Overview

Central Hawke's Bay Council, Hawke's Bay Regional Council, Hastings District Council, Napier City Council and Wairoa District Council (the Councils) are working together under the Hawke's Bay Triennial Agreement of which the key principles of recognising collaboration and co-operation between the Councils can bring efficiencies in planning, administration and decision-making including procurement.

The Councils are wanting to select a single common external provider of Internal Audit Services across the group of Councils, however, the Councils' reserve the right to engage other internal audit providers where there is a benefit to the Council in doing so.

The Councils are seeking an Internal Audit Service Provider that:

- has the capacity and capability to develop and deliver a risk based internal audit programme;
- works with the Council(s) and is committed to continuous improvement by adding value through the internal audit process;
- understands local government and delivers value by:
 - > utilising their global network and capabilities
 - > participating in wider risk and assurance conversations
 - > providing insights on market trends and emerging risks
 - > Providing independent and trusted advice.
