## Overview

### 1.2 Description of Contract

Council staff are seeking to work collaboratively with experienced contractors to develop and implement programmes for pavement repairs and re-instatements, concrete and asphalt footpath works, kerb and channel construction, and stormwater structures construction throughout the Gore District. All pre-reseal repairs required in advance of the implementation of the Council's annual reseal programme are included in this contract. Tenders are invited from suitably qualified contractors to complete the following roading physical works:

- Sealed pavement repairs and renewal
  - o (including; stabilised patching, dig-outs, rip and remake, service adjustments, and first coat sealing)
- Pavement basecourse/sub-base re-construction
- Sealed pavement re-instatement
  - o (including; asphaltic concrete (AC) levelling/smoothing, and edge break repairs)
- Trench re-instatement
  - o Generally for the Council 3 Waters team (including top-up and preparation of basecourse; first coat sealing, or AC surfacing/levelling to carriageways/footpaths)
- Concrete pavement construction
  - o (including; vehicle crossings - dropped or slot types, pram crossings)
- Concrete kerb and channel re-instatement, renewal, and construction
  - o (including; various types of kerbing, stormwater kerb outlets, mudtank aprons, service adjustments)
- Construction of roading drainage structures
  - o (including; mudtanks, kerb inlets, lateral pipework, road culverts)
- ?
- Footpath basecourse/sub-base re-construction
- Footpath Resurfacing (gravel, chipseal, and AC)
- Concrete footpath re-construction
