- Wastewater/Stormwater/Water Networks (Complex A (old system) or Level B (new system))

## REQUEST FOR TENDER

### CON2022040 – FLAXMERE GUM TREE DEVELOPMENT

Council is fast tracking the supply of new houses on Council owned land in Flaxmere in response to a significant demand for housing in the Hastings District.

This housing development will provide new homes to a high demand market that is struggling to cater for current demands.

New infrastructure is required to be built in order to service these new development areas. Physical works include but are not solely:

- Earthworks to create new roads/footpath layout and residential sections,
- Construction of new roads and footpaths, -
- Network extensions for drinking water, wastewater and stormwater
- Design, supply, construct and installation of a new Wastewater Pumping Station to service this new development,
- Installation of service ducts for power/telecommunications etc,
- Installation of new streetlights.
- Final landscaping and street furniture (seats, rubbish bins etc) are not part of this contract - these items will be sourced separate from this contract

Tender documents are available from the Government Electronic Tenders Service (GETS) [www.gets.govt.nz](http://www.gets.govt.nz). Any enquiries about this contract must be made via [www.gets.govt.nz](http://www.gets.govt.nz). No individual email correspondence will be responded to.
