Overview

This Request for Proposal (RFP) is an invitation to suitably qualified Respondents to submit a Proposal for the School Based Health Services Year 9 Health Check Model of Care opportunity.

This RFP relates to the purchase of services to develop and implement a model of care for the Year 9 Health Check within School Based Health Services (SBHS).

The aim of the service is to develop and implement a model of care based on positive models of youth health and development, which works from a holistic perspective, is based in Te ōkaipō and embedded in the context of a young person's life and relationships.

The budget available for this project is \$292,000 (exclusive of GST). As the funding is capped the requirement is for the total cost, inclusive of all costs (e.g., labour, disbursements/expenses, AoG Fees, etc.) to be within this funding envelope.

This RFP is an open competitive tender process. It is a single step procurement process.
