Overview

This contract is for the construction of existing carriageway seal widening works over the selected Rural Road within the Waitaki District. Construction includes earthworks, drainage works, supply and place bulk fill rock if required, granular pavements, first coat sealing, pavement marking and signage and completion of RAMM information for the Council's roading database. The selected site for 2022-23 financial year is Weston-Ngapara Road RP18390 – RP20920.

What we need

Council is looking for a contractor with the experience, skills and resources to complete this construction. Construction in Rural Residential areas can be problematic, and the contractor will need very good stakeholder management and will need to explore options so that the construction can be completed efficiently and with the least amount of disruption to our customers.

Council will also require the contractor to work in a partnering manner ensuring that the best outcome is being achieved.
