

Riparian Planting and Bush Trimming

Detailed description:

Riparian Planting and Bush Trimming along 2.6km stretch of the Dresnagh River from the river's confluence with the Finn upstream consisting of 5,114m of fencing of various specs including sheep wire, electric fencing and horizontal barb. 19 stiles and 35 unigates will be installed at specific locations along the fence as will 28 solar powered pumps (of two different specs) and 73 eighty gallon twin reservoir troughs. An area instream containing high silt deposits approximately 209 metres squared at the confluence to the main Finn must be cleaned out to allow better access upstream also.

Type of contract:

Works

Response deadline (Irish time):

06/06/2022 17:00:00
