

## **Website support for the Central Bank of Ireland website (www.centralbank.ie)**

### Detailed description:

The Central Bank's website is a public facing website delivered on the Progress SiteFinity Content Management System (SiteFinity DXP) and hosted on the Progress SiteFinity Cloud PaaS hosting service on Azure, using a tenancy owned and operated by Progress. The entire Solution will be managed by the successful Tenderer. The Solution includes, but is not limited to, the Central Bank of Ireland's website; hosted environments; and associated managed service. The successful Tenderer will provide a single-point-of-contact service wrapper for all aspects of the solution including providing support, maintenance and ongoing development of the centralbank.ie website. The provision and day to day management of network, storage, and security is handled through the Progress SiteFinity Cloud. See attached documentation for more information.
