

## **To carry out a feasibility study on the proposed expansion of the National Equine Innovation Centre**

Detailed description:

The feasibility study will allow us to understand exactly the potential for expansion within the equine sector in Ireland and provide us with a detailed value for money analysis for expansion, business revenue models and the investigation of economic benefits to the county and the region. The study is also listed as an action under the Mid East Regional Enterprise Plan to 2024 and will support the overall REP objective to support the development and expansion of equine businesses across the Mid-East.
