## Overview

Only Tenderers pre-qualified to levels 2B and 4B under the terms of the Highways and Network Operations (HNO) Prequalification System will be eligible to submit a tender.

This is a Physical Works Contract for the installation of traffic signals at the intersection of SH73 and Weedons Ross Road. The work also includes associated highway and local road reconstruction, a new link road between Weedons Ross Road and West Melton Road and a new roundabout on Weedons Ross Road. The site is located within the village of West Melton and the works include, but are not limited to, site clearance earthworks, stock water race piping, stormwater/drainage works (including stormwater basins), pavement construction and surfacing, utilities, traffic signals, street lighting, signage and marking, landscaping and fencing.
