

The Provision of Research and Consultancy Services to undertake research and a forecast on the likely skills gaps in the Biopharmachem sector in Ireland 2022-2027 and to recommend solutions

Detailed description:

The Department of Enterprise, Trade and Employment (DETE) on behalf of the Expert group on Future Skills (EGFSN) is commissioning a concise piece of research and analysis for the development a skills report for the biopharmachem sector in Ireland 2022-2027. The objective of the study will forecast the skills needs over a five-year period for the biopharmachem sector in Ireland, ensuring that the sector embraces, inter alia, digital technologies, emerging, disruptive and sustainable technologies, and workplaces of the future, enabling them to realise their full growth potential. The study should identify likely skills gaps and recommend specific and measurable solutions to these gaps. It is expected that the project will commence in Q2 2022 and conclude in Q4 2022.
