Alternate Physical Fax Number :

Overview

Hutt Valley and Capital & Coast District Health Boards (the DHBs) have a number of contracts that are being reviewed in the facilities management area. There are a few larger contracts and a number of smaller panel type arrangements. This ROI covers the group of contracts for Block 1 – Smaller Service Areas. The other contract to review is called Block 1 – Grounds and is being reviewed in a separate procurement process at the same time.

These areas are covered by Block 1 – Smaller Service Areas:

? refrigeration

? doors

? nurse call

? compressors (airquip) ? chillers

? boiler maintenance - hot water & steam

? Building Maintenance Services (BMS)

The process will be a two staged open market process:

? Registration of Interest (ROI)

? Request for Proposal (RFP)

This ROI is the first formal step in the process and is intended to be of minimal effort for respondents and allow the DHBs to create a short list of suppliers to invite to enter a simple RFP process.
