Overview

Tenders are to be submitted via Tenderlink

This contract comprises of one section of pavement rehabilitation on Waikite Valley Road between RP 15200 and RP 16100, within the Rotorua District.

Waikite Valley Road is a local road situated to the south of Rotorua. It is classified as a primary collector road, with AADT of approximately 263 vehicles per day.

The scope of this contract is for the supply of all plant, labour, materials, quality assurance, as-built drawings and incidentals necessary for:

- Environmental Management
- Traffic Management
- Earthworks, including disposal
- Drainage Works
- Pavement Construction
- Traffic Signs and Road Markings

The Contractor must make provision for the following:

- Provision and maintenance of traffic control and safety for vehicles and cyclists. In particular vehicles entering the existing farm/paddock entrances.
- The set out of the works and the location of all underground services and LINZ survey marks
- Liaise with service authorities to locate gas, sewer, storm water, water, power and telecommunication cables
- Liaise with property owners as required
- Liaise with other Authorities/such as NZTA, Iwi, Waikato Regional Council
- Protect existing services
- Quality Assurance for all aspects of the contract works
- As-Built documents (RAMM Inventory Sheets) of the works

The Contractor will also be responsible for maintenance of any defects for twelve months after the Practical Completion Certificate has been issued.

Tenderers are advised that the Principal reserves the right to vary the scale of the works to fit within the constraints of the available funding for this project. There shall be no claim for a variation, as a result of any change to the scale of the works.
