Tender Details

Staff in Northern NSW experienced significant impact and trauma due to the February and March flood events. Many lost their homes or their places of work, and have been supporting their family, friends and colleagues throughout this difficult time. Following the floods the department has been delivering onsite counselling and wellbeing sessions for those staff impacted by the floods to support ongoing recovery.

The department is looking for a provider to deliver an intensive support model. The provider will be required to work within the framework of the existing pilot model to ensure consistency in the service offering, whilst offering the stability of a long-term engagement. The department is seeking a provider that will offer ongoing recovery support for staff from 10 October 2022 (Day 1 Term 4 2022) until the conclusion of the initiative in December 2023.
