Overview

The Dunedin City Council (DCC) currently has multiple suppliers providing hygiene and textile services to operational and public buildings/sites. This procurement seeks to consolidate these services into a single contract and offer a suitable supplier a long-term relationship of almost 5 years subject to performance.

This tender includes the provision of hygiene services such as air fresheners, urinal sanitisers and sanitary bins along with textile services such as tea/hand towels, continuous towel cabinets and entrance mats. In addition, the contract includes the option of serviced first aid kits, the supply and servicing of hand dryers and the laundry of customer owned goods.

We seek to partner with a supplier who strives to ensure the servicing is completed on time and according to schedule. We want to work with a supplier who is proactively reviewing service levels and providing comprehensive quarterly reporting.
