Tender Details

This Request for Quote (RFQ) is for the installation of approximately 420 road speed and advisory signs, at predetermined locations along thirteen (13) FCNSW sealed roads in the Batlow and Wee Jasper regions of NSW. Signs must be installed in accordance with Transport for NSW (TfNSW) R143 Signposting specification and NSW Installation and Maintenance of Road Signs manual.

For the avoidance of doubt, sign panels, posts, post caps and hex bolt brackets will be supplied by FCNSW and comply with TfNSW R143 Signposting Specification. The RFQ therefore only pertains to the erection and installation of new signs and where applicable, removal of existing signs as identified in the RFQ.

If a quote meets the criteria and provides a value solution to FCNSW, award is targeted for 31st May 2022 or earlier, with commencement subject to acceptable timelines proposed by the successful respondent with early provision of services favoured.

Location

NSW Regions: Riverina/Murray, Southern Highlands

RFT Type

Request for Proposals - An invitation for expressions of interest / seeking preliminary proposals. In many cases these may be used as a basis for shortlisting tenderers, along with other criteria such as expertise and experience. Prospective tenderers are initially evaluated for their proposal against the relevant selection criteria. A number of those who best meet the criteria are invited to tender. For complex or some other types of procurement, where the product or service outcomes are highly dependent on the content of the proposals received from Tenderers, the outcome may be negotiated.

Address for Lodgement

To obtain the RFQ document and lodge submissions, visit the NSW Government eTender website www.tenders.nsw.gov.au and log in or register as a New User.
