### Overview

Massey University is embarking on a transformation to modernise procurement, contracting and supplier management processes and systems, and establish more integrated solutions that can drive efficient, best practice based, source-to-contract processes.

The purpose of this Request for Information (RFI) is to gain a more detailed understanding of the supplier market and the range of solutions that may be available.

This RFI is for information purposes only. It will not be evaluated, will not be used to create a shortlist, and will not result in a contract award. However, it is an excellent opportunity to provide early input into a solution that could affect you.
