

ATU Galway City - iHub Conversion Works 2022

Detailed description:

ATU Galway City - iHub wishes to award a contract under the open procedure for works involving adapting two office type spaces into part office/part lab type spaces by providing a wet lab space and ancillary services within the rooms. The work is concentrated in one area on the ground floor. The two rooms are back-to-back. It also includes bringing compressed air/gas lines into two additional existing office/lab spaces adjacent and the changing of flooring from carpet to Marmoleum in another unit. This will be a turnkey project which will be ready to move into upon completion. The main elements involved are as follows: • Electrical alterations & Installations. • Mechanical alterations & Installations. • Tiling • Decoration. • Floor finishes. • Installation of new furniture (benching, cupboards, kitchen-type units). • Supply of undercounter fridges. Please refer to the ITT for further information. ATU Galway City iHub wishes to acknowledge funding for this project is provided by Enterprise Ireland “Powering the Regions – Enterprise Centres Fund”
