Overview

1.2 Description of Contract

Council staff are seeking to work collaboratively with experienced contractors to develop and implement programmes for routine mechanical cleaning of urban District roads and delegated cleaning on urban sections of State Highways in the Gore District. The work includes mechanical sweeping of carriageway and kerb and channel, and cleaning of mudtanks, culverts, and drainage structures throughout the Gore District using suction and/or pressure cleaning methods. Tenders are invited from suitably qualified contractors to complete the following roading physical works:

- Mechanical drainage and channel cleaning
- o including; mudtank cleaning, urban network street cleaning, and culvert clearance
