Erection of Fishing Cat Enclosure

The Isle of Man Government invites expressions of interest from competent and experienced contractors to provide fencing and concrete works for the erection of a new fishing Cat enclosure at the Curragh's Wildlife Park for the Department of Environment, Food & Agriculture.

The work required will be split into two lots. Contractors can apply for one or both.

Lot one: Digging out the shrubbery and erecting a new 12ft high perimeter fence (roughly 150ft) viewing bay, stand-off fence and keeper porch and associated works. The fencing is to reflect those used across the park with wooden posts and wire mesh and match up with the existing neighbouring enclosure.

Lot two: Build a concrete indoor house with a foot print of approximately 10 ft x 8ft and 8ft high, with connecting tunnel to outdoor enclosure.

Contractors will be required to remove all waste from the site and disposed of responsibly.

The work is to be completed by October 2022.
