Overview

The Principal proposes to enter into a Measure and Value Contract for the Construction of the Contract Works. The conditions of Contract for the Contract Works are NZS3910:2013 - Conditions of Contract for Building and Civil Engineering Construction ("General Conditions"), together with the Special Conditions of Contract comprising the Specific Conditions of Contract and the amendments to the General Conditions ("Special Conditions of Contract") and all other schedules comprising the Contract ("Contract"). Unless otherwise specified in these Tender Documents, expressions used in these Tender Documents which do not have their meaning defined in these Tender Documents have the meaning given to them in the General Conditions.

2.3 Description of Contract

For the purpose of evaluating Alternative Tenders this Section shall be read as the scope. This Contract is for the upgrade of a 150mm diameter to a 225mm diameter uPVC SN16 wastewater gravity main that is located through the Fairlie Golf Course, a length of approximately 466m.

? The work may be undertaken either using open trench or trenchless method, such as pipe bursting

- ? If open trench, the works shall be partially off line to avoid an existing green and trees where practicable
- ? Existing Grade and manhole levels to be retained
- ? No changes to existing manholes, except to accommodate a larger diameter (ie corbel and benching)
