## Tender Details

The programs primarily focus on riverbank stability, maintenance of channel capacity, and preventing instream flows breaking out of the river channel. The Works delivered under this program include revegetation; stock control fencing and installation of off-stream stock watering points; the design and construction of rock and log revetment structures; maintenance of existing works; weed control; in-stream and wetland habitat improvement activities; and, environmental and works monitoring.

## Location

Refer to Additional Details / Instructions

## RFT Type

Expression of Interest For Pre-Qualification - An invitation for Expression of Interest (EOI) for pre-registration of prospective tenderers for a type of work or service. Applicants are initially evaluated against published selection criteria. RFT may then be invited from a panel of providers (as Selective, or Invited).
