Tender Details

Reflections is seeking tenders from suitably qualified and licensed Electrical Contractors who can provide and deliver a program of electrical testing that meets the compliance requirements of AS3760 In-Service Safety Inspection and Testing of Electrical Equipment. This includes:

- Complete all electrical testing requirements in compliance with AS3760 across the specified sites, excepting 2 yearly testing of Class I and Class II equipment within cabins
- Manage an approved program of electrical testing across the specified sites.
- Supply all testing records in a transferable/exportable record.
- Reports to be issued for each site on works carried out.

Installation of approved RCBOs/RCDs and Plugs.

Location

NSW Regions: Far North Coast, New England

RFT Type

Pre-Qualified / Invited - Only those directly invited to tender, may obtain an RFT for the purpose of lodging a

tender response. Generally an invitation from a pre-qualified register of approved tenderers who have the ability to undertake the particular work or type of work proposed, a limited number of service providers are known to carry out the work or service (or in emergency or other restricted situations). Tenderers have usually been pre-qualified, accredited, or selected for the type of work and financial range. Competitive bids called from a standing offer (panel / period) contracts would also use this type.
