

Complete Energy Audits on ten community facilities

Detailed description:

MID wishes to appoint an independent consultant, not linked to any installer to work with up to ten community facilities within County Monaghan to develop bespoke energy audits for their property. The result of these audits will be that the groups will have an easy to understand individual assessment and action plan pertaining to their facility. It is imperative that these energy audits are presented in a format, easily interpreted by both technical and non-technical members of the community. These audits are to be completed to a standard so that each group will have the information required to allow them to make informed decisions about what the priorities for their facility are in terms of energy usage, energy efficiency and alternative sources of energy.
