

The provision of an online booking system and associated technologies for community centres for South Dublin Co Co with the option to expand to other facilities

Detailed description:

South Dublin Co Co. (SDCC) has a network of 34 community centres that provide a broad range of public activities. SDCC is looking for an online booking facility that would allow the public to search for and book recreation activities online. It would also allow sports and recreation providers (clubs/tutors) to see where facility hours are free and to book them.
