### Overview

The Accident Compensation Corporation (ACC) is releasing this Request for Proposal (RFP) for the provision, support and maintenance of smart meeting room technologies nationwide (New Zealand).

Like many other organisations the way we work and interact is changing. It is important to us to ensure that we stay connected to our staff, customers and key stakeholders. By enabling smart technology in our meeting rooms and boardrooms we can provide the capability to improve collaboration and enhance the user experience. To do this we are looking for a partner who can work with us to provision, support and maintain smart meeting room technologies.
