Overview

The University of Canterbury require an experienced Heat Pump Supplier capable of meeting our delivery requirements for the specified equipment, with proven capability, depth of experience and a track record of performance in projects of a similar scale and type. The work summarised by the following:

- Supply and commissioning of Heat Pumps (installation by Main Contractor)
- Attendance on Mechanical Sub-contractor, through the Main Contractor, for installation monitoring, commissioning & certification
- Warranties for the installed heat pumps
- Operation manuals and UC staff training
- UC seek Suppliers with established supply chain relationships and flexibility to mitigate supply chain risks
- Scheduled preventative servicing and maintenance of the heat pump units during the warranty period
