

## **Digital Accessibility Compliance**

Detailed description:

ESB seeks to engage with a third-party provider who has expertise in the area of Digital Accessibility Compliance. The successful candidate will be required to work with ESB business on a number of new and developing digital products to ensure they are accessibility compliant. Under the 2020 EU Regulations, public sector bodies in Ireland are required to make their websites and mobile applications accessible by ensuring they meet the 4 principles of accessibility: Perceivable, Operable, Understandable and Robust (POUR principles). This is achieved in practice by designing, developing, testing and auditing websites and applications for conformance to the WCAG standard (level 2.1 and above).
