Overview

The University of Waikato wishes to procure the signage manufacturing and installation services of a suitably qualified supplier for exterior wayfinding signage at the Hamilton campus. Current external signs are old, outdated and in need of replacement or maintenance.

This project will be delivering the first rollout of a new design of university signage as outlined in the UoW Signage Guidelines (ref pricing schedule for sign types for this tender). The signs in this RFT have been selected as they will create the most impact on campus, being in the vicinity of the main campus High Street and our new building, The P?.
