### Overview

PASAI is seeking to hire a suitably qualified professional to apply for a short-term consultant role to develop a performance monitoring system (PMS) to help the SAI monitors and reports on its performance against its strategic plan.

The selected consultant should have significant experience in organisation performance monitoring and evaluation while also having a good understanding of the work of SAIs and their respective mandates and performance monitoring in a public sector context. The consultant will have extensive experience in developing and implementing a functional performance monitoring system, including the ability to manage the implementation of policies and procedures for routine monitoring, including reporting and data use for project management and improvement. Detailed information on the scope of work and expected outputs and deliverables are provided in the TOR.

Applications must be submitted according to a specific format. For more information, please access the following <https://www.pasai.org/procurement-sai-performance-monitoring-systems>

In case of any queries please feel free to get in touch by emailing us at [secretariat@pasai.org](mailto:secretariat@pasai.org)
