Overview

This Opportunity in a Nutshell

What we need:

We are after a local provider with a passion and dedication to providing opportunities for tamariki in Nelson and Tasman schools, to delivery cycle education and other cycling opportunities.

What we don't want:

Applicants that will be based outside of Nelson/Tasman. Applicants that do not have previous experience delivering sport and/or physical activity to tamariki. Applicants that want to deliver to any groups other than tamariki at Primary and Intermediate Schools.

What's important to us:

Providing cycling opportunities to tamariki as a part of a wider picture of Active Transport and Road Safety. As well as empowering young people to cycle and giving them the skills to cycle for transport. We value the development of people, and the successful applicant will also value the development of their people. This should be through paying a living-wage, providing professional development and opportunities to progress through leadership and qualifications.

Why should you bid?

If you have quality people that are interested in delivering physical activity and road safety opportunities to tamariki in Nelson and Tasman. An interest and knowledge in cycling and the BikeReady curriculum is a benefit.

A bit about us:

Nelson City Council are a unitary authority responsible for road safety and delivery of cycle education for schools, adults and Ebikes. Our road safety programme is part-funded by Waka Kotahi. Everything we do is to create a great place to live, work and play in.
