## Overview

This Request for Proposal seeks submissions from Construction Main Contractors to complete Front of House (FOH) and back office fit-out works to Inland Revenue's (IR) Greymouth office, located at Blanchfield House, 23 Guinness Street, Greymouth.

The Greymouth Fit-out project will be to carry out reconstruction on our tenancy following seismic strengthening of the building by our landlord. The work will include an upgrade of the FOH to improve security, customer experience and operational effectiveness, and improvements to the quality of back-office accommodation. The work will bring the Greymouth site in line with IR's updated workplace requirements.

Our FOH is approximately 80m<sup>2</sup> in area, with the remainder of the 600m<sup>2</sup> building generally as a mix of open plan office space, meeting rooms, storage and open social/circulation space.

IR is looking for a credible supplier who has the capability and experience to deliver the construction works to a high quality, for best value for money and within the time-frames set out in the RFP documentation.

Why should you bid?

This is an opportunity to be part of IR's programme of work to optimise the use of office space and achieve best public value for the New Zealand taxpayer while providing and maintaining safe standards of accommodation for IR's People.

What next?

If you are interested in responding to this opportunity, please subscribe to this notice and respond to the RFP by the closing date.
