Alternate Physical Delivery Address :	
Alternate Physical Fax Number :	

Overview

The University of Auckland's Faculty of Sciences, School of Biological Sciences (SBS) wishes to purchase 2 high-quality, Class B autoclaves that meet our needs and improve our operations with minimal expectation of mechanical failure. Autoclave capacity and space requirements, overall cost of installation and maintenance, will be under consideration.

We expect to purchase both machines from a single supplier and they must be able to deliver the requirements of a Ministry for Primary Industries (MPI) Containment Facility and the NZ Biosecurity Act 1993. Specifically, the autoclaves must be able to meet standards AS/NZS 2243.3:2010, draft standard AS/NZS 2243.3:2019 and a number of MPI Facility Standards.
