## Overview

This procurement is for the supply of mattresses and linen products for use in the Buyer (Department) operated prisons throughout New Zealand.

The Department currently has a capacity of max. 10,000 beds and houses around 8300+ people in our care in 18 prisons (17 public prison sites + 1 private prison site). The number of people in our care varies greatly. The Department operates approximately 300 'Intervention Support Unit' (ISU) beds nationally for prisoners requiring close supervision as well as 30 'High Dependency Unit' (HDU) beds at Rimutaka prison and further 600 beds at the HDU unit at Waikeria prison, which is due to be completed in mid-2022 and commissioned for use in early 2023. Given the nature of the environment in which the Department operates, we are looking for suppliers who are able to provide durable, fit for purpose mattresses and linen. The Successful Respondent has to be able to respond to and supply bespoke requirements from time to time. This procurement is a sole agency procurement for the Department of Corrections.
