## Overview

The Government Policy Statement on Land Transport 2021/22-2030/31 (GPS) introduces a new coastal shipping activity class. The objectives of the coastal shipping activity class are to:

- improve the competitiveness of domestic coastal shipping (including increasing coastal shipping's freight mode share and the size of the domestic sector),
- reduce freight sector greenhouse gas emissions
- enhance resilience.

The activity class recognises that the coastal shipping sector is inter-regional/national in nature and the desired outcomes from the activity class are to contribute to resolving inter-regional/national issues, rather than regional/local issues. Through the NLTP, the Waka Kotahi Board have allocated \$30 million for coastal shipping activity that can support the objectives of the activity class.

We invite applicants to apply for Coastal Shipping funding as part of National Land Transport Programme 2021 -2024 (NLTP 21-24).

### Market/Supplier Briefing

Waka Kotahi will be holding a market/supplier briefing (on MS Teams) on Thursday 3rd March between 1.00-3.00pm. Potential applicants wishing to attend the market/supplier briefing are required to register their interest by 4.00pm Wednesday 2nd March 2022.

Please email [freight@nzta.govt.nz](mailto:freight@nzta.govt.nz) to register and provide an email address to receive an invitation.
