excluding the cost of centering and					
	shuttering - All work up to plinth level ; 1:4:8 (1 Cement					
	: 4 coarse sand aggregate 40mm nominal size)					
		cum	72.00			
7	Making plinth protection 50 mm thick of cement					
	concrete 1:3:6 (1 cement: 3 coarse sand : 6 graded stone					
	aggregate 20 mm nominal size) over 75mm thick bed of					
	dry brick ballast 40 mm nominal size, well rammed and					
	consolidated and grouted with coarse sand, including					
	necessary excavation, levelling & dressing & finishing the					
	top smooth.	sqm	12.00			
8	Centering and shuttering including strutting, propping					
	etc. and removal of form for all heights: Foundation,					
	footings, bases of clumns, etc, for mass concrete					
		Sqm	164.00			

9	Centering and shuttering including strutting, propping				
	etc. and removal of form for all heights: Walls (any				
	thickness) including attached pilasters, butteresses,				
	plinth and string courses etc.		== 00		
10	Contaring and chuttaring including strutting propring	Sqm	75.00

	Beam	Sqm	170.00		
12	Centering and Shuttering including strutting, propping	Sqiii	170.00		
	etc, and removal of form for all heights : Columns ,				
	pillars, plers, Abutments, Posts and Struts				
		Sqm	134.00		
13	Centering and Shuttering including strutting, propping	- 1 -			
_	etc, and removal of form for all heights :				
	Arches, Domes, Valults up to 6m	Sqm	285.00		
14	Centering and Shuttering including strutting, propping				
	etc, and removal of form for all heights : Avertical and				
	Horizontal Fins individually or Forming box Louvers				
	band, facia and eaves boards	Sqm	140.00		
15	Extra for additional height in centering, shuttering where				
	ever required with adequate bracing, propping etc.,				
	including cost of de-shuttering and decentering at all				
	levels, over a height of 3.5 m, for every additional height				
	of 1 metre or part thereof (Plan area to be measured).				
	Suspended floors, roofs, landing, beams and balconies				
	(Plan area to be measured)		150.00		
10	Steel reinforcement for R.C.C. work including	Sqm	456.00		
16	Steel reinforcement for R.C.C. work including straightening, cutting, bending, placing in position and				
	binding all complete upto plinth level. Thermo-				
	Mechanically Treated bars of grade Fe-500D or more.				
		K.G.	4694.00		
17	Steel reinforcement for R.C.C. work including	K.O.	4054.00		
17	straightening, cutting, bending, placing in position and				
	binding all complete upto plinth level. Thermo-				
	Mechanically Treated bars of grade Fe-500D or more.				
		K.G.	10339.00		
18	Providing and laying in position specified grade of				
	reinforced cement concrete, using minimum cement of				
	384 kg, excluding the cost of centering, shuttering,				
	finishing and reinforcement, All works upto plinth Level				
	1:1.65:3 (1 cement : 1.65 coarse sand : 3 coarse				
	aggregate)				
		Cum	48.00		

19	Providing and laying in position specified grade of			
	reinforced cement concrete, using minimum cement of			
	384 kg, excluding the cost of centering, shuttering,			
	finishing and reinforcement, All works above plinth Level			
	1:1.65:3 (1 cement : 1.65 coarse sand : 3 coarse			
	aggregate)			
		cum	63.00	
20	Brick work with common burnt clay F.P.S (non modular)			
	bricks of class designation 7.5 in foundation and plinth in			
	: Cement mortar 1:4 (1 cement : 4 coarse sand)			
		cum	21.00	
21	Brick work with common burnt clay F.P.S 9non modular)			
	bricks of class designation 7.5 in superstructure above			
	plinth level up to floor V level in all shapes and sizes in :			
	Cement mortar 1:4 (1 cement : 4 coarse sand)			
		cum	57.00	
22	Half brick masonry with common burnt clay F.P.S 9non			
	modular) bricks of class designation 7.5 in foundation			
	and plinth in : cement mortar 1:4 (1 cement : 4 coarse			
	sand)	Sqm	27.00	
23	Providing and fixing ISI marked flush door shutters			
	conforming to IS :2202 (Part I) non-decorative type, core			
	of block board construction with frame of 1st class hard			
	wood and well matched commercial 3 ply veneering			
	with vertical grains or cross bands and face veneers on			
	both faces of shutters: 35 mm thick including ISI marked			
	Stainless Steel butt hinges with necessary screws			
		Sqm	5.04	
24	Providing 40x5 mm flat iron hold fast 40 cm long	- 1		
	including fixing to frame with 10 mm diameter bolts,			
	nuts and wooden plugs and embedding in cement			
	concrete block 30x10x15cm 1:3:6 mix (1 cement : 3			
	coarse sand : 6 graded stone aggregate 20mm nominal			
	size).	Each	12.00	
25	Providing and fixing IS : 12817 marked stainless steel			
	butt hinges with stainless steel screws etc. complete :			
	100X58X1.90 mm	Each	16.00	
26	Providing and fixing aluminium sliding door bolts, ISI	Lucii	10.00	
20	marked anodised (anodic coating not less than grade AC			
	10 as per IS : 1868), transparent or dyed to required			
	colour or shade, with nuts and screws etc. complete :			
	300x16 mm	Fach	2.00	
27	Providing and fixing aluminium tower bolts, ISI marked,	Each	2.00	
21	anodised (anodic coating not less than grade AC 10 as			
	per IS : 1868) transparent or dyed to required colour or			
	shade, with necessary screws etc. complete : 300x10			
		Fash	2.00	
20	mm Droviding and fixing aluminium handles ISL marked	Each	2.00	
28	Providing and fixing aluminium handles, ISI marked,			
	anodised (anodic coating not less than grade AC 10 as			
	per IS : 1868) transparent or dyed to required colour or			
	shade, with necessary screws etc. complete : 125 mm			
		Each	2.00	

				-	
29	Providing and fixing aluminium work for doors, windows, ventilators and partitions with extruded built up standard tubular sections/appropriate Z sections and				
	other sections of approved make conforming to IS: 733				
	and IS: 1285, fixing with dash fasteners of required dia				
	and size, including necessary filling up the gaps at				
	junctions, i.e. at top, bottom and sides with required				
	EPDM rubber/neoprene gasket etc. Aluminium sections				
	shall be smooth, rust free, straight, mitred and jointed				
	mechanically wherever required including cleat angle,				
	Aluminium snap beading for glazing / paneling, C.P.				
	brass/ stainless steel screws, all complete as per				
	architectural drawings and the directions of Engineer-in-				
	charge. (Glazing, paneling and dash fasteners to be paid				
	for separately) :For fixed portion Powder coated aluminium (minimum thickness of				
	powder coating 50 micron)				
		K.G.	103.00		
30	For shutters of doors, windows & ventilators including	K.O.	105.00		
	providing and fixing hinges/ pivots and making provision				
	for fixing of fittings wherever required including the cost				
	of EPDM rubber / neoprene gasket required (Fittings				
	shall be paid for separately).				
		K.G.	156.00		
31	Providing and fixing glazing in aluminium door, window,				
	ventilator shutters and partitions etc. with EPDM rubber				
	/ neoprene gasket etc. complete as per the architectural drawings and the directions of engineer-in-charge . (Cost				
	of aluminium snap beading shall be paid in basic item):				
	or area man shap searing shar se para in sasie item).				
		Sqm	16.00	 	
32	Steel work in built up tubular (round, square or				
	rectangular hollow tubesetc.) trusses etc., including				
	cutting, hoisting, fixing in position and applying a priming coat of approved steel primer, including welding and				
	bolted with special shaped washers etc. complete.				
	10.16.1 Hot finished welded type tubes				
		Kg.	500.00		
33	Steel work welded in built up sections/ framed work,	0.			
	including cutting, hoisting, fixing in position and applying				
	a priming coat of approved steel primer using structural				
	steel etc. as required. In gratings, frames, guard bar,				
	ladder, railings, brackets, gates and similar works				
		Kg.	1124.00		

-				1	
34	Providing and laying matt finished vitrified tile of size 300x300x9.8mm having with water absorption less than 0.5% and conforming to IS: 15622 of approved make in all colours and shades in for outdoor floors such as footpath, court yard, multi modals location etc., laid on 20mm thick base of cement mortar 1:4 (1 cement : 4				
	coarse sand) in all shapes & patterns including grouting				
	the joints with white cement mixed with matching				
	pigments etc. complete as per direction of Engineer-in-				
	Charge.	Sqm	365.00		
35	Providing and fixing 1st quality ceramic glazed wall tiles	04			
	conforming to IS: 15622 (thickness to be specified by the				
	manufacturer), of approved make, in all colours, shades except burgundy, bottle green, black of any size as				
	approved by Engineer-in-Charge, in skirting, risers of				
	steps and dados, over 12 mm thick bed of cement				
	mortar 1:3 (1 cement : 3 coarse sand) and jointing with grey cement slurry @ 3.3kg per sqm, including pointing				
	in white cement mixed with pigment of matching shade				
	complete.				
		Sqm	16.00		
36	Providing and laying Vitrified floor tiles in different sizes (thickness to be specified by manufacturer), with water				
	absorption less than 0.08 % and conforming to I.S.				
	15622, of approved make, in all colours & shade, laid on				
	20mm thick cement mortar 1:4 (1 cement: 4 coarse sand). jointing with grey cement slurry @ 3.3kg/sqm				
	including grouting the joint with white cement &				
	matching pigments etc. complete. Size of Tile				
	600x600mm (Digital)	sqm	14.00		
37	Providing and laying Vitrified tiles in different sizes	5411	14.00		
	(thickness to be specified by manufacturer), with water				
	absorption less than 0.08 % and conforming to I.S. 15622, of approved make, in all colours & shade, in				
	skirting, riser of steps, over 12mm thick bed of cement				
	mortar 1:3 (1 cement: 3 coarse sand). jointing with grey				
	cement slurry @ 3.3kg/sqm including grouting the joint				
	with white cement & matching pigments etc. complete. Size of Tile 600x600mm				
		Sqm	3.00		
38	12 mm cement plaster of mix : 1:6 (1 cement: 6 coarse	-			
39	sand) 20 mm cement plaster of mix : 1:6 (1 cement: 6 coarse	Sqm	400.00		
	sand)	Sqm	400.00		
40	6 mm cement plaster of mix : 1:3 (1 cement: 3 fine sand)				
41	Finishing walls with Acrylic Smooth exterior paint of	Sqm	400.00	 	
-+1	required shade : New work (Two or more coat applied @				
	1.67 ltr/10 sqm over and including priming coat of				
	exterior primer applied @ 2.20 kg/10 sqm)	-			
1		Sqm	400.00		

			1 1		
42	Wall painting with acrylic emulsion paint of approved				
	brand and manufacture to give an even shade : Two or				
	more coats on new work	Sqm	400.00		
43	Painting with synthetic enamel paint of approved brand				
	and manufacture to give an even shade : Two or more				
	coats on new work	Sqm	100.00		
44	Demolishing cement concrete manually/ by machanical				
	means including disposal of material within 50 metres				
	leas as per direction of Engineer-in-Charge. Nominal				
	concrete 1:3:6 or richer mix (i/c equivalent design mix)				
		CUM	2.00		
45	Demolishing R.C.C. work manually/ by mechanical				
	means including stacking of steel bars and disposal of				
	unserviceable material within 50 metres lead as per				
	direction of Engineer - in- charge.	CUM	8.00		
46	Dismantling steel work manually/ by mechanical means				
	in built up sections without dismembering and stacking				
	within 50 metres lead as per direction of Engineer-in-				
	charge.	K.G.	50.00		
47	Demolishing brick work manually/ by mechanical means				
	including stacking of serviceable material and disposal of				
	unserviceable material within 50 metres lead and taking				
	away serviceable brick as per direction of Engineer-in-				
	charge. In cement mortar				
		cum	30.00		
48	Dismantling of flexible pavement (bituminous courses)				
	by machanical means and disposal of dismantled				
	material up to all lead and lift within Airport Area as per				
	direction of Engineer-in-charge.	cum	15.00		
49	Providing and laying at or near ground level factory				
	made kerb stoneof M-25 grade cement concrete in				
	position to the required line, level and curvature, jointed				
	with cement mortar 1:3 (1 cement: 3 coarse sand),				
	including making joints with or without grooves				
	(thickness of joints except at sharp curve shall not to				
	more than 5mm), including making drainage opening				
	wherever required complete etc. as per direction of				
	Engineer-in-charge (length of finished kerb edging shall				
	be measured for payment). (Precast C.C. kerb stone shall be approved by Engineer-in-charge).				
	be approved by Engineer-III-charge).				
F 0	Drouiding and fiving water closet equation and the line	cum	18.00		
50	Providing and fixing water closet squatting pan (Indian type $W(C, pap)$ with 100 mm cand cast iron P or S tran				
	type W.C. pan) with 100 mm sand cast Iron P or S trap,				
	10 litre low level white P.V.C flushing cistern, including				
	flush pipe, with manually controlled device (handle				
	lever) conforming to IS : 7231, with all fittings and fittings and fittings and coking good the				
	fixtures complete including cutting and caking good the				
	walls and floors wherever required : White Vitreous				
	china Orissa pattern W.C pan of size 580x440 mm with				
	integral type foot rests.				
		Each	1.00		

				1	
51	Providing and fixing G.I. pipes complete with G.I. fittings				
	and clamps, i/c cutting and making good the walls etc.				
	15 mm dia nominal bore	Metre	25.00		
52	Providing and fixing G.I. pipes complete with G.I. fittings				
	and clamps, i/c cutting and making good the walls etc.				
	20 mm dia nominal bore	Metre	25.00		
53	Providing and fixing G.I. pipes complete with G.I. fittings				
	and clamps, i/c cutting and making good the walls etc.				
	25 mm dia nominal bore	Metre	25.00		
54	Providing and fixing G.I. pipes complete with G.I. fittings				
	including trenching and refilling etc.(a) 40 mm dia				
	nominal bore	Mtr.	100.00		
55	Providing and fixing brass bib cock of approved quality :				
	15 mm nominal bore	Each	1.00		
56	Providing and fixing gun metal gate valve with C.I. wheel				
	of approved quality (screwed end) : (a) 40 mm nominal				
	bore Providing and fixing ball valve (brass) of approved	Each	1.00		
57					
	quality, High or low pressure, with plastic floats				
	complete : (a) 15 mm nominal bore		2.00		
50	Providing and fixing gun metal non- return valve of	Each	2.00		
58	approved quality (screwed end) : (a) 40 mm nominal				
	bore (ii) Vertical	Fach	2.00		
59	Providing and fixing uplasticised PVC connection pipe	Each	2.00		
23	with brass unions : 45 cm length:15 mm nominal bore				
	with brass unions . 45 cm length.15 mm homman bore	Each	2.00		
60	Providing and placing on terrace (at all floor levels)	Lach	2.00		
00	polyethylene water storage tank, IS : 12701 marked,				
	with cover and suitable locking arrangement and making				
	necessary holes for inlet, outlet and overflow pipes but				
	without fittings and the base support for tank. Circular				
	Tank	Per Ltr.	500.00		
61	Providing and fixing G.I. Union in G.I. pipe including				
•-	cutting and threading the pipe and making long screws				
	etc. complete (New work) : (a) 15 mm nominal bore				
		each	10.00		
62	Providing and fixing G.I. Union in G.I. pipe including				
	cutting and threading the pipe and making long screws				
	etc. complete (New work) : (b) 20 mm nominal bore				
		each	10.00		
63	Providing and fixing G.I. Union in G.I. pipe including				
	cutting and threading the pipe and making long screws				
	etc. complete (New work) : (c) 40 mm nominal bore				
		each	10.00		
64	Providing and fixing C.P. brass angle valve for basin				
	mixer and geyser points of approved quality conforming				
	to IS:8931 a) 15 mm nominal bore	each	3.00		

			1		
65	Providing and fixing PTMT grating of approved quality				
	and colour:Rectangular type with openable circular				
	lid:150 mm nominal size square 100 mm diameter of the				
66	inner hinged round grating Providing, laying and jointing glazed stoneware pipes	each	2.00		
66	class SP-1 with stiff mixture of cement mortar in the				
	proportion of 1:1 (1 cement : 1 fine sand) including				
	testing of joints etc. complete : 150 mm diameter				
	testing of joints etc. complete i 150 min diameter	Metre	25.00		
67	Providing and fixing on wall face unplasticised Rigid PVC	Wette	25.00		
07	rain water pipes conforming to IS : 13592 Type A,				
	including jointing with seal ring conforming to IS : 5382,				
	leaving 10 mm gap for thermal expansion, (i) Single				
	socketed pipes				
	110 mm Diameter	Metre	25.00		
68	Providing and fixing on wall face unplasticised - PVC				
	moulded fittings/ accessories for unplasticised Rigid PVC				
	rain water pipes conforming to IS : 13592 Type A				
	including jointing with seal ring conforming to IS : 5382				
	leaving 10 mm gap for thermal expansion.				
i	Single Tee with Door (i)110mm	Fach	2.00		
ii	Single Tee with Door 110x110x110 mm Dia	Each	3.00		
iii	Bend 87.5 110 mm bend	Each	3.00		
	Providing and fixing to the inlet mouth of rain water pipe	Each	3.00		
69	cast iron grating 15 cm diameter and weighing not less				
	than 440 grams.	Each	3.00		
70	Providing and laying non-pressure NP2 class (light duty)	Luch	5.00		
	R.C.C. pipes with collars jointed with stiff mixture of				
	cement mortar in the proportion of 1:2 (1 cement : 2				
	coarse sand) including testing of joints etc. complete				
	(1) 150 mm dia. R.C.C. pipe				
		Metre	25.00		
71	Providing and laying cement concrete 1:5:10 (1 cement :				
	5 coarse sand : 10 graded stone aggregate 40 mm				
	nominal size) up to haunches of S.W. / RCC pipes				
	including bed concrete as per standard design :				
	(1) 150 mm dia. R.C.C. pipe				
		cum	25.00		
72	Cement concrete 1:2:4 (1 cement : 2 coarse sand : 4 graded stone aggregate 40 mm nominal size) in				
	pavements, laid to required slope and camber in panels				
	as required including consolidation finishing and tamping				
	complete.	cum	71.00		
73	Providing, Laying , Jointing and testing of PVC pipe and	cum	71.00	1	
13	Special SN-8 for under ground drainage system as per IS-				
	15328 complete in all respects.				
	A) 160 mm dia PVC SN-8	Metre	30.00		
	,	MCUC	30.00		1

74	Providing Engineering Consultancy Services for Civil works including structural design of MS & RCC work, structural glazing, roofing, etc., design for plumbing, sanitary, sewerage, drainage work, Horticulture and other services including submission of detailed drawings, working / shop drawings, detailed soil investigation with all relevant calculation sheet etc. Structural design shall be got approved / vetted from a Government Engineering College / NIT / IIT before execution of work. Shop / working drawings may be got approved from Engineer-in-charge before execution of work. All design shall be done as per tender specifications, as per provisions of NBC & other relevant codes i/c IS Codes etc. Any other details / design related to consultancy work which are essential for successful execution of works etc. shall also be provided complete as per direction and satisfaction of Engineer-in-Charge. Cost of approval / vetting from Govt. Engineering College / NIT / IIT shall be paid by AAI and shall be reco
