Overview

This RFP relates to the selection of supplier(s) who have the capability to manufacture mobile mammography clinics, mobile dental clinics and associated dental equipment. This RFP will also identify a future ongoing transportation, compliance, and service and maintenance strategy.

NZHP is looking for a supplier(s) who will provide us and the DHBs with a leading-edge solution. We are seeking a company that can provide best-in-class service in conjunction with competitive pricing and improved functionality, including alignment to all relevant ANZ standards. Additionally, NZHP expects that the supplier(s) has the capability to grow the relationship, and scale activities to meet the dynamic nature of our business.

NZHP is seeking suppliers that can demonstrate they meet all NZ legislative requirements (regulatory compliance, quality standards) to manufacture mobile mammography and dental clinics and associated dental equipment.

Please refer to the RFP and supporting documentation for more information.
