Tender Details

Spatial Services is seeking a request for proposal from suitably qualified parties to provide an aircraft, maintenance operations and piloting for an aerial survey aircraft for DCS Spatial Services' Environmental Spatial Programs team.

Spatial Services undertake aerial survey operations to capture imagery and LiDAR data across New South Wales. Spatial Services undertake operations to capture data on a program basis for the benefit of the NSW Government and its citizens as well as in response to natural disasters to provide time-critical data to emergency services.

DCS Spatial Services is undertaking this procurement to ensure that its imagery and LiDAR remote sensing equipment can be operated within an aircraft to continue capturing data to support Spatial Services and wider NSW Government initiatives. Spatial Services aims to choose a provider that can offer an aircraft that is suitable for the task, is reliable to minimise downtime and have experienced pilots and other key personnel to ensure a high level of service is provided to Spatial Services.

Location

NSW Regions: Far North Coast, Mid North Coast, New England, Central Coast, Hunter, Cumberland/Prospect, Nepean, Northern Sydney, Inner West, South East Sydney, South West Sydney, Central West, Orana/Far West, Riverina/Murray, Illawarra, Southern Highlands
