### Overview

This Registration of Interest relates to the purchase of adult pre-sentence Restorative Justice (RJ) services for the Far North region (Kaitaia District Court).

The Ministry of Justice (the Ministry) is looking for a provider who has the capability, capacity and expertise to deliver RJ services on behalf of the Ministry.

RJ is a community-based response to crime that aims to hold offenders to account for their offending and, as far as possible, repair the harm they've caused to the victim and the community. RJ processes typically involve a facilitated face-to-face meeting (conference) between the victim and offender following a referral by the court, where the court has adjourned proceedings, after an offender has pleaded guilty and before the offender has been sentenced.

You can find the ROI and the ROI Response Form in the Attachments section. Please use the Q+A function if you have any questions.
