Overview

The purpose of this RFT is to invite Tenderers to submit their Tenders for the installation of new pool water heating system for the Te Hōpua Halswell Centre pools.

The work includes the supply, installation, commissioning and maintenance of all systems as specified in these documents to a state of completion in full working order for handing over to the Principal and complying with the New Zealand Building Code. This may require the Contractor to complete the detailed design of some aspects of the systems such as plant supports and fixings, and electrical and controls works etc.
