

Muscular Dystrophy Ireland - Registry

Detailed description:

Muscular Dystrophy Ireland CLG would like to invite suitably qualified suppliers to tender for the design and development of an online registry for individuals affected by neuromuscular conditions in Ireland. The registry will be an organised system that uses observational study methods to collect uniform data (clinical and other) to evaluate specified outcomes for a population affected by a neuromuscular condition. The registry will consist of an organised online system for the collection, storage, retrieval, analysis, and dissemination of information on individual persons who are affected by a neuromuscular condition.
