

## Accredited CPR Training for Medical Students

Detailed description:

The School of Medicine at NUI Galway is one of three Schools at the College of Medicine, Nursing and Health Sciences. The purpose of this competition is to establish a Multi Party Framework Agreement for the provision of Accredited CPR Training for Medical Students. NUI Galway co-ordinate the delivery of accredited training to its medical students in each academic year. The initial contract as a result of this competition will be for the delivery of the American Heart Association (AHA)/Irish Heart Foundation (IHF) Accredited courses: Basic Life Support (BLS) and Heartsaver AED. However, this Framework may also be used to source further accredited medical training as the need arises over the framework term. Please see tender documentation for full details of requirements.
