Overview

Hutt Valley and Capital & Coast District Health Boards (the DHBs) have a number of contracts that are being reviewed in the facilities management area. There are a few larger contracts and a number of smaller panel type arrangements. This ROI covers Block 1 – Grounds. The other contract to review is called Block 1 – Smaller Service Areas and is being reviewed in a separate procurement process at the same time.

Grounds has two subcategories which will be offered separately:

? grounds and gardens

? window and building cleaning for the Hutt Valley DHB

The process will be a two staged open market process:

? Registration of Interest (ROI)

? Request for Proposal (RFP)

This ROI is the first formal step in the process and is intended to be of minimal effort for respondents and allow the DHBs to create a short list of suppliers to invite to enter a simple RFP process.
