Overview

The University is inviting tenders to provide prescribed ongoing services (under a University-created Maintenance Services Agreement) covering:

- ** Planned maintenance (monthly, six-monthly, annually) for Chillers and Chiller Optimisation Units across the University of Auckland central campuses (City, Grafton, Newmarket, Epsom);
- ** Reactive maintenance (as required) for Chillers and Chiller Optimisation Units;

Relevant experience and suitable resource capacity to undertake the required services are a prime criterion.

The successful service provider shall be pro-active in managing, undertaking and monitoring the fulfilment of contracted Services and have the capacity, depth of experience, and a proven track-record for providing the required services to organisations of a similar size with similar Equipment.

Respondents are invited to attend a site inspection before they submit their tenders.
